

**Format for reports of Parties on implementation of the
Convention on the Conservation of Migratory Species
of Wild Animals (revision of June 2003)**

Reporting format agreed by the Standing Committee at its 26th Meeting (Bonn, June 2003) for mandatory use by Parties, for reports submitted to the Eighth Meeting of the Conference of the Parties (COP8) (Nairobi, 2005).

The questions below combine elements of Resolution 4.1 (Party Reports) adopted by the Fourth Meeting of the Conference of the Parties (Nairobi, June 1994) and Resolution 6.4 (Strategic Plan for the Convention on Migratory Species 2000-2005), adopted by the Sixth Meeting of the Conference of the Parties (Cape Town, November 1999), as well as commitments arising from other operational Resolutions and Recommendations of the Conference of the Parties.

Please refer to the separate instructions on completing the report. Parties are encouraged to respond to all questions, since it cannot be assumed that the absence of a response indicates that no activities taken have place in the current reporting period. Parties are also requested to provide comprehensive answers, including, where appropriate, a summary of activities, information on factors limiting action and details of any assistance required.

Which agency has been primarily responsible for the preparation of this report? Ministry of Environmental Protection of Ukraine
List any other agencies that have provided input: Schmalhauzen Institute of Zoology of the National Academy of Sciences of Ukraine
Brema Laboratory

I(a). General Information

Please complete any unfilled boxes and amend and/or update as appropriate the information provided in the table below:

Reports submitted:	None
Period covered by this report:	2003–2004
Date of entry into force of the Convention in Ukraine:	1 November 1999
Territory to which the Convention applies:	Ukraine
Reservations (against species listings):	No
Designated Focal Point: Dr. Volodymyr Domashlinets Deputy Head Wildlife Protection Department Ministry of the Environment and Natural Resources ul. Urytskogo 35 03035 Kyiv 35 Ukraine Tel.: (+38 044) 206 3126 / 3127 / 3134 Fax: (+38 044) 206 3126 / 3134 E-mail: domashlinets@menr.gov.ua	Appointment to the Scientific Council: Dr. Anatoliy Poluda Head of Ukrainian Bird Ringing Centre Schmalhausen Institute of Zoology Bogdana Krmelnitskogo str. 15 01601 Kyiv 30 Ukraine Tel.: (+38 044) 235 0112 Fax: (+38 044) 224 1569 E-mail: poluda@urc.freenet.kiev.ua polud@izan.kiev.ua
Membership of the Standing Committee:	Designated member for Europe (Central and Eastern Europe).
Competent authority:	Ministry of Environmental protection of Ukraine

Implementing legislation:	<p>Law on Environmental Protection (1991)</p> <p>Law on Natural Reserve Fund (1992)</p> <p>Law on Animal World (2001)</p> <p>Law on the Red Data Book of the Ukraine (2002)</p> <p>Law on Ecological Network (2004)</p>
Other relevant conventions/agreements (apart from CMS) to which the Ukraine is a Party:	<p>Convention on International Trade in Endangered Species of Wild Fauna and Flora 1973 (CITES)</p> <p>Convention on the Conservation of European Wildlife and Natural Habitats 1979 ("Bern Convention")</p> <p>Convention on the Conservation of Wetlands of International Importance especially as Waterfowl Habitats ("Ramsar Convention")</p> <p>Convention on Protection of the Black Sea against Pollution CCAMLR</p> <p>Convention on Climate Change</p> <p>Convention to combat Desertification and</p> <p>Convention on Biological Diversity 1992 (CBD)</p>
National policy instruments (e.g. national biodiversity conservation strategy, etc.):	<p>Regulation of the Cabinet of Ministries of Ukraine "Concept on the Conservation of Biological Diversity in Ukraine" (1997)</p> <p>Order of the Cabinet of Ministries "On the Strategy of Biodiversity Conservation" (2004)</p>

