Parks and Wild Life (Import and Export) (Wild Life) Regulations,
1998

IT is hereby notified that the Minister of Mines, Environment and Tourism has, in terms of section 129 of the Parks and Wild Life Act [*Chapter 20:14*], made the following regulations:—

Title

1. These regulations may be cited as the Parks and Wild Life (Import and Export) (Wild Life) Regulations, 1998.

Interpretation

2. (1) In these regulations, and in any open general permit:—

“artificially propagated” means plants grown from seeds, cuttings, tissues, spores or other new propagates under controlled conditions;

“bred in captivity” means the offspring, including eggs produced in a controlled environment, either from parents that mated or from transferred gametes in a controlled environment;

“controlled goods” means any goods referred to in the First Schedule;

“Director of Customs” means the Director of Customs and Excise referred to in section 3 of the Customs and Excise Act [*Chapter 23:03*];

“Convention” means the Convention on International Trade in Endangered Species and Wild Fauna and Flora, signed at Washington on the 3rd March, 1973;

“Director” means the Director of National Parks and Wild Life Management referred to in section 107 of the Parks and Wild Life Act [*Chapter 20:14*];

“household effects” means any manufactured or processed goods exported by a resident of Zimbabwe who is leaving the country or imported by a person who intends to reside in Zimbabwe and—

- (a) have been owned by him for more than six months prior to the date of import or export; and
- (b) are not for commercial purposes; and

- (c) do not exceed five specimen of the same species; and
- (d) will be re-imported or re-exported upon return or departure as the case may be.

“inspector” means—

- (a) any officer of the Department of Customs and Excise; or
- (b) any officer of the Department of National Parks and Wild Life Management; or
- (c) any other person appointed by the Minister as an inspector in terms of section 11;

“Minister” means the Minister of Mines, Environment and Tourism;

“open general permit” means an open general import permit or an open general export permit, as the case may be, issued in terms of section 4;

“permit” means a permit issued in terms of paragraph (a) of subsection (1) of section 5;

“personal effect” means any manufactured goods carried on a person for personal use and does not exceed five specimen of the same species and does not exceed a total value of five hundred United States of America Dollars;

“pre-convention wild life or trophy” means any wild life or trophy thereof which was acquired before the Convention applied to it;

“ranching wild life” means wild life reared in a controlled environment, the stock of which is taken from the wild, including offspring obtained from eggs which were collected from the wild and were hatched or otherwise produced in a controlled environment;

“species” means any species, sub-species or geographically separate population thereof;

“trophy” means—

- (a) any horn, ivory, tooth, tusk, bone, claw, hoof, hide, skin, hair or other durable portion whatsoever of any animal, whether processed or not, which is recognisable as a durable portion of any animal; and
- (b) the egg of any animal; and
- (c) anything of which the durable portion of any animal forms a part, which is declared to be a trophy in terms of section 76 of the Act;

“wild life” means—

- (a) any animal or plant, whether alive or dead, referred to in the Second Schedule; and
- (b) the egg or seed of any organism referred to in the Second Schedule; and
- (c) any portion whatsoever of any organism referred to in the Second Schedule, other than a trophy, whether such portion is processed or not.

(2) For the purposes of these regulations, any wild life referred to in Part I of the Second Schedule which was bred in captivity, ranched or artificially propagated, as the case may be, for commercial purposes, shall be deemed to be wild life referred to in Part II of the Second Schedule.

Control of import and export of wild life and trophies

3. (1) Notwithstanding any other law, but subject to this section, no person shall—

- (a) import into or export from Zimbabwe any wild life, trophy or controlled goods except in accordance with the terms and conditions of—
 - (i) an open general permit; or
 - (ii) a permit; or

- (iii) a transit permit; or
- (iv) a certificate issued in terms of section 5;

and, where appropriate, in accordance with the terms and conditions of an open general licence or licence issued in terms of the Control of Goods (Import and (Export)(Commerce) Regulations, 1974, published in Rhodesia Government Notice 766 of 1974; or

