10. Prohibition to employ hawks and dogs.--- No person shall use hawk for hawking or dog for coursing, pointing and retrieving the Game Animals, except under a permit issued under this Act.

CHAPTER –IV

POSSESSION AND DISPLAY OF WILDLIFE

11. Wild animals to be the property of Government.--- All wild animals, free ranging or captive, tamed or untamed, found within the territorial jurisdiction of the Province shall be deemed to be the property of Government.

12. Animals found dead or hunted unlawfully.--- Any wild animal which is found dead or dying or which has been killed, caught or acquired otherwise than in accordance with the provisions of this Act and any meat of animal, or article, product or trophy thereof, shall be the property of Government. The person in possession of such property shall be bound to hand over the possession of such property to the officer authorized under this Act.

13. Certificate or Licence of possession.--- (1) No person shall be in possession of any wild animal or exotic, dead or alive, trophy or meat specified in Second Schedule unless he is in possession of a valid Certificate or Licence.

(2) A person interested for a Certificate or Licence under sub-section (1) above, shall submit an application to an officer not below the rank of Divisional Forest Officer Wildlife, who shall dispose of the case within 60 days of receipt of the application.

(3) Every person in possession of any wild animal shall produce a Certificate or Licence of possession on demand to the officer authorized by Government in this behalf.

(4) The Divisional Forest Officer Wildlife shall mark and register the wild animal, trophy or meat in respect of which a Certificate or Licence of possession is issued, in the manner as may be prescribed.

14. Certificate or Permit of animal display.--- No person shall display any wild animal of an indigenous or exotic species, dead or alive and trophy of a kind specified in sub-section (1) of section 13 unless he is in possession of a valid “No Objection Certificate” for display in such place, time and purpose as specified in the same, granted by an officer not below the rank of Divisional Forest Officer Wildlife.

15. Animals protected under laws of other Provinces.--- Government may regulate possession of wild animals, their trophies, products and derivatives of species protected under the wildlife laws of other provinces of Pakistan, and other countries.

16. Cruelty to animals.--- The officers appointed under section 4 shall also be empowered to exercise the powers of officers under The Prevention of Cruelty to Animals Act, 1890 (Act No. XI of 1890), in so far as it relates to the wild animals.

17. Transfer of animals.--- No person shall transfer by gift, sale or otherwise, to any other person, any wild animal, trophy or meat of a kind specified in sub-

section(1) of section 13 unless he is in possession of a valid Certificate, in a manner as may be prescribed.

CHAPTER –V

TRADE AND TRAFFIC OF WILDLIFE

18. Entrance and exit of animals.--- (1) No person shall transport into the Province any animal of an indigenous or exotic species, or any trophy, meat or derivative of a kind specified in sub-section(1) of section 13, except under a permit granted by Government in a manner as prescribed by rules.

(2) No person shall transport outside the Province any animal of an indigenous or exotic species, or any trophy, meat or derivative of a kind specified in sub-section (1) of section 13, except under a permit granted by Government.

(3) Nothing in this section shall apply to any animal, trophy, meat or derivative in transit through the Province if such animal, trophy, meat or derivative, is-

- (a) accompanied by necessary transit customs documents;
- (b) entered through a custom's post of entry and is scheduled to a custom's post of exit; and
- (c) not unloaded from the conveyance on which it is being carried on, in the case of rail or air transport, or it does not leave the precincts of the railway station or airport at which it is landed or trans-shipped or does not remain there for more than forty-eight hours:

Provided that "No Objection Certificate" or Certificate of import or export from CITES Management Authority shall be required for such import or export, as the case may be.

19. Dealing in animals and their produce.--- (1) No person shall, as a profession, trade or business, buy, sell or otherwise deal in animals, trophies, meat or derivatives thereof or process or manufacture goods or articles from such produce, unless he be in possession of a valid Licence, hereinafter called a dealer's Licence, to do so, issued by an officer not below the rank of Divisional Forest Officer Wildlife.

(2) The officer authorized under sub-section (1) may, on realization of such fees as may be prescribed, grant a dealer's Licence for the purpose of sub-section (1), whereupon the person concerned may carry on his business in accordance with specification made in the Licence.