I(b). Additional General Information

1	<p>Which other government departments are involved in activities/initiatives for the conservation of migratory species in your country? (Please list.)</p> <p>National Academy of Science of Ukraine</p> <p>State Department for Fisheries of the Ministry of Agricultural Policy of Ukraine</p> <p>State Forestry Committee of Ukraine</p>
1a	<p>If more than one government department is involved, describe the interaction/relationship between these government departments:</p> <p>The Ministry of Environmental Protection is a governmental body adopting annual limits for taking from the wild the hunting animals as well as water living resources including fishes thus regulating their commercial exploitation and coordinating of relevant conservation and/or restoration efforts</p> <p>Schmalhauzen Institute of Zoology of the National Academy of Sciences of Ukraine provides assessments of population status of migratory species in Ukraine and carrying out research of animal migrations mostly birds.</p> <p>Melitopol Ornithological Station undertakes annual surveys and background monitoring of migratory birds in the south of Ukraine</p>
2	<p>List the main non-governmental organizations actively involved in initiatives for the conservation of migratory species in your country, and describe their involvement:</p> <p>Ukrainian Union for Bird Protection (UTOP) conducts surveys, initiatives and projects associated with migratory species of birds;</p> <p>BREMA Laboratory initiates and participates in a number of national and international projects and activities aimed at study and conservation of cetaceans in the Black Sea, officially recognized partner of ACCOBAMS;</p> <p>Ukrainian Centre for Bat Protection scientifically supports an implementation of EUROBATS in Ukraine;</p>
3	<p>Describe any involvement of the private sector in the conservation of migratory species in your country:</p> <p>Private Enterprize "Ecoagrofirm "Fauna" with Mr. V. Svinariiev in charge contributed to the development of a methodology of rearing in captivity of Great Bustard <i>Otis tarda</i></p>
4	<p>Note any interactions between these sectors in the conservation of migratory species in your country:</p>

II. Appendix I species

1. BIRDS

1.1 General questions on Appendix I bird species

1	Identify the Ministry, agency/department, or organisation responsible for leading actions relating to Appendix I bird species: Ministry of Environmental Protection of Ukraine National Academy of Science of Ukraine
2	Is the taking of all Appendix I bird species prohibited by the national implementing legislation cited in Table I(a) (General Information)? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No If <i>other</i> legislation is relevant, please provide details:
2a	If the taking of Appendix I bird species is prohibited by law, have any exceptions been granted to the prohibition? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7)):
3	Identify any obstacles to migration that exist in relation to Appendix I bird species: Oil Pollution, Electrocution, Illegal hunting.
3a	What actions are being undertaken to overcome these obstacles? Change of the hunting legislation - the spring hunting for birds was forbidden
3b	What assistance, if any, does your country require in order to overcome these obstacles? At present assistance is not necessary.
4	What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger bird species, including strictly controlling the introduction of, or controlling or eliminating, already introduced exotic species (Article III(4)(c))?
4a	Describe any factors that may limit action being taken in this regard:
4b	What assistance, if any, does your country require to overcome these factors? At present assistance is not necessary.

1.2 Questions on specific Appendix I bird species

The following section contains a table for each Appendix I bird species for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)

<i>Species Haliaeetus albicilla</i> – Common Name(s) White-tailed Eagle	
1	Is your country a Range State for this species? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
2	Please provide published distribution reference: National Action Plans of Conservation of Global Threatened Birds. – Kyiv, 2000. – 205 p. (Ukrainian).
3	Summarise information on population size, trends and distribution (if known): Breeding population is more 100 bp, 300-

	800 birds are wintering; positive trend are observed during 20 years.
4	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input checked="" type="checkbox"/> Research <input checked="" type="checkbox"/> Monitoring <input checked="" type="checkbox"/> Species protection <input type="checkbox"/> Species restoration <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input checked="" type="checkbox"/> Other: The relation of the people to prey birds has changed; the common improvement of a condition of the species in Europe
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
6	Describe any future activities that are planned for this species: Monitoring of breeding and wintering birds National Programme for Biodiversity Conservation for 2006–2025 is under development, where conservation measures for migratory species are foreseen

