

SCIENTIFIC COUNCIL COMMENTS
(arising from ScC-SC2)

**PROPOSAL FOR A CONCERTED ACTION FOR
THE ANGELSHARK (*Squatina squatina*)
PROPOSED FOR LISTING ON APPENDIX I AND II OF THE CONVENTION
UNEP/CMS/COP12/DOC.26.2.5**

GENERAL COMMENTS ON THE DOCUMENT

- The proposal was strongly welcomed, the proposed actions are considered to be very important for the species, and the proposal is very clearly explained. As such it might provide a model for future Concerted Action Proposals. In particular the detailed table on page 5 serves as a good example to present the proposed activities.

RECOMMENDATIONS TO COP12

- The proposal is recommended for adoption
