

Convention on the Conservation of Migratory Species of Wild Animals

Format for reports of Parties on implementation of the Convention on the Conservation of Migratory Species of Wild Animals (revision of June 2003)

Reporting format agreed by the Standing Committee at its 26th Meeting (Bonn, June 2003) for mandatory use by Parties, for reports submitted to the Eighth Meeting of the Conference of the Parties (COP8) (Nairobi, 2005).

The questions below combine elements of Resolution 4.1 (Party Reports) adopted by the Fourth Meeting of the Conference of the Parties (Nairobi, June 1994) and Resolution 6.4 (Strategic Plan for the Convention on Migratory Species 2000-2005), adopted by the Sixth Meeting of the Conference of the Parties (Cape Town, November 1999), as well as commitments arising from other operational Resolutions and Recommendations of the Conference of the Parties.

<u>Please refer to the separate instructions on completing the report</u>. Parties are encouraged to respond to all questions, since it cannot be assumed that the absence of a response indicates that no activities taken have place in the current reporting period. Parties are also requested to provide comprehensive answers, including, where appropriate, a summary of activities, information on factors limiting action and details of any assistance required.

Which agency has been primarily responsible for the preparation of this report? Ministry of Agriculture, Nature Management and Food Quality

List any other agencies that have provided input: Alterra

I(a). General Information

Please complete any unfilled boxes and amend and/or update as appropriate the information provided in the table below:

| Reports submitted: | 1991, 1994, 1997, 1999, 2002 |
|---|---|
| Period covered by this report: | 2002 - 2005 |
| Date of entry into force of the Convention in Netherlands: | 1 November 1983 |
| Territory to which the Convention applies: | The Netherlands and its overseas territories of Aruba, Bonaire, Curacao, Saba, Sint Eustatius and Sint Maarten |
| Reservations (against species listings): | None |
| Designated Focal Point (national affairs): | Appointment to the Scientific Council: |
| ir. Gerard van Dijk Ministry of Agriculture, Nature Management and Food Quality Department of Nature Division of International Affairs P.O. Box 20401 2500 EK The Hague The Netherlands Tel.: (+31 70) 378 50 09 Fax: (+31 70) 378 61 44 ?? E-mail: g.van.dijk@minlnv.nl | Prof. Dr. Wim J. Wolff Department of Marine Biology Groningen University Postbus 14 9750 AA Haren The Netherlands Tel.: (+31 50) 363 22 60 Fax: (+31 50) 363 22 61 E-mail: w.j.wolff@biol.rug.nl |
| Membership of the Standing Committee: | |
| Competent authority (the Netherlands): | Ministry of Agriculture, Nature Management and Food Quality |
| N-4111 | 1 7 2005 M 0.1 |

| Implementing legislation (the Netherlands): | The Flora and Fauna Act of May 1998 It replaces the 1936 Bird Act, the Netherlands Game Act, the Act of Endangered Exotic Animal and Plant Species and part of the Nature Conservation Act.) |
|---|--|
| | The new Nature Conservation Act has come into force in October 2005. |
| | The two laws deal with species protection and area protection respectively and they implement the EU Wild Birds and Habitats Directives. (which, each of them, combine species and area protection). |
| Competent authority (the Netherlands Antilles): | Netherlands Antilles Central Government and the Island Governments |
| Implementing legislation (the Netherlands Antilles): | The Netherlands Antilles Framework Ordinance for Nature Management and Conservation (1998) |
| | The Fisheries Ordinance of 1 December 1993 (OJ 1991, 74) |
| | The Fisheries Decree of 1 December 1993 (OJ 1993, 110) |
| | Establishment of a Fisheries zone of 200 sea miles for the Netherlands Antilles on 1 September 1993 (Bulletin of Acts, Orders and Decrees of the Kingdom of the Netherlands 1993, 409) |
| | Various local island ordinances |
| Competent authority (Aruba): | Aruba Government |
| Implementing legislation (Aruba): | The Ordinance to protect profitable or endangered species of fauna |
| | The Ordinance of marine environment |
| | Memorandum of understanding between the Netherlands and Aruba for 1997-2000 for nature management co-operation |
| Other relevant conventions/agreements (apart from CMS) to which the Netherlands is a Party: | Convention on Wetlands of International Importance Especially as Waterfowl Habitat 1971 ("Ramsar Convention") |
| | Agreement of the BENELUX in relation to wildlife and protection of bird species 1972 |
| | Convention on International Trade in Endangered Species of Wild Fauna and Flora 1973 (CITES) |
| | Council Directive of 2 April 1979 on the conservation of wild birds (79/409/EEC) (the "Birds Directive") |
| | Convention on the Conservation of European Wildlife and Natural Habitats 1979 ("Bern Convention") |
| | Convention for the Protection and Development of the Marine Environment of the Wider Caribbean Region 1983 ("Cartegena Convention"), and its Protocol Concerning Special Protected Areas and Wildlife 1990 (SPAW) |
| | Covenant for the Conservation and Management of Antarctic Living Resources 1989 |
| | Council Directive of the 21 May 1992 on the conservation of natural habitats and of wild fauna and flora (92/43/EEC) (the "Habitats Directive") |
| | The Convention on Biological Diversity 1992 (CBD) |