<i>Species Aquila clanga</i> – Common Name(s) Greater Spotted Eagle	
1	Is your country a Range State for this species? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
2	Please provide published distribution reference: National Action Plans of Conservation of Global Threatened Birds. – Kyiv, 2000. – 205 p. (Ukrainian).
3	Summarise information on population size, trends and distribution (if known): Breeding population estimated at 40-60bp, it is stable, the species occurs in the Northern Ukraine.
4	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input checked="" type="checkbox"/> Research <input checked="" type="checkbox"/> Monitoring <input checked="" type="checkbox"/> Species protection <input type="checkbox"/> Species restoration <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
6	Describe any future activities that are planned for this species: National Programme for Biodiversity Conservation for 2006–2025 is under development, where conservation measures for migratory species are foreseen

<i>Species Aquila heliaca</i> – Common Name(s) Imperial Eagle	
1	Is your country a Range State for this species? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
2	Please provide published distribution reference: National Action Plans of Conservation of Global Threatened Birds. – Kyiv, 2000. – 205 p. (Ukrainian).
3	Summarise information on population size, trends and distribution (if known): Breeding population estimated at 40–50 bp; it has increased slightly; the species occurs in the Eastern Ukraine mainly.

4	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input checked="" type="checkbox"/> Research <input checked="" type="checkbox"/> Monitoring <input checked="" type="checkbox"/> Species protection <input type="checkbox"/> Species restoration <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
6	Describe any future activities that are planned for this species: National Programme for Biodiversity Conservation for 2006–2025 is under development, where conservation measures for migratory species are foreseen

<i>Species Falco naumanni</i> – Common Name(s) Lesser Kestrel	
1	Is your country a Range State for this species? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
2	Please provide published distribution reference: National Action Plans of Conservation of Global Threatened Birds. – Kyiv, 2000. – 205 p. (Ukrainian).
3	Summarise information on population size, trends and distribution (if known): the species occurs in the Southern Ukraine (steppe zone); breeding population is less 50 bp; it has very strong declining trend.
4	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input type="checkbox"/> Research <input type="checkbox"/> Monitoring <input type="checkbox"/> Species protection <input type="checkbox"/> Species restoration <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? Lack of financial resources.
6	Describe any future activities that are planned for this species: National Programme for Biodiversity Conservation for 2006–2025 is under development, where conservation measures for migratory species are foreseen

<i>Species Anser erythropus</i> – Common Name(s) Lesser White-fronted Goose	
1	Is your country a Range State for this species? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
2	Please provide published distribution reference: National Action Plans of Conservation of Global Threatened Birds. – Kyiv, 2000. – 205 p. (Ukrainian).
3	Summarise information on population size, trends and distribution (if known): 300-1200 birds occur in migratory and winter seasons (mainly in Southern part); it has very strong declining trend.

4	<p>Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.)</p> <p><input type="checkbox"/> Research</p> <p><input checked="" type="checkbox"/> Monitoring of wintering birds</p> <p><input type="checkbox"/> Species protection</p> <p><input type="checkbox"/> Species restoration</p> <p><input checked="" type="checkbox"/> Habitat protection</p> <p><input type="checkbox"/> Habitat restoration</p> <p><input type="checkbox"/> Other</p>
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
6	<p>Describe any future activities that are planned for this species:</p> <p>National Programme for Biodiversity Conservation for 2006–2025 is under development, where conservation measures for migratory species are foreseen</p>

<i>Species Branta ruficollis</i> – Common Name(s) Red-breasted Goose	
1	Is your country a Range State for this species? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
2	Please provide published distribution reference: National Action Plans of Conservation of Global Threatened Birds. – Kyiv, 2000. – 205 p. (Ukrainian).
3	Summarise information on population size, trends and distribution (if known): Nearly 50 % of world population flies by during seasonal migrations through Ukraine (southern region). A small part of birds are wintering in Crimea and Odessa region.
4	<p>Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.)</p> <p><input type="checkbox"/> Research</p> <p><input checked="" type="checkbox"/> Monitoring</p> <p><input checked="" type="checkbox"/> Species protection</p> <p><input type="checkbox"/> Species restoration</p> <p><input checked="" type="checkbox"/> Habitat protection</p> <p><input type="checkbox"/> Habitat restoration</p> <p><input type="checkbox"/> Other</p>
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
6	<p>Describe any future activities that are planned for this species:</p> <p>National Programme for Biodiversity Conservation for 2006–2025 is under development, where conservation measures for migratory species are foreseen</p>