- (b) import into Zimbabwe any wild life referred to in Part I or Part II of the Second Schedule, or any trophy of such wild life, unless, in addition to complying with paragraph (a), he holds an export permit or re-export certificate granted in respect of the wild life or trophy concerned by an appropriate authority in the country from which the wild life or trophy concerned is being imported; or
- (c) import into Zimbabwe any wild life referred to in Part III of the Second Schedule, or any trophy of such wild life, unless, in addition to complying with paragraph (a), he holds—
 - (i) a certificate of origin or other document indicating the country of origin of the wild life or trophy concerned; and
 - (ii) if the wild life or trophy concerned is being imported from the country specified opposite thereto in Part III of the Second Schedule, an export permit granted in respect of the wild life or trophy concerned by an appropriate authority in that country.

of— (2) Subsection (1) shall not apply to the import or export

- (a) any pre-convention wild life or trophy for which the importer or exporter holds a certificate which—
 - (i) in the case of an import, is issued by an appropriate authority of the country from where the wild life or trophy concerned is being imported; or

Parks and Wild Life (Import and Export) (Wild Life) Regulations,
1998

- (ii) in the case of export, is issued by the Director;
or
 - (b) any wild life which was bred in captivity, ranched or artificially propagated, as the case may be, or any trophy of such wild life, if the importer or exporter holds a certificate to that effect—
 - (i) in the case of an import, granted by an appropriate authority in the country in which the wild life concerned was bred or propagated;
 - (ii) in the case of an export, issued by the Director; or
 - (c) herbarium specimens, other preserved, dried or embedded museum specimens, or live plant material, where—
 - (i) their import or export is effected by—
 - A. a museum which is a national museum for the purposes of the National Museums and Monuments Act [*Chapter 25:11*]; or
 - B. any other museum approved by the Director;
or
 - C. any herbarium approved by the Director; or
 - D. any scientist or scientific organisation approved by the Director;
 - (ii) the specimens and material carry a label issued or approved by the Director.
- (3) No permit or certificate shall be required in terms of subsection (1) for the import or export of any trophy which is a personal effect save in the following cases—
- (a) where a person who is ordinarily resident in Zimbabwe imports into Zimbabwe any trophy of wild life referred to in Part I of the Second Schedule which he acquired outside Zimbabwe; or
 - (b) where a person who is ordinarily resident in Zimbabwe imports into Zimbabwe any trophy of wild life referred to in Part II of the Second Schedule which he acquired outside Zimbabwe in the country where the wild life

concerned was removed from the wild, if that country requires the prior grant of an export permit before any export of such trophy; or

- (c) where a person who is not ordinarily resident in Zimbabwe exports from Zimbabwe any trophy of wild life referred to in Part I of the Second Schedule which he acquired within Zimbabwe; or
- (d) where a person who is not ordinarily resident in Zimbabwe exports from Zimbabwe any trophy of wild life referred to in Part II of the Second Schedule which was removed from the wild within Zimbabwe, if he acquired such trophy within Zimbabwe.

(4) The Director may, on such terms and conditions as he may fix, grant written exemption to any person from compliance with all or any of the provisions of subsection (1) in respect of the import or export of wild life or trophies which form part of a travelling zoo, circus, menagerie, plant exhibition or other travelling exhibition, where—

- (a) the importer or exporter has provided the Director with full details of the wild life or trophies concerned; and
 - (b) the wild life or trophies concerned—
 - (i) were acquired by the importer or exporter before the Convention applied to them; or
 - (ii) in the case of wild life, was bred in captivity, ranched or artificially propagated, as the case may be, or, in the case of trophies, were derived from such wild life;
- and —
- (c) the Director is satisfied that any live wild life will be so transported and cared for as to minimise the risk of injury, damage to health or cruel treatment.