| National policy instruments (e.g. national biodiversity conservation strategy, etc.): | Nature Policy Plan of the Netherlands (1990), replaced by 'Nature for People/ People for Nature (Nature voor Mensen/Mensen voor Natuur) (2000) and supplemented by 'Vitaal en Samen' (2003) | | |
|--|---|--|--|

I(b). Additional General Information

| 1 | Which other government departments are involved in activities/initiatives for the conservation of migratory species in your country? (Please list.) |
|----------|--|
| | The Ministry of Ministry of Transport, Public Works and Water Management |
| | The Ministry of Finances (Dienst der Domeinen- government service in charge of the management of government lands not belonging to the ministry of Agriculture, Nature & Food Quality) |
| 1a | If more than one government department is involved, describe the interaction/relationship between these government departments: |
| | Regular communication and exchange of information |
| | Combined remedial actions |
| 2 | List the main non-governmental organizations actively involved in initiatives for the conservation of migratory species in your country, and describe their involvement: |
| | Staatsbosbeheer National Forest Service- semi-independent government service for forest and nature management |
| | Natuurmonumenten – the largest non governmental site managing organisation |
| | 'Provinciale Landschappen', 12 regional trusts, site managing organisations each for one province |
| | Birdlife-Netherlands (Vogelbescherming) |
| | Wereldnatuurfonds/ WWF-Netherlands |
| | Natuur en Milieu/Society for Nature & Environment |
| | Koninklijke Nederlandse Jagers Vereniging: Royal Dutch Hunting Association |
| | SOVON: data collecting organisation for birds |
| | ANEMOON - foundation for research on sea animals |
| | RAVON - research on reptiles, amphibians and fish |
| | VZZ - association for research on mammals |
| | KNNV - Royal Dutch Natural Historical Association - research on field biology |
| 3 | Describe any involvement of the private sector in the conservation of migratory species in your country: |
| | • Farmers take part in different Nature Management Programs – e.g. limosa - protection and goose feeding areas |
| 4 | Note any interactions between these sectors in the conservation of migratory species in your country: |
| | • See part 1, 2 and 3 |
| <u> </u> | 1 |

II. Appendix I species

1. BIRDS

1.1 General questions on Appendix I bird species

| 1 | Identify the Ministry, agency/department, or organisation responsible for leading actions relating to Appendix I bird species: Ministry of Agriculture, Nature Management and Food Quality Directorate for Nature Management |
|----|---|
| 2 | Is the taking of all Appendix I bird species prohibited by the national implementing legislation cited in Table I(a) (General Information)? If <i>other</i> legislation is relevant, please provide details: |
| 2a | If the taking of Appendix I bird species is prohibited by law, have any exceptions |
| 3 | Identify any obstacles to migration that exist in relation to Appendix I bird species: not applicable |
| 3a | What actions are being undertaken to overcome these obstacles? not applicable |
| 3b | What assistance, if any, does your country require in order to overcome these obstacles? not applicable |
| 4 | What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger bird species, including strictly controlling the introduction of, or controlling or eliminating, already introduced exotic species (Article III(4)(c))? not applicable |
| 4a | Describe any factors that may limit action being taken in this regard: not applicable |
| 4b | What assistance, if any, does your country require to overcome these factors? not applicable |
| | |