<i>Species Aythya nyroca</i> – Common Name(s) Ferruginous Pochard, Ferruginous Duck	
1	Is your country a Range State for this species? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
2	Please provide published distribution reference: National Action Plans of Conservation of Global Threatened Birds. – Kyiv, 2000. – 205 p. (Ukrainian).
3	Summarise information on population size, trends and distribution (if known): Breeding population estimated at nearly 1000 bp; it has increased slightly; the main part of Ukrainian population locate in Danube region.

4	<p>Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.)</p> <p><input checked="" type="checkbox"/> Research</p> <p><input checked="" type="checkbox"/> Monitoring</p> <p><input type="checkbox"/> Species protection</p> <p><input type="checkbox"/> Species restoration</p> <p><input checked="" type="checkbox"/> Habitat protection</p> <p><input type="checkbox"/> Habitat restoration</p> <p><input type="checkbox"/> Other</p>
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
6	<p>Describe any future activities that are planned for this species:</p> <p>National Programme for Biodiversity Conservation for 2006–2025 is under development, where conservation measures for migratory species are foreseen</p>

<i>Species Oxyura leucocephala</i> – Common Name(s) White-headed Duck	
1	Is your country a Range State for this species? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
2	Please provide published distribution reference: National Action Plans of Conservation of Global Threatened Birds. – Kyiv, 2000. – 205 p. (Ukrainian).
3	Summarise information on population size, trends and distribution (if known): Species don't breed in Ukraine more 100 years. The birds meet very seldom during migrations and wintering.
4	<p>Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.)</p> <p><input type="checkbox"/> Research</p> <p><input type="checkbox"/> Monitoring</p> <p><input type="checkbox"/> Species protection</p> <p><input type="checkbox"/> Species restoration</p> <p><input checked="" type="checkbox"/> Habitat protection</p> <p><input type="checkbox"/> Habitat restoration</p> <p><input type="checkbox"/> Other</p>
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
6	<p>Describe any future activities that are planned for this species:</p> <p>National Programme for Biodiversity Conservation for 2006–2025 is under development, where conservation measures for migratory species are foreseen</p>

<i>Species Pelecanus crispus</i> – Common Name(s) Dalmatian Pelican	
1	Is your country a Range State for this species? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
2	Please provide published distribution reference: National Action Plans of Conservation of Global Threatened Birds. – Kyiv, 2000. – 205 p. (Ukrainian). Zmud M.E. Change in the status of Pelicans in the Northern Black Sea coast on the border of Millennia. – Branta, № 3. – 2000. – P.112–117 (Russian).
3	Summarise information on population size, trends and distribution (if known): Some pairs breed are not regular on lake Kugurluy (Danube region).

4	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input type="checkbox"/> Research <input checked="" type="checkbox"/> Monitoring <input type="checkbox"/> Species protection <input type="checkbox"/> Species restoration <input checked="" type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
6	Describe any future activities that are planned for this species: National Programme for Biodiversity Conservation for 2006–2025 is under development, where conservation measures for migratory species are foreseen

Species Pelecanus onocrotalus – Common Name(s) White Pelican

1	Is your country a Range State for this species? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
2	Please provide published distribution reference: Zmud M.E. Change in the status of Pelicans in the Northern Black Sea coast on the border of Millennium. – Branta, № 3. – 2000. – P.112-117 (Russian). Yaremchenko O. Breeding of White Pelican in Black-sea reserve and ways its protection // Birds of Azov-Black Sea region on border of Millennium. – Odessa, 2000. – P. 64.
3	Summarise information on population size, trends and distribution (if known): White Pelican have began breed some years back in Ukraine. In 1999 100 pairs bred in Black-Sea biosphere reserve and 50 pairs - in Crimea (Swans islands).
4	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input checked="" type="checkbox"/> Research <input checked="" type="checkbox"/> Monitoring <input checked="" type="checkbox"/> Species protection <input type="checkbox"/> Species restoration <input checked="" type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
6	Describe any future activities that are planned for this species: National Programme for Biodiversity Conservation for 2006–2025 is under development, where conservation measures for migratory species are foreseen