Open general permits

4. (1) The Minister may, subject to subsection (2), by notice in the *Gazette*, issue—

Parks and Wild Life (Import and Export) (Wild Life) Regulations,
1998

- (a) an open general import permit authorizing, subject to any other law, the import into Zimbabwe of any controlled goods or any wild life referred to in Part III or IV of the Second Schedule, or any trophy of such wild life; or
- (b) an open general export permit authorizing, subject to any other law, the export from Zimbabwe of any controlled goods or any wild life referred to in Part III or IV of the Second Schedule, or any trophy of such wild life.

(2) When issuing any open general permit in terms of subsection (1), the Minister shall have regard to the obligations of Zimbabwe under the Convention.

(3) An open general licence may be issued in the same *Gazette* as these regulations.

Permits and certificates

5. (1) Subject to this section and any other law the Director may issue to any person, as may be appropriate in the particular case—

- (a) a permit or a transit permit authorizing, subject to any other law, the import into or export from Zimbabwe of any controlled goods, wild life or trophy;
- (b) a certificate authorizing the import into Zimbabwe of any wild life referred to in Part I or II of the Second Schedule, or any trophy of such wild life, which has been taken from a marine environment which is not under the jurisdiction of any State and Zimbabwe is the country of introduction of the wild life;
- (c) a certificate authorizing the re-export from Zimbabwe of any wild life referred to in Part I, II or III of the Second Schedule, or any trophy of such wild life, where such wild life or trophy has previously been imported into Zimbabwe in terms of these regulations.

(2) Subject to any law and to any directions given to him by the Director, the Director of Customs may, as appropriate, issue the permit or certificate referred to in subsection (1) in respect of the import, export or re-export of any trophy.

(3) No permit shall be issued in terms of subsection (1) or (2) for the import into Zimbabwe of any wild life referred to in Parts I and V of the Second Schedule, or any trophy of such wild life, unless—

(a) the Director or Director of Customs, as the case may be, is satisfied that an export permit or re-export certificate has been granted in respect of the wild life or trophy concerned by an appropriate authority in the country from which the wild life or trophy concerned is being imported; and

(b) the Director is satisfied, or, in the case of a permit issued by the Controller, the Director has certified to the Director of Customs, that—

(i) the import will be for purposes which are not detrimental to the survival of the species of wild life concerned; and

(ii) the wild life or trophy will not be used for primarily commercial purposes;

and

(c) in the case of an import of a live specimen of such wild life, the Director is satisfied that the proposed recipient is suitably equipped to house and care for it.

(4) No permit shall be issued in terms of subsection (1) or (2) for the export from Zimbabwe of—

(a) any wild life referred to in Part I of the Second Schedule, or any trophy of such wild life, unless—

(i) the Director or Director of Customs, as the case may be, is satisfied that an import permit has been granted in respect of the wild life or trophy concerned by an appropriate authority in the country to which the wild life or trophy concerned is being exported; and

Parks and Wild Life (Import and Export) (Wild Life) Regulations,
1998

- (ii) the Director is satisfied, or, in the case of a permit issued by the Director of Customs, the Director has certified to the Director of Customs, that—
 - A. the export will not be detrimental to the survival of the species of wild life concerned;
 - B. the wild life or trophy concerned has not been obtained in contravention of any law; and
 - (iii) in the case of an export of a live specimen of such wild life, the Director is satisfied that the wild life concerned will be so prepared and shipped as to minimise the risk of injury, damage to health or cruel treatment;
- (b) any wild life referred to in Part II of the Second Schedule, or any trophy of such wild life, unless—
- (i) the Director is satisfied, or, in the case of a permit issued by the Director of Customs, the Director has certified to the Director of Customs, that—
 - A. the export will not be detrimental to the survival of the species of wild life concerned; and
 - B. the wild life or trophy concerned has not been obtained in contravention of any law; and
 - (ii) in the case of an export of a live specimen of such wild life, the Director is satisfied that the wild life concerned will be so prepared and shipped as to minimise the risk of injury, damage to health or cruel treatment.

