

**ADDENDUM 1**

**SCIENTIFIC COUNCIL COMMENTS**  
(arising from ScC-SC6)

**JAGUAR CONSERVATION MEASURES**

**UNEP/CMS/COP14/Doc. 29.6.1**

**RECOMMENDATIONS TO COP14**

Recommended for approval.

**GENERAL COMMENTS ON THE DOCUMENT**

The meeting took note of an announcement by IUCN that a scientific conference on Jaguar is planned, which might be convened in conjunction with the proposed Range State meeting.

The meeting discussed the possibility of involving the Scientific Council in the review of conservation measures developed by the Range States. While acknowledging the mandate of the Council in doing so, the feasibility of involving the Council was questioned due to its already high workload.