1.2 Questions on specific Appendix I bird species

The following section contains a table for each Appendix I bird species for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)

| Species Haliaeetus albicilla – Common Name(s) White-tailed Eagle | | | |
|--|--|----|------|
| 1 | Is your country a Range State for this species? | es | ☐ No |
| 2 | Please provide published distribution reference: Common and scarce birds of the Netherlands *) | | |
| 3 | Summarise information on population size, trends and distribution (if known): | | |
| | Slight increase of hibernating birds | | |

| 4 | Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) |
|-------------------------|--|
| | Research |
| | ☐ Monitoring |
| | Species protection Flora and fauna law |
| | Species restoration |
| | ☐ Habitat protection Nature 2000 areas |
| | Habitat restoration Nature 2000 areas |
| | ☐ Other improving food availability by leaving dead bodies in areas of Nature Monuments |
| 5 | If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? |
| | not applicable |
| 6 | Describe any future activities that are planned for this species: |
| | not applicable |
| | |
| Spec | cies Anser erythropus – Common Name(s) Lesser White-fronted Goose |
| 1 | Is your country a Range State for this species? |
| 2 | Please provide published distribution reference: Rare birds of the Netherlands *) |
| 3 | Summarise information on population size, trends and distribution (if known): |
| | Is this a natural population? < 50 hibernating birds (guided by ultra light planes) |
| 4 | Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) |
| | Research |
| | Monitoring |
| | Species protection Flora and fauna law |
| | ☐ Species restoration |
| | ☐ Habitat protection Nature 2000 areas |
| | Habitat restoration |
| | Other |
| 5 | If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? |
| 6 | Describe any future activities that are planned for this species: |
| | |
| Spec | cies Branta ruficollis – Common Name(s) Red-breasted Goose |
| $\frac{z_P \cdot c}{1}$ | Is your country a Range State for this species? |
| 2 | Please provide published distribution reference: Rare birds of the Netherlands *) |
| 3 | Summarise information on population size, trends and distribution (if known): |
| | Some wandering birds, on average > 10 hibernating birds |
| | 6 - m, - m |

| 4 | Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) |
|------|--|
| | Research |
| | |
| | ✓ Species protection Flora and fauna law |
| | ☐ Species restoration |
| | Habitat protection |
| | Habitat restoration |
| | Other |
| 5 | If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? |
| | not applicable |
| 6 | Describe any future activities that are planned for this species: |
| | not applicable |
| | |
| Spec | cies Aythya nyroca – Common Name(s) Ferruginous Pochard, Ferruginous Duck |
| 1 | Is your country a Range State for this species? |
| 2 | Please provide published distribution reference: Rare birds of the Netherlands *) |
| 3 | Summarise information on population size, trends and distribution (if known): |
| | Rare irregular breeding bird; since the nineties only seen as solitary birds, no more breeding cases seen. |
| 4 | Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) |

2. MARINE MAMMALS

2.1 General questions on Appendix I marine mammals

| 1 | Identify the Ministry, agency/department, or organisation responsible for leading actions relating to Appendix I listed marine mammals: |
|----|--|
| | Ministry of Agriculture, Nature Management and Food Quality |
| | Directorate for Nature Management |
| 2 | Is the taking of all Appendix I marine mammals prohibited by the national implementing legislation cited in Table I(a) (General Information)? If other legislation is relevant, please provide details: |
| 2a | If the taking of Appendix I marine mammals is prohibited by law, have any exceptions Yes No been granted to the prohibition? |
| | If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7)): |
| 3 | Identify any obstacles to migration that exist in relation to Appendix I marine mammals: |
| | not applicable |
| 3a | What actions are being undertaken to overcome these obstacles? |
| | not applicable |
| 3b | What assistance, if any, does your country require in order to overcome these obstacles? |
| | not applicable |
| 4 | What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species of marine mammal, including strictly controlling the introduction of, or controlling or eliminating, already introduced exotic species (Article $III(4)(c)$)? |
| | not applicable |
| 4a | Describe any factors that may limit action being taken in this regard: |
| | not applicable |
| 4b | What assistance, if any, does your country require to overcome these factors? |
| | not applicable |
| | |

2.2 Questions on specific Appendix I marine mammals

The following section contains a table for each Appendix I marine mammal species for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)

| Spe | Species Balaenoptera musculus – Common Name(s) Blue Whale | | |
|-----|---|-------|------|
| 1 | Is your country a Range State for this species? | ☐ Yes | ⊠ No |
| 2 | Please provide published distribution reference: | | |
| 3 | Summarise information on population size, trends and distribution (if known): | | |
| | not applicable | | |

| 4 | Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) |

3 MARINE TURTLES

3.1 General questions on Appendix I marine turtles

Identify the Ministry, agency/department, or organisation responsible for leading actions relating to Appendix I listed