(5) No certificate referred to in paragraph (b) of subsection (1) shall be issued in terms of subsection (1) or (2) for the import into Zimbabwe of any wild life, or trophy of any wild life, which has been taken from a marine environment not under the jurisdiction of any State, unless—

- (a) in the case of such wild life referred to in Part I of the Second Schedule, or a trophy of such wild life—
 - (i) the Director is satisfied, or, in the case of a certificate issued by the Director of Customs, the Director has certified to the Director of Customs, that—
 - A. the import will not be detrimental to the survival of the species of wild life concerned; and
 - B. the wild life or trophy will not be used for primarily commercial purposes;
 - (ii) in the case of an import of a live specimen of such wild life, the Director is satisfied that the proposed recipient is suitably equipped to house and care for it;
 - (b) in the case of such wild life referred to in Part II of the Second Schedule, or a trophy of such wild life—
 - (i) the Director is satisfied, or, in the case of a certificate issued by the Director of Customs, the Director has certified to the Director of Customs, that the import will not be detrimental to the survival of the species of wild life concerned; and
 - (ii) in the case of an import of a live specimen of such wild life, the Director is satisfied that the wild life will be so handled as to minimize the risk of injury, damage to health or cruel treatment.
- (6) No certificate referred to in paragraph (c) of subsection (1) shall be issued in terms of subsection (1) or (2) for the re-export from Zimbabwe of—
- (a) any wild life referred to in Part I of the Second Schedule, or any trophy of such wild life, unless—
 - (i) the Director or Director of Customs, as the case may be, is satisfied that—
 - A. an import permit has been granted in respect of the wild life or trophy concerned by an

Parks and Wild Life (Import and Export) (Wild Life) Regulations,
1998

appropriate authority in the country to which the wild life or trophy concerned is being re-exported; and

B. the wild life or trophy concerned was imported into Zimbabwe in accordance with the Convention;

and

(ii) in the case of re-export of a live specimen of such wild life, the Director is satisfied that the wild life concerned will be so prepared and shipped as to minimise the risk of injury, damage to health or cruel treatment;

(b) any wild life referred to in Part II of the Second Schedule, or any trophy of such wild life, unless—

(i) the Director or Director of Customs, as the case may be, is satisfied that the wild life or trophy concerned was imported into Zimbabwe in accordance with the Convention; and

(ii) in the case of re-export of a live specimen of such wild life, the Director is satisfied that the wild life concerned will be so prepared and shipped as to minimise the risk of injury, damage to health or cruel treatment.

(7) When issuing any permit or certificate in terms of subsection (1) or (2), the Director or the Director of Customs, as the case may be, shall have regard to the obligations of Zimbabwe under the Convention.

(8) No permit or certificate issued in terms of subsection (1) or (2) shall authorize the import, export or re-export, as the case may be, of more than one consignment of wild life or trophies.

Form of permits, certificates, et cetera

6. (1) Subject to this section, every permit and certificate issued in terms of these regulations, and every return, register, seal or stamp used to give effect to these regulations, shall be in such form as the Director may from time to time fix.

(2) Every permit or certificate issued in terms of these regulations in respect of the import, export or re-export of any wild life referred to in Part I, II or III of the Second Schedule, or any trophy of such wild life, shall bear—

- (a) the title of the Convention; and
- (b) the title and identifying stamp of the Director or, in the case of a certificate or permit issued by the Director of Customs, of the Director of Customs; and
- (c) a number assigned to the permit or certificate by the Director or the Director of Customs.

(3) A permit issued by the Director or the Director of Customs, as the case may be, for the export of any wild life referred to in Part I, II or III of the Second Schedule, or any trophy of such wild life, shall, in addition to the matters specified in subsection (2), contain the following information—

- (a) the name of the person to whom it is issued; and
 - (b) the name "Zimbabwe", as being the country of export; and
 - (c) the period of validity of the permit; and
 - (d) in relation to the wild life or trophy which is being exported—
 - (i) the species of wild life concerned; and
 - (ii) in the case of living specimens for wild life, the number of specimens, their sex; size and details of any identifying marks; and
 - (iii) in the case of parts or derivatives of wild life, their quantity and type and any identifying marks; and
 - (iv) the Appendix to the Convention in which the species concerned is listed; and
 - (v) where known, whether or not the wild life concerned was bred in captivity, ranched or cultivated in Zimbabwe;
- and

- (e) where feasible, the name of the country to which, the name and address of the person to whom, the wild life or trophy concerned is being consigned.