(3) For the purpose of assessment of fees, dealers may be divided into different categories.

(4) The holder of the dealer's Licence shall maintain such register or record of his dealings in such manner as may be prescribed, and shall produce for inspection at any reasonable time when called upon to do so.

20. Trade under CITES and CMS.--- Government may further prohibit, or regulate the import, export, possession and trade, of wild fauna and flora, their parts, products and derivatives as contained in various appendices to Convention on International Trade in Endangered Species of Flora and Fauna (CITES) and Convention on Migratory Species of Wild Animals (CMS) and such other conventions, treaties and protocols for the time being in force.

21. Alien species.--- Government may prohibit or regulate entry into the Province and release in the wild of any alien species of fauna and flora and genetically modified organisms.

22. Release in the wild.--- No person shall release into the wild any exotic, alien or diseased species of fauna and flora in the Province, unless allowed and in a manner as deemed appropriate by an officer authorized in this behalf.

23. Invasive species.--- Government may take measures to control invasive species of fauna and flora to improve the indigenous fauna, habitat and the ecosystem or a part thereof.

24. Transport, holding and captivity of animals.--- Government may regulate transport, holding and captivity of any live wild animals or trophies of a kind specified in sub-section(1) of section 13, in a manner as may be prescribed.

25. Wildlife check post.--- (1) Government or an officer authorized in this behalf may allow and notify the establishment of a wildlife check post and erection of barrier at any place as deemed appropriate so as to have a check as to whether or not an offence under this Act has been committed.

(2) Every person crossing wildlife check post whether on foot or in a vehicle or by any other means of transport shall be liable to stop by the check post, and offer himself and his belongings for checking by the check post staff to their satisfaction.

CHAPTER –VI

PROTECTED AREAS

26. Wildlife Sanctuary.--- (1) Government may, by notification in the official Gazette, declare any area to be Wildlife Sanctuary and may demarcate it in such manner as may be prescribed.

(2) The Wildlife Sanctuary shall be set aside as safe breeding grounds for the protection of wildlife and access thereto for public shall, except in accordance with the rules, be prohibited and no exploitation of forest therein shall be allowed except for reducing fire hazards, epidemic or insect attacks or other natural calamities.

(3) No person shall-

- (a) enter or reside;
- (b) cultivate any land;
- (c) damage or destroy any vegetation;
- (d) hunt, kill or capture any wild animal or fire any gun or other fire-arm within one mile of the boundaries;
- (e) introduce any exotic species of animal or plant;

- (f) introduce any domestic animal or allow it to stray;
- (g) cause any fire; and
- (h) pollute water, in a Wildlife Sanctuary:

Provided that Government may, for scientific purposes or for subsistence of bonafide communities, in a manner prescribed, authorize the aforementioned acts on a specific request by Chief Conservator Wildlife.

27. Site of Special Scientific Interest.--- With a view to protect species of flora and fauna or habitat or landscape having special scientific importance or for mitigating the effects of climate change, Government may, by notification in the official Gazette, declare any area to be a Site of Special Scientific Interest and prohibit therein every act deemed against the scientific interest of the site.

28. Wildlife Refuge.--- Government or an officer authorized in this behalf may, by notification in the official Gazette, declare any area to be a Wildlife Refuge where hunting of all wild animals shall be prohibited. The refuge shall be managed in a manner as may be prescribed.

29. National Park.--- (1) With a view to the protection and preservation of scenery, flora, fauna, geological features of special significance and biological diversity in the natural state, Government may, by notification in the official Gazette, declare any area to be a National Park and may demarcate it in such a manner as may be prescribed.

(2) A National Park shall be accessible to public for recreation, education and research subject to such restrictions and fee as Government may impose.

(3) Provision for access roads to and construction of rest houses, hostels and other buildings in the National Park along with amenities for public may be so made, as not to impair the object of the establishment of the National Park.

(4) Any facility provided under sub-sections (2) and (3) shall be in conformity with the recommendations of the environmental impact assessment or initial environmental examination within the meaning of Pakistan Environmental Protection Act, 1997 (Act No. XXXIV of 1997).