| | Ministry of Agriculture, Nature Management and Food Quality | |
|---|--|--|
| 2 | Is the taking of all Appendix I marine turtles prohibited by the national implementing Yes No legislation cited in Table I(a) (General Information)? | |
| | If <i>other</i> legislation is relevant, please provide details: | |
| 2a | If the taking of Appendix I marine turtles is prohibited by law, have any exceptions Yes No been granted to the prohibition? | |
| | If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7)): | |
| 3 | Identify any obstacles to migration that exist in relation to Appendix I marine turtles: | |
| | All marine turtles in Dutch water will die because off the Dutch climate. | |
| 3a | What actions are being undertaken to overcome these obstacles? | |
| | not applicable | |
| 3b | What assistance, if any, does your country require in order to overcome these obstacles? | |
| | not applicable | |
| 4 | What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species of marine turtles, including strictly controlling the introduction of, or controlling or eliminating, already introduced exotic species (Article III(4)(c))? | |
| | not applicable | |
| 4a | Describe any factors that may limit action being taken in this regard: | |
| | not applicable | |
| 4b | What assistance, if any, does your country require to overcome these factors? | |
| | not applicable | |
| 3.2 Questions on specific Appendix I marine turtles | | |
| The following section contains a table for each Appendix I marine turtle species for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.) | | |
| Spec | cies Chelonia mydas – Common Name(s) Green Turtle | |
| 1 | Is your country a Range State for this species? | |
| 2 | Please provide published distribution reference: | |
| 2 | Summarica information on normalities airs transferred and distribution (if known). | |

not applicable

marine turtles:

| 4 | Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) |
|------|--|
| | Research |
| | |
| | |
| | ☐ Species restoration |
| | Habitat protection |
| | Habitat restoration |
| | Other |
| 5 | If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? |
| | not applicable |
| 6 | Describe any future activities that are planned for this species: |
| | not applicable |
| | |
| Spec | cies Caretta caretta – Common Name(s) Loggerhead Turtle |
| 1 | Is your country a Range State for this species? |
| 2 | Please provide published distribution reference: |
| 3 | Summarise information on population size, trends and distribution (if known): |
| | |
| 4 | Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the |
| | reporting period. (Please provide the title of the project and contact details, where available.) |
| | Research |
| | Monitoring |
| | Species protection Flora and fauna law |

4 TERRESTRIAL MAMMALS (OTHER THAN BATS)

4.1 General questions on Appendix I terrestrial mammals (other than bats)

| 1 | Identify the Ministry, agency/department, or organisation responsible for leading actions relating to Appendix I listed terrestrial mammals (other than bats): |
|----|--|
| | Ministry of Agriculture, Nature Management and Food Quality |
| 2 | Is the taking of all Appendix I terrestrial mammals (other than bats) prohibited by the national implementing legislation cited in Table I(a) (General Information)? If <i>other</i> legislation is relevant, please provide details: |
| 2a | If the taking of Appendix I terrestrial mammals (other than bats) is prohibited by Yes No No No |
| | If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7)): |
| 3 | Identify any obstacles to migration that exist in relation to Appendix I terrestrial mammals (other than bats): |
| | not applicable |
| 3a | What actions are being undertaken to overcome these obstacles? |
| | not applicable |
| 3b | What assistance, if any, does your country require in order to overcome these obstacles? |
| | not applicable |
| 4 | What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species of terrestrial mammal (other than bats), including strictly controlling the introduction of, or controlling or eliminating, already introduced exotic species (Article III(4)(c))? |
| | not applicable |
| 4a | Describe any factors which limit action being taken in this regard: |
| | not applicable |
| 4b | What assistance, if any, does your country require to overcome these factors? |
| | not applicable |
| | |

4.2 Questions on specific Appendix I terrestrial mammals (other than bats)

If you have information indicating that your country should be considered a Range State for any terrestrial mammal species (other than bats) that is listed in CMS Appendix I, please complete a table (provided below) for each species.

| Spe | Species name, Common name(s): not applicable | | |
|-----|--|--|--|
| 1 | Please provide published distribution reference: | | |
| 2 | Summarise information on population size, trends and distribution (if known): | | |
| 3 | Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) | | |
| | Research | | |
| | ☐ Monitoring | | |
| | ☐ Species protection | | |

| | ☐ Species restoration |
|---|--|
| | Habitat protection |
| | ☐ Habitat restoration |
| | Other |
| 4 | If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? |
| | |
| 5 | Describe any future activities that are planned for this species: |
| | |
| | |
| | |
| Miscellaneous information or comments on Appendix I terrestrial mammals (other than bats) in general: | |
| | |
| | |
| | |
| | |