(4) Any copy of a permit or certificate issued in terms of these regulations shall be clearly marked as such, and may be used in place of the original only to the extent specified therein.

(5) Notwithstanding subsections (2) and (3), until such time as forms which comply with those subsections are available, permits and certificates issued in terms of this section shall be in a form fixed by the Director.

Period of validity of export permits

7. A permit issued by the Director or Director of Customs for the export of any wild life or trophy shall cease to be valid six months after it was issued, unless it has been earlier revoked in terms of section 9.

Permits not to be transferred

8. A permit or certificate issued in terms of these regulations shall not be transferable, and any purported transfer of a permit or certificate shall be void:

Provided that nothing in this section shall prevent the holder of a permit or certificate from appointing any other person as his agent for the purposes of importing or exporting the controlled goods, wild life or trophy concerned.

Amendment and revocation of permits and certificates

9. (1) The Director may at any time amend or revoke any permit or certificate issued in terms of these regulations.

(2) The Director of Customs may at any time amend or revoke any permit or certificate issued by him in terms of these regulations.

Delegation of powers by Director and Director of Customs

10. (1) The Director and the Director of Customs may, subject to such conditions as they may fix, delegate to any officer of their respective departments all or any of their powers in respect of the issue

of permits and certificates in terms of these regulations, and may at any time revoke or vary such delegation.

(2) Any permit or certificate issued by an officer of the Department of National Parks and Wild Life Management or the Department of Customs and Excise in accordance with a delegation in terms of subsection (1) shall be as valid and effective as if it had been issued by the Director or the Director of Customs, as the case may be.

Inspectors

11. (1) The Minister may appoint any person to be an inspector for the purposes of these regulations, in addition to the persons specified in paragraphs (a) and (b) of the definition of "inspector" in subsection (1) of section 2.

(2) An inspector appointed in terms of subsection (1) shall be furnished with a certificate, signed by or on behalf of the Minister, which shall state that the inspector has been appointed as an inspector for the purposes of these regulations.

(3) An inspector exercising any power or performing any duty conferred or imposed upon him by these regulations, or about to exercise any such power or perform any such duty, shall, on demand by any person concerned, produce—

- (a) a certificate or document identifying himself as an officer of the Department of National Parks and Wild Life Management or of the Department of Customs and Excise; or
- (b) a certificate issued to him in terms of subsection (2); as the case may be.

Furnishing of information

12. (1) The Minister may, by notice in writing, require any person who has applied for, or been issued with, a permit or certificate in terms of these regulations to furnish to the Minister or his authorized representative or an inspector from time to time any information whatsoever available to him relating to any controlled goods, wild life or trophy to which the application or permit or certificate relates.

(2) A person whom the Minister has required to give any information in terms of this section shall—

- (a) comply with such requirement: and
- (b) if required to do so by the authorized representative of the Minister or by an inspector, give any further information or explanation, whether orally or in writing, which the authorized representative or the inspector may require him to give.

Powers of inspectors and representatives of Minister

13. (1) An inspector or the authorized representative of the Minister specified in section 12 may—

- (a) seize or confiscate goods imported or sought to be exported in contravention of these regulations;
- (b) examine and make extracts from, and copies of, records relating to any controlled goods, wild life or trophy referred to in subsection (1) of section 12;
- (c) demand from any person an explanation of any entries in any records referred to in paragraph (a);
- (d) seize and remove any records which, in his opinion, may afford evidence of a contravention of these regulations.

(2) An inspector or the authorized representative of the Minister referred to in section 12 may, for the purpose of examination or production as evidence, seize and remove, without payment, any sample or specimen of any controlled goods, wild life or trophy referred to in subsection (1) of section 12.