Species Otis tarda – Common Name(s) Great Bustard

1	Is your country a Range State for this species? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
2	Please provide published distribution reference: National Action Plans of Conservation of Global Threatened Birds. – Kyiv, 2000. – 205 p. (Ukrainian).
3	Summarise information on population size, trends and distribution (if known): Breeding population estimate at 800 birds (130-170 females are breeding). During winter period near 8000 birds concentrate in Crimea, Kherson and Zaporizh'a regions.

4	<p>Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.)</p> <p><input checked="" type="checkbox"/> Research</p> <p><input checked="" type="checkbox"/> Monitoring</p> <p><input checked="" type="checkbox"/> Species protection</p> <p><input type="checkbox"/> Species restoration</p> <p><input type="checkbox"/> Habitat protection</p> <p><input type="checkbox"/> Habitat restoration</p> <p><input type="checkbox"/> Other</p>
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
6	<p>Describe any future activities that are planned for this species:</p> <p>National Programme for Biodiversity Conservation for 2006–2025 is under development, where conservation measures for migratory species are foreseen</p>

<i>Species Numenius tenuirostris</i> – Common Name(s) Slender-billed Curlew	
1	Is your country a Range State for this species? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
2	Please provide published distribution reference: National Action Plans of Conservation of Global Threatened Birds. – Kyiv, 2000. – 205 p. (Ukrainian).
3	Summarise information on population size, trends and distribution (if known): During autumn migration (August-September) birds (till 10) are meeting on Azov-Black sea coast annually.
4	<p>Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.)</p> <p><input type="checkbox"/> Research</p> <p><input checked="" type="checkbox"/> Monitoring</p> <p><input type="checkbox"/> Species protection</p> <p><input type="checkbox"/> Species restoration</p> <p><input type="checkbox"/> Habitat protection</p> <p><input type="checkbox"/> Habitat restoration</p> <p><input type="checkbox"/> Other</p>
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
6	<p>Describe any future activities that are planned for this species:</p> <p>National Programme for Biodiversity Conservation for 2006–2025 is under development, where conservation measures for migratory species are foreseen</p>

<i>Species Acrocephalus paludicola</i> – Common Name(s) Aquatic Warbler	
1	Is your country a Range State for this species? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
2	Please provide published distribution reference: National Action Plans of Conservation of Global Threatened Birds. – Kyiv, 2000. – 205 p. (Ukrainian). POLUDA A.M., M. FLADE, I.V. DAVIDENKO, G.G.GAVRIS, & I.M. GORBAN (2001): The Present Distribution and Population Size of the Aquatic Warbler (<i>Acrocephalus paludicola</i>) in Ukraine. Vestnik zoologii Vol.35, N 5: 51-59 (Russian).
3	Summarise information on population size, trends and distribution (if known): In Ukraine the number breeding males is estimated in 2600 - 3400 birds, that makes almost 20 % of a world population. It are mainly concentrated at the following sites: 1. The Pripyat population group: Upper Pripyat and tributaries (Volyn and Rivne regions) 1,850 - 2,500 males. 2. The

	Desna-Dniepr population group: Kyiv and Chernigiv regions c. 500 - 580 males. Despite of the lack of reliable reference data one can assume, that the Aquatic Warbler must have suffered a dramatic decline due to habitat loss in the whole Ukraine during the past decades.
4	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input checked="" type="checkbox"/> Research <input checked="" type="checkbox"/> Monitoring <input checked="" type="checkbox"/> Species protection <input type="checkbox"/> Species restoration <input checked="" type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
6	Describe any future activities that are planned for this species: National Programme for Biodiversity Conservation for 2006–2025 is under development, where conservation measures for migratory species are foreseen

If you have information indicating that your country should be considered a Range State for any other bird species that is listed in CMS Appendix I, but which is not included in the tables above, please complete a table (provided below) for each species.