5 BATS

5.1 General questions on Appendix I bats

| 1 | Identify the Ministry, agency/department, or organisation responsible for leading actions relating to Appendix I listed bats: |
|----|--|
| | Ministry for Agriculture, Nature and Food Quality |
| 2 | Is the taking of all Appendix I bats prohibited by the national implementing Legislation cited in Table I(a) (General Information)? Yes No |
| | If other legislation is relevant, please provide details: |
| 2a | If the taking of Appendix I bats is prohibited by law, have any exceptions Yes No |
| | If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7)): |
| 3 | Identify any obstacles to migration that exist in relation to Appendix I bats: |
| | not applicable |
| 3a | What actions are being undertaken to overcome these obstacles? |
| | not applicable |
| 3b | What assistance, if any, does your country require in order to overcome these obstacles? |
| | not applicable |
| 4 | What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species of bats, including strictly controlling the introduction of, or controlling or eliminating, already introduced exotic species (Article III(4)(c))? |
| | not applicable |
| 4a | Describe any factors that may limit action being taken in this regard: |
| | not applicable |
| 4b | What assistance, if any, does your country require to overcome these factors? |
| | not applicable |
| | |

5.2 Questions on specific Appendix I bat species

The following section contains a table for each Appendix I bat species for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)

| Spec | Species Tadarida brasiliensis - Common Name(s) Mexican Free-tailed Bat | | |
|------|---|-----|------|
| 1 | Is your country a Range State for this species? | Yes | ⊠ No |
| 2 | Please provide published distribution reference: | | |
| 3 | Summarise information on population size, trends and distribution (if known): | | |
| | not applicable | | |

| | Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) |

Describe any future activities that are planned for this species? |

OTHER TAXA 6

General questions on Appendix I species belonging to other taxa 6.1

| Identify the Ministry, agency/department, or organisation responsible for leading actions relating to Appendix I listed species belonging to taxa not included in sections 1-5 above: | | |
|--|--|--|
| Ministry of Agriculture, Nature Management and Food Quality | | |
| Is the taking of all Appendix I species belonging to taxa not included in sections 1-5 above, prohibited by the national legislation listed as being implementing legislation in Table I(a) (General Information)? If other legislation is relevant, please provide details: | | |
| If the taking of Appendix I species belonging to taxa not included in sections 1-5 above is prohibited by law, have any exceptions been granted to the prohibition? | | |
| If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7)): | | |
| Identify any obstacles to migration that exist in relation to Appendix I species belonging to taxa not included in sections 1-5 above: | | |
| What actions are being undertaken to overcome these obstacles? | | |
| What assistance, if any, does your country require in order to overcome these obstacles? | | |
| What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species belonging to taxa not included in section 1-5 above, including strictly controlling the introduction of, or controlling or eliminating, already introduced exotic species (Article III(4)(c))? | | |
| Describe any factors that may limit action being taken in this regard: | | |
| What assistance, if any, does your country require to overcome these factors? | | |
| 6.2 Questions on specific Appendix I species belonging to other taxa you have information indicating that your country should be considered a Range State for any Appendix I listed species hat belongs to taxa not included in sections 1-5 above, please complete a table (provided below) for each species. | | |
| | | |

| Spe | cies name, Common name(s): |
|-----|--|
| 1 | Please provide published distribution reference: |
| 2 | Summarise information on population size, trends and distribution (if known): |
| 3 | Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available): Research |

| | ☐ Species protection | | |
| | ☐ Species restoration | | |
| | ☐ Habitat protection | | |
| | Habitat restoration | | |
| | Other | | |
| 4 | If no activities have been carried out for this species in the reporting period, what has preven | ented such a | ction being taken? |
| 5 | Describe any future activities that are planned for this species? | | |
| | | | |
| | ellaneous information or comments on Appendix I species that belong to taxa not included i | | |
| | 7 LISTING OF OTHER ENDANGERED MIGRATORY SPECIES | S IN APPE | ENDIX I |
| 1 | Is your country a Range State for any other endangered migratory species not currently listed in Appendix I? If Yes, please provide details: | Yes | ⊠ No |
| 1a | Is your country taking any steps to propose listing any of these species? | Yes | ⊠ No |
| | If Yes, please provide details: | | |
| 1b | What assistance, if any, does your country require to initiate the listing of these species? | | |
| | not applicable | | |
| | | | |