(3) An inspector or the authorized representative of the Minister referred to in section 12 shall issue a receipt in respect of any thing seized by him in terms of this section.

(4) Anything seized in terms of this section shall, if circumstances permit, be returned to its owner at the conclusion of any proceedings taken or inquiry made in relation thereto.

Marking of wild life and trophies

14. Where appropriate and feasible, the Director or the Director of Customs may cause any wild life or trophy which is being imported into or exported from Zimbabwe to be marked with an indelible imprint or lead seal or in some other manner so as to render its imitation by unauthorized persons as difficult as possible.

Offences and penalties

15. (1) No person shall—

- (a) contravene or fail to comply with any provision of these regulations or any request, requirement or demand lawfully made under these regulations;
- (b) furnish any information required under or for the purposes of these regulations which he knows to be false or does not know or believe to be true;
- (c) hinder, obstruct or delay an inspector or the authorized representative of the Minister referred to in section 12 in the exercise of his powers or the performance of his duties under these regulations;
- (d) refuse or fail to answer, to the best of his knowledge, any question lawfully put to him under these regulations;
- (e) fail to comply with any terms or conditions imposed by the Minister in an open general permit or by the Director or Director of Customs in issuing a permit or certificate in terms of these regulations;
- (f) except to the Minister or to any person whose duty it is to deal with the subject-matter of the disclosure, or when required to do so by a court of law or for the purposes of these regulations, disclose any information relating to any person or business which has been acquired in the exercise of his powers or the performance of his duties under these regulations;

Parks and Wild Life (Import and Export) (Wild Life) Regulations,
1998

- (g) possess, distribute, donate, purchase, sell or in any way trade in wildlife referred to in Parts I, II and III of the Second Schedule which has been imported into Zimbabwe in contravention of the Convention.

(2) Any person who contravenes any of the provisions of subsection (1) shall be guilty of an offence, and liable to a fine of one thousand dollars or imprisonment for a period of one year or to both such fine and such imprisonment.

Application of other laws

16. Nothing contained in these regulations or in any open general permit, permit or certificate issued in terms of these regulations shall—

- (a) exempt any person to whom the open general permit, permit or certificate or any exemption relates from complying with any other law controlling the import into or export from Zimbabwe of any controlled goods, wild life or trophy to which that open general permit, permit, certificate or exemption relates; or
- (b) affect the operation of any other law relating to the conservation and management of wild life within Zimbabwe.

Repeals and savings

17. (1) The regulations specified in the Third Schedule are repealed.

- (2) Notwithstanding subsection (1), any—
 - (a) application for a permit made under the repealed regulations shall be deemed to be an application for a permit or certificate, as may be appropriate, issued under these regulations;
 - (b) permit issued under the repealed regulations shall be deemed to be a permit or certificate, as may be appropriate, issued under these regulations, and any condi-

tions specified thereon shall continue to have effect, and shall be deemed to be conditions imposed in terms of these regulations;

- (c) notice issued under the repealed regulations requiring any person to furnish information shall be deemed to have been issued by the Minister in terms of section 12.

(3) In subsection (2)—

“repealed regulations” means the Control of Goods (Import and Export) (Wild Life) Regulations, 1982, published in Statutory Instrument 557 of 1982.

FIRST SCHEDULE (*Section 2*)

CONTROLLED GOODS

Game-traps of metal construction, operated by springs.

SECOND SCHEDULE (*Sections 2, 3, 4, 5 and 6*)

WILD LIFE

PRELIMINARY

Notes

1. Parts I, II and III of this Schedule are equivalent to Appendices I, II and III, respectively, of the Convention. Part I lists species which are considered to be threatened with extinction generally, though not necessarily within Zimbabwe; Part II lists species which are not considered to be threatened yet, but which could become endangered if trade is not controlled, again not necessarily within Zimbabwe; and Part III lists species which are protected from exploitation within particular countries.
2. For ease of reference, Parts I and II of this Schedule have each been divided into Parts A and B. Part A lists species which occur, or which might occur, within Zimbabwe, while Part B lists all species contained in the relevant Appendix of the Convention, whether the species occurs within or outside Zimbabwe.
3. Species included in Parts I, II, III, and V of this Schedule are referred to—
 - (a) by the name of the species; or