(5) The following acts shall be prohibited in a National Park:

- (a) hunting, shooting, trapping, killing or capturing of any wild animal;
- (b) carrying of arms, pet animals, livestock, firing any gun or doing any other act which may disturb any wild animal or doing any act which interferes with the serenity and tranquillity of the park and breeding places of wild animals;
- (c) logging, felling, tapping, burning or in any way damaging or destroying, taking, collecting or removing any plant or tree;
- (d) grazing of livestock;
- (e) fishing;

- (f) clearing or breaking up any land for cultivation; mining or quarrying of stones or for any other purpose;
- (g) polluting or poisoning water flowing in and through the National Park;
- (h) littering and dumping of wastes;
- (i) writing, inscribing, carving, disfiguring, defacing, painting, chalking, advertising;
- (j) use of vehicular transport, except on recognized roads and routes;
- (k) blowing of pressure horns within one kilometre radius of the park boundary; and
- (l) play back music, using radios, players or any other audio-video equipments, or making noise:

Provided that Government may, for scientific purpose or betterment of the National Park, or for providing incentives and concessions to the communities for participatory management, authorize doing of one or more of the afore-mentioned acts on an explicit written request made by the Chief Conservator Wildlife, justifying the need for such an action and certifying that it does not impair the object of establishment of the National Park:

Provided further that in case if a National Park is established over a designated forest, i.e. Reserved Forest, Protected Forest and Guzara Forest, the provisions of the Forest Ordinance 2002, to the extent of "acts prohibited" shall prevail.

30. Biosphere Reserve.--- When an area has a potential for promoting solutions to reconcile the conservation of biodiversity with its sustainable use, Government may, by notification in the official gazette, declare the area to be a Biosphere Reserve, comprising of a core zone, a buffer zone and multiple-use zone, and manage it in the prescribed manner.

31. National Natural Heritage Site.--- With a view to protect natural, physical and biological formations or groups of such formations, which are of outstanding national or global value from the aesthetic or scientific point of view, Government may declare any area to be a National Natural Heritage Site and regulate its management in the prescribed manner.

32. Game Reserve.--- (1) Government or an officer authorized in this behalf may declare any area to be a Game Reserve, where hunting of wild animals shall not be allowed, except under a special permit, which may specify the number and kind of animals to be hunted, method of hunting, the area and duration for which such permit shall be valid.

(2) The officer authorized in this behalf may take measures for management, maintenance and improvement of habitat in a Game Reserve as may be prescribed.

33. Pre-emptive application of MEAs.--- Government may, by notification in the official gazette, declare any area, which qualifies for the implementation of any biodiversity related Multilateral Environmental Agreement to which

Government of Pakistan is signatory, as a Protected Area with appropriate nomenclature and regulate its management as may be prescribed.

34. Pre-emptive application of this Act.--- Where Government is satisfied that designation of an area is suitable for achieving one or more of the objectives of this Act, it may declare such area with an appropriate nomenclature and prescribe its management through a notification in the official Gazette.

35. De-notification and alteration of boundaries of Protected Area.--- Government may, by notification in the official Gazette, de-notify a Protected Area or make any alteration in the boundaries of a Protected Area so declared on an explicit written request made by the Chief Conservator Wildlife, justifying such an action:

Provided that Wildlife Sanctuary, National Park and Site of Special Scientific Interest shall neither be de-notified nor altered in size, except with the prior consent of the Board.

36. Damage to structures in Protected Area.--- No person shall damage, alter, counterfeit, deface or displace boundaries of a Protected Area, enclosures, transects, Government infrastructures, visitors facilities, water bodies or any other structure raised or facility provided for the management of wildlife or Protected Area.

CHAPTER – VII

PARTICIPATORY WILDLIFE MANAGEMENT

37. Empowerment and benefit sharing.--- (1) Each Protected Area will be governed by a Conservation Committee chaired by the respective Divisional Forest Officer Wildlife. Composition and functions of the committee shall be such, as may be prescribed.

(2) The Conservation Committee may approve and finance small projects, activities and hire local staff through funds apportioned by the Board.

(3) Government or an officer authorized in this behalf may recognize and register any community organization, civil society organization, non-governmental organisation, research organisation or an individual as co-management partner for conservation or research with such terms and conditions as may be prescribed.