III. Appendix II Species

1. INFORMATION ON APPENDIX II SPECIES

Information pertaining to the conservation of Appendix II species that are the object of CMS Agreements will have been provided in periodic Party reports to those instruments. It will suffice therefore to reference (below), and preferably append, a copy of the latest report that has been submitted to the Secretariat of each of the Agreement/MoUs to which your country is a Party.

| WADDEN SEA SEALS (1991) | WADDEN SEA SEALS (1991) | | |
|--|-----------------------------|--|--|
| Date of last report: QSR 2004 | Period covered: 2000 - 2004 | | |
| EUROBATS (1994) | | | |
| Date of last report: September 2003 | Period covered: 2000 - 2002 | | |
| ASCOBANS (1994) | | | |
| Date of last report: Advisory Committee to ASCOBANS Meeting Brest 2005 | Period covered: 2004-2005 | | |
| AEWA (1999) | | | |
| Date of last report: 5-10-2005 | Period covered: 2002 - 2004 | | |
| | | | |

2. QUESTIONS ON CMS AGREEMENTS

2.1 Questions on the development of new CMS Agreements relating to birds

| 1 | In the current reporting period, has your country initiated the development of any CMS Agreements, including Memoranda of Understanding, to address the Conservation needs of Appendix II bird species? If Yes, what is the current state of development? |
|---|---|
| 2 | In the current reporting period, has your country participated in the development Of any CMS Agreements, including Memoranda of Understanding, which address The conservation needs of Appendix II bird species? If Yes, please provide details: |
| 3 | If your country has initiated or is participating in the development of an Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development? |
| 4 | Is the development of any CMS Agreement for birds, including Memoranda of Understanding, planned by your country in the foreseeable future? If Yes, please provide details: |

2.2 Questions on the development of new CMS Agreements relating to marine mammals

| 1 | In the current reporting period, has your country initiated the development of any CMS Agreements, including Memoranda of Understanding, to address the Conservation needs of Appendix II marine mammal species? If Yes, what is the current state of development? | Yes | ⊠ No | |
|---|--|-----|------|--|
| 2 | In the current reporting period, has your country participated in the development Of any CMS Agreements, including Memoranda of Understanding, which address | Yes | ⊠ No | |

| | The conservation needs of Appendix II marine mammal species? |
|---|---|
| 3 | If Yes, please provide details: If your country has initiated or is participating in the development of an Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development? not applicable |
| 4 | Is the development of any CMS Agreement for marine mammals, including Memoranda of Understanding, planned by your country in the foreseeable future? If Yes, please provide details: |
| | 2.3 Questions on the development of new CMS Agreements relating to marine turtles |
| 1 | In the current reporting period, has your country initiated the development of any CMS Agreements, including Memoranda of Understanding, to address the Conservation needs of Appendix II marine turtles? If Yes, what is the current state of development? |
| 2 | In the current reporting period, has your country participated in the development Of any CMS Agreements, including Memoranda of Understanding, which address The conservation needs of Appendix II marine turtles? If Yes, please provide details: |
| 3 | If your country has initiated or is participating in the development of an Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development? not applicable |
| 4 | Is the development of any CMS Agreement for marine turtles, including Memoranda of Understanding, planned by your country in the foreseeable future? If Yes, please provide details: |
| | 2.4 Questions on the development of new CMS Agreements relating to terrestrial mammals (other than bats) |
| 1 | In the current reporting period, has your country initiated the development of any CMS Agreements, including Memoranda of Understanding, to address the conservation Needs of Appendix II terrestrial mammal species (other than bats)? If Yes, what is the current state of development? |
| 2 | In the current reporting period, has your country participated in the development Of any CMS Agreements, including Memoranda of Understanding, which address The conservation needs of Appendix II terrestrial mammal species (other than bats)? If Yes, please provide details: |
| 3 | If your country has initiated or is participating in the development of an Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development? not applicable |
| 4 | Is the development of any CMS Agreement for terrestrial mammals (other than bats), Including Memoranda of Understanding, planned by your country in the foreseeable future? If Yes, please provide details: |
| | 2.5 Questions on the development of new CMS Agreements relating to bats |
| 1 | In the current reporting period, has your country initiated the development of any CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II bat species? |
| | If Yes, what is the current state of development? |
| 2 | In the current reporting period, has your country participated in the development of any CMS Agreements, including Memoranda of Understanding, which address |