<i>Species name, Common Name(s):</i>	
1	Please provide published distribution reference:
2	Summarise information on population size, trends and distribution (if known):
3	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input type="checkbox"/> Research <input type="checkbox"/> Monitoring <input type="checkbox"/> Species protection <input type="checkbox"/> Species restoration <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other
4	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
5	Describe any future activities that are planned for this species:

Miscellaneous information or comments on Appendix I birds in general:

2. MARINE MAMMALS

2.1 General questions on Appendix I marine mammals

1	Identify the Ministry, agency/department, or organisation responsible for leading actions relating to Appendix I listed marine mammals: Ministry of Environmental Protection, State Department for Fishery of the Ministry of Agricultural Policy, National Academy of Science of Ukraine
2	Is the taking of all Appendix I marine mammals prohibited by the national implementing legislation cited in Table I(a) (General Information)? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No If <i>other</i> legislation is relevant, please provide details:
2a	If the taking of Appendix I marine mammals is prohibited by law, have any exceptions been granted to the prohibition? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7)):
3	Identify any obstacles to migration that exist in relation to Appendix I marine mammals:
3a	What actions are being undertaken to overcome these obstacles?
3b	What assistance, if any, does your country require in order to overcome these obstacles?
4	What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species of marine mammal, including strictly controlling the introduction of, or controlling or eliminating, already introduced exotic species (Article III(4)(c))?
4a	Describe any factors that may limit action being taken in this regard:
4b	What assistance, if any, does your country require to overcome these factors?

2.2 Questions on specific Appendix I marine mammals

If you have information indicating that your country should be considered a Range State for any marine mammal species that is listed in CMS Appendix I, please complete a table (provided below) for each species.

<i>Species name: Monachus monachus - Common name(s): Mediterranean monk seal</i>	
1	Please provide published distribution reference:
2	Summarise information on population size, trends and distribution (if known): The species is only once registered in Danube delta (sea part) during last ten years, thus is considered to be possibly extinct in Ukraine
3	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input type="checkbox"/> Research <input type="checkbox"/> Monitoring

	<input type="checkbox"/> Species protection <input type="checkbox"/> Species restoration <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other
4	<p>If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?</p> <p>The species considered to be extinct in Ukraine</p>
5	Describe any future activities that are planned for this species:

Miscellaneous information or comments on Appendix I marine mammals in general:

3 MARINE TURTLES

3.1 General questions on Appendix I marine turtles

1	Identify the Ministry, agency/department, or organisation responsible for leading actions relating to Appendix I listed marine turtles: There are no Appendix I listed marine turtles in Ukraine
2	Is the taking of all Appendix I marine turtles prohibited by the national implementing legislation cited in Table I(a) (General Information)? <input type="checkbox"/> Yes <input type="checkbox"/> No If <i>other</i> legislation is relevant, please provide details:
2a	If the taking of Appendix I marine turtles is prohibited by law, have any exceptions been granted to the prohibition? <input type="checkbox"/> Yes <input type="checkbox"/> No If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7)):
3	Identify any obstacles to migration that exist in relation to Appendix I marine turtles:
3a	What actions are being undertaken to overcome these obstacles?
3b	What assistance, if any, does your country require in order to overcome these obstacles?
4	What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species of marine turtles, including strictly controlling the introduction of, or controlling or eliminating, already introduced exotic species (Article III(4)(c))?
4a	Describe any factors that may limit action being taken in this regard:
4b	What assistance, if any, does your country require to overcome these factors?

3.2 Questions on specific Appendix I marine turtles

If you have information indicating that your country should be considered a Range State for any marine turtle species that is listed in CMS Appendix I, please complete a table (provided below) for each species.