Parks and Wild Life (Import and Export) (Wild Life) Regulations,
1998

- (b) as being all of the species included in a higher taxon or designated part thereof.
4. The abbreviation "spp." is used to denote all species of a higher taxon.
 5. Other references to taxa higher than species are for the purposes of information or classification only.
 6. Again for ease of reference, the common names of species are set out in the third column of Parts I, II, III and V of this Schedule. Such common names of wild life may be used in permits and certificates in conjunction with the specific names of the wild life concerned, but it should be noted that only the names of wild life listed in column two are acceptable internationally for positive identification purposes. Common names may differ from country to country.
 7. The abbreviation "p.e." is used to denote species which are possibly extinct.
 8. An asterisk (*) placed in Part II or III of this Schedule against the name of a species or higher taxon indicates that one or more geographically separate populations, subspecies or species of that species or taxon are included in Part II, and that these populations, subspecies or species are excluded from Part I or III.
 9. A dagger (†) placed in Part I or III of this Schedule against the name of a species or higher taxon indicates that one or more geographically separate populations, subspecies or species of that species or taxon are included in Part II, and that these populations, sub-species or species are excluded from Part I or III.
 10. A section mark (§) followed by a number placed against the name for a species or higher taxon denotes that designated geographically separate populations, sub-species, species groups of species or families of that species or taxon are excluded from the Part concerned, as follows :
 - §101 Population of Bhutan, India, Nepal and Pakistan.
 - §102 *Panthera tigris altaica* (=amurensis).
 - §103 Population of West Greenland
 - § 104 Australian population
 - § 105 Populations of Afghanistan, Bhutan, Burman, India, Nepal and Pakistan.
 - § 106 *Cathartidae*
 - § 107 Population of North America, except Greenland
 - § 108 Population of the United States of America.

- §109 *Melopsittacus undulatus*, *Nymphicus hollandicus* and *Psittacula krameri*.
- § 110 Population of Zimbabwe (ranching).
- § 111 Population of Papua New Guinea.
- § 112 Population of Chile
- § 113 Coastal population of Chile
- § 114 All species which are not succulent.
11. A double dagger (‡) followed by a number placed against the name of a higher taxon denotes that only designated geographically separate, populations, subspecies or species of that species or taxon are included in the Part concerned, as follows:
- ‡ 201 Populations of Bhutan, India, Nepal and Pakistan.
- ‡ 202 All North American subspecies and European population, except U.S.S.R.
- ‡ 203 Asian population
- ‡ 204 Indian population
- ‡ 205 Australian population
- ‡ 206 Populations of Afghanistan, Bhutan, Burma, India, Nepal and Pakistan.
- ‡ 207 Mexican population
- ‡ 208 Population of South America
- ‡ 209 Populations of Algeria, the Central African Republic, Chad, Mali, Mauritania, Morocco, Niger, Nigeria, Senegal, Sudan, the United Republic of Cameroon and Upper Volta
- ‡ 210 All New Zealand species
- ‡ 211 Population of Chile
- ‡ 212 All species of the family in the Americas.
- ‡ 213 Coastal population of Chile.
12. The symbol (=) followed by a number placed against the name of a species, or higher taxon denotes that the name of that species or taxon shall be interpreted as follows:
- = 301 Includes synonym *Bradypus boliviensis* and *Bradypus griseus*.
- = 302 Includes synonym *Pridontes giganteus*.
- = 303 Includes genus *Varecia*.
- = 304 Includes generic synonym *A. Vahi*.
- = 305 Includes synonym *Colobus badius kirki*.

Parks and Wild Life (Import and Export) (Wild Life) Regulations,
1998

- = 306 Includes synonym *Colobus badius refomitratus*.
 - = 307 Includes generic synonym *Simias*.
 - = 308 Includes genus *Hylobates* and its synonym *Symphalangus*.