| | the conservation needs of Appendix II bat species? | | |
|----|--|--|--|
| | If Yes, please provide details: | | |
| 3 | If your country has initiated or is participating in the development of an Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development? not applicable | | |
| 4 | Is the development of any CMS Agreement for bats, including Memoranda of Understanding, planned by your country in the future? If Yes, please provide details: | | |
| | 11 Tes, piease provide details. | | |
| | 2.6 Questions on the development of new CMS Agreements relating to other taxa | | |
| 1 | In the current reporting period, has your country initiated the development of any CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II species belonging to taxa not included in sections 1-6 above? | | |
| | If Yes, what is the current state of development? | | |
| 2 | In the current reporting period, has your country participated in the development of any CMS Agreements, including Memoranda of Understanding, which address the conservation needs of species belonging to taxa not included in sections 1-6 above? If Yes, please provide details: | | |
| 2 | | | |
| 3 | If your country has initiated or is participating in the development of an Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development? not applicable | | |
| 4 | Is the development of any CMS Agreement for other taxa, including Memoranda of Understanding, planned by your country in the foreseeable future? If Yes, please provide details: | | |
| | 3. LISTING OF MIGRATORY SPECIES IN APPENDIX II | | |
| 1 | Is your country a Range State for any migratory species that has an unfavourable conservation status, but is <u>not</u> currently listed in Appendix II and could benefit from the conclusion of an Agreement for its conservation? If Yes, please provide details: | | |
| 1a | Is your country taking any steps to propose the listing of this/these species in Appendix II? Yes No | | |
| | If Yes, please provide details: | | |
| 1b | What assistance, if any, does your country require to initiate the listing of this/these species? | | |
| - | not applicable | | |
| | 1 ** | | |
| | | | |

IV. National and Regional Priorities

| 1 | What priority does your country assign to the conservation and, where applicable, sustainable use of migratory species in comparison to other biodiversity-related issues? |
|----|---|
| 2 | Are migratory species and their habitats addressed by your country's national Yes No biodiversity strategy or action plan? |
| | If Yes, please indicate and briefly describe the extent to which it addresses the following issues: ☐ Conservation, sustainable use and/or restoration of migratory species ☐ Conservation, sustainable use and/or restoration of the habitats of migratory species, including protected areas ☐ Actions to prevent, reduce or control factors that are endangering or are likely to further endanger migratory species (e.g. alien invasive species or by-catch) ☐ Minimising or eliminating barriers or obstacles to migration |
| | Research and monitoring of migratory species |
| 3 | ☑ Transboundary co-operation Does the conservation of migratory species currently feature in any other national or regional policies/plans (apart from CMS Agreements) If Yes, please provide details: see 3 a |
| 3a | Yes No □ □ Exploitation of natural resources (e.g. fisheries, hunting, etc.) □ □ Economic development □ □ Land-use planning □ □ Pollution control □ □ Designation and development of protected areas Natura 2000 areas □ □ Development of ecological networks Natura 2000 areas □ □ Planning of powerlines Place the power masts so that low parts of the lines join with migratory routes □ □ Planning of dams □ □ Other Marking powerlines by red balls |
| | V. Protected Areas |
| 1 | Are migratory species taken into account in the selection, establishment and management of protected areas in your country? |
| 1a | If Yes, please provide details: see 1a Do these protected areas cover the following areas? (If Yes, please provide details and include the amount of protected areas coverage and the number of protected areas): Yes No |
| | ☐ Terrestrial Natura 2000 areas |
| | Aquatic Natura 2000 areas |
| | ☐ Marine Natura 2000 areas |

| 1b | Identify the agency, department or organization responsible for leading on this action in your country: |
|----|---|
| | Ministry of Agriculture, Nature Management and Food Quality |
| | Provincial governments |
| | VI. Policies on Satellite Telemetry |
| 1 | In the current reporting period, has your country undertaken |
| | If Yes, please provide details (Indicate <i>inter alia</i> the scientific justification for the research, describe briefly the measures taken to ensure that risks to the welfare of individual animals and – in the case of severely depleted populations – to the species are minimised, and summarise the results obtained): |
| 2 | Are any future conservation/research projects planned that will use Yes No satellite telemetry? |
| | If Yes, please provide details (including the expected timeframe for these projects): |
| | If No, please explain any impediments or requirements in this regard: |
| | VII. Membership |
| 1 | Have actions been taken by your country to encourage non-Parties |
| | If Yes, please provide details. (In particular, describe actions taken to recruit the non-Parties that have been identified by the Standing Committee as high priorities for recruitment.) |
| 1a | Identify the agency, department or organization responsible for leading on this action in your country: |
| | VIII. Global and National Importance of CMS |
| 1 | Have actions been taken by your country to increase national, regional And/or global awareness of the relevance of CMS and its global importance in the context of biodiversity conservation? |
| | If Yes, please provide details: |
| | the process of appointing Natura 2000 areas, which included a communication plan |
| 2 | Identify the agency, department or organization responsible for leading on this action in your country: |
| | Ministry of Agriculture, Nature Management and Food Quality |
| | IX. Mobilization of Resources |
| 1 | Has your country made financial resources available for conservation activities having $X \square Yes \square No$ direct benefits for migratory species in your country? |
| | If Yes, please provide details (Indicate the migratory species that have benefited from these activities): mainly for water birds (covered by AEWA) |
| 2 | Has your country made voluntary contributions to the CMS Trust Fund to support requests from developing countries and countries with economies in transition? |
| | If Yes, please provide details: |