(4) A community organization, recognized under sub-section (3) above shall be entitled to equitably share the benefits with Government accrued from commercial sustainable use of elements of biodiversity in the respective area in the manner as may be prescribed.

(5) No organization, outfitter, or individual shall conduct any development, entrepreneurship or research in a Wildlife Sanctuary, National Park, Site of Special Scientific Interest and National Natural Heritage Site, unless in possession of “No Objection Certificate” from the Department before hand under such terms and conditions as may be prescribed.

(6) A community organization, civil society organization, Non-Governmental Organisation (NGO), research organization or an individual,

recognized under sub-section (3) above, shall share the benefits accrued from use of the elements of biodiversity as may be prescribed.

38. Private Game Reserve.--- (1) Where Government or an officer authorized in this behalf is satisfied that an area of private land has been dedicated by its owner for the purposes similar to a Game Reserve, he may, on the application of the owner, declare such an area to be a Private Game Reserve.

(2) Hunting of wild animals, in a Private Game Reserve, shall not be allowed except under a permit, issued by the owner under intimation to the Department or by an officer authorized in this behalf upon concurrence of the owner. The maximum number of the permits for the game species and for the season shall be agreed between the owner and the Department.

(3) The amount of hunting permit fee charged by the owner shall in no case be less than the amount fixed by the Government in a Game Reserve of similar nature and species. The amount of permit fee fixed by the Government shall be shared equitably among the owner and Government as may be prescribed.

(4) The owner of a Private Game Reserve shall prepare a management plan of the Game Reserve in consultation with Department and shall cause it to be implemented after approval of the same by the Chief Conservator Wildlife.

(5) Government may, by notification in the official Gazette, at any time, declare that any Private Game Reserve shall cease to be a Private Game Reserve.

39. Conservancy.--- (1) Government may declare any landscape, which supports or has the potential to support significant biodiversity for sustainable multiple use management, including biodiversity conservation, collaboratively by the local communities and Government, as a Conservancy.

(2) The Conservancy may be managed in a manner as may be prescribed.

40. Community Managed Game Reserve.--- Where Government is satisfied that an area of land owned by Government or communities can be effectively managed for sustainable hunting of wild animals, collaboratively by the local communities and Government, it may declare such an area to be Community Managed Game Reserve and manage this in a manner as may be prescribed.

CHAPTER -VIII

EX-SITU CONSERVATION OF WILDLIFE

41. Wildlife Park.--- Government may declare and enclose any area for propagation of wild animal species under natural or semi natural conditions, conservation awareness, research and recreation, as a Wildlife Park, which shall be managed in a manner as may be prescribed.

42. Zoological Garden or Zoo.--- (1) Government may establish or allow establishment of Zoo or Zoological Garden in public or private sector for keeping animals of indigenous or exotic species for the purposes of recreation, conservation education, propagation and research to be managed in a manner as may be prescribed.

(2) An officer authorized in this behalf may register on prescribed fee, and regulate the establishment and operation of a Zoo or Zoological Garden established under sub-section (1).

(3) Every owner or operator of an existing facility, referred to in subsection (1), shall get the facility registered within six months of coming into force of this Act.

(4) Government or an officer authorized in this behalf may regulate transport and trade between various zoos or breeding facilities registered under this Act in a manner as may be prescribed.

(5) Government or an officer authorized in this behalf may regulate release in the wild or harvest after release in the wild of the captive bred animal as may be prescribed.

43. Breeding Facility--- (1) Government or an officer authorized in this behalf may register on prescribed fee, and regulate the establishment and operation of a Breeding Facility of wild animals, including the exotic animals, or any other similar facility, with whatever nomenclature known in public and private sector, as may be prescribed.

(2) Every owner or operator of an existing facility, referred to in subsection (1), shall get the facility registered within six months of coming into force of this Act.

(3) Government or an officer authorized in this behalf may regulate transport and trade between various breeding facilities or zoos registered under this Act.

(4) Government or an officer authorized in this behalf may regulate release in the wild or harvest after release in the wild of the captive bred animal as may be prescribe.

CHAPTER -IX