| 3 | Has your country made other voluntary financial contributions to support conservation activities having direct benefits for migratory species in other countries (particularly developing countries)? |
|---|---|
| | If Yes, please provide details (Indicate the migratory species that have benefited from these activities): Both in Arctic regions and in Africa: project support (birds) |
| 4 | Has your country provided technical and/or scientific assistance to x Yes No developing countries to facilitate initiatives for the benefit of migratory species? |
| | If Yes, please provide details (Indicate the migratory species that have benefited from these activities): through project implementation |
| 5 | Has your country received financial assistance/support from the CMS Trust Fund, via the CMS Secretariat, for national conservation activities having direct benefits for migratory species in your country? |
| | If Yes, please provide details (Indicate the migratory species that have benefited from these activities): |
| 6 | Has your country received financial assistance/support from sources other than the CMS Secretariat for conservation activities having direct benefit for migratory species in your country? |
| | If Yes, please provide details (Indicate the migratory species that have benefited from these activities): |
| | • from the European Commission |

X. Implementation of COP Resolutions and Recommendations

Please summarize the measures undertaken by your country to implement the substantive, operational Resolutions and Recommendations adopted by the Conference of the Parties, where these have not been mentioned elsewhere in this report, giving particular emphasis to those identified below (as appropriate).

Resolutions

Resolution 6.2 – By-catch, and Recommendation 7.2 – Implementation of Resolution 6.2 on By-catch:

This resolution is under investigation

Resolution 6.3 – Southern Hemisphere Albatross Conservation:

Resolution 7.2 – Impact Assessment and Migratory Species:

Resolution 7.3 – Oil Pollution and Migratory Species:

A European directive is in construction. Since august 1999 each form of oil dumping is prohibited. The Dutch policy and standards are based on the MARPOL-convention. Coast guards intensively monitor oil pollution from the air.

Resolution 7.4 – Electrocution of Migratory Birds:

Existing power lines which are located in migratory routes are constructed with anti bird collision devices. For new powerlines article 9 of the flora and fauna law is relevant. This article forbid killing or injuring of birds. This means that new powerlines are not allowed in places with many possible victims.

Resolution 7.5 – Wind Turbines and Migratory Species:

For new wind turbines article 9 of the flora and fauna law is relevant. This article forbid killing or injuring of birds. This means that new wind turbines are not allowed in places with many possible victims.

Resolution 7.9 – Cooperation with Other Bodies and Processes:

Resolution 7.15 – Future Action on the Antarctic Minke, Bryde's and Pygmy Right Whales under the Convention on Migratory Species:

This resolution is under investigation

Recommendations

Recommendation 7.5 – Range State Agreement for Dugong (Dugong dugon) Conservation:

Recommendation 7.6 - Improving the Conservation Status of the Leatherback Turtle (*Dermochelys coriacea*):

Recommendation 7.7 – America Pacific Flyway Programme:

Other resolutions/recommendations:

Other remarks:

Annex: Questions on specific Appendix II species

The tables below contain the list of all species listed in Appendix II. Boxes have been checked to indicate the species for which your country is considered to be a Range State. Please amend the boxes where appropriate. (If you wish to provide further information on any of these species, please attach as an annex.) Please also provide published distribution references where available.

All species of each of the Families below are listed in Appendix II. If your country is a Range State for any of the species in these Families, please enter the species name in the first column, under the relevant Family heading. Please indicate (with a 'X') whether your country is a Range State or the species is extinct and, where appropriate, please provide published distribution references. (Space is provided for ten species in each Family. If additional lines are required, please attach the information as an annex.)