<i>Species name, Common name(s):</i>	
1	Please provide published distribution reference:
2	Summarise information on population size, trends and distribution (if known):
3	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available): <input type="checkbox"/> Research <input type="checkbox"/> Monitoring <input type="checkbox"/> Species protection

	<input type="checkbox"/> Species restoration <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other
4	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
5	Describe any future activities that are planned for this species?

Miscellaneous information or comments on Appendix I marine turtles in general:

4 TERRESTRIAL MAMMALS (OTHER THAN BATS)

4.1 General questions on Appendix I terrestrial mammals (other than bats)

1	Identify the Ministry, agency/department, or organisation responsible for leading actions relating to Appendix I listed terrestrial mammals (other than bats): There are no Appendix I listed terrestrial mammals in Ukraine
2	Is the taking of all Appendix I terrestrial mammals (other than bats) prohibited by the national implementing legislation cited in Table I(a) (General Information)? <input type="checkbox"/> Yes <input type="checkbox"/> No If <i>other</i> legislation is relevant, please provide details:
2a	If the taking of Appendix I terrestrial mammals (other than bats) is prohibited by law, have any exceptions been granted to the prohibition? <input type="checkbox"/> Yes <input type="checkbox"/> No If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7)):
3	Identify any obstacles to migration that exist in relation to Appendix I terrestrial mammals (other than bats):
3a	What actions are being undertaken to overcome these obstacles?
3b	What assistance, if any, does your country require in order to overcome these obstacles?
4	What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species of terrestrial mammal (other than bats), including strictly controlling the introduction of, or controlling or eliminating, already introduced exotic species (Article III(4)(c))?
4a	Describe any factors which limit action being taken in this regard:
4b	What assistance, if any, does your country require to overcome these factors?

4.2 Questions on specific Appendix I terrestrial mammals (other than bats)

If you have information indicating that your country should be considered a Range State for any terrestrial mammal species (other than bats) that is listed in CMS Appendix I, please complete a table (provided below) for each species.

<i>Species name, Common name(s):</i>	
1	Please provide published distribution reference:
2	Summarise information on population size, trends and distribution (if known):
3	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input type="checkbox"/> Research <input type="checkbox"/> Monitoring <input type="checkbox"/> Species protection

	<input type="checkbox"/> Species restoration <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other
4	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
5	Describe any future activities that are planned for this species:

Miscellaneous information or comments on Appendix I terrestrial mammals (other than bats) in general:

5 BATS

5.1 General questions on Appendix I bats

1	Identify the Ministry, agency/department, or organisation responsible for leading actions relating to Appendix I listed bats: There are no Appendix I listed bats in Ukraine
2	Is the taking of all Appendix I bats prohibited by the national implementing Legislation cited in Table I(a) (General Information)? <input type="checkbox"/> Yes <input type="checkbox"/> No If <i>other</i> legislation is relevant, please provide details:
2a	If the taking of Appendix I bats is prohibited by law, have any exceptions Been granted to the prohibition? <input type="checkbox"/> Yes <input type="checkbox"/> No If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7)):
3	Identify any obstacles to migration that exist in relation to Appendix I bats:
3a	What actions are being undertaken to overcome these obstacles?
3b	What assistance, if any, does your country require in order to overcome these obstacles?
4	What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species of bats, including strictly controlling the introduction of, or controlling or eliminating, already introduced exotic species (Article III(4)(c))?
4a	Describe any factors that may limit action being taken in this regard:
4b	What assistance, if any, does your country require to overcome these factors?

5.2 Questions on specific Appendix I bat species

If you have information indicating that your country should be considered a Range State for any bat species that is listed in CMS Appendix I, please complete a table (provided below) for each species.

<i>Species name, Common name(s):</i>	
1	Please provide published distribution reference:
2	Summarise information on population size, trends and distribution (if known):
3	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available): <input type="checkbox"/> Research <input type="checkbox"/> Monitoring <input type="checkbox"/> Species protection

	<input type="checkbox"/> Species restoration <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other
4	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
5	Describe any future activities that are planned for this species?

Miscellaneous information or comments on Appendix I bats in general:

6 OTHER TAXA

6.1 General questions on Appendix I species belonging to other taxa

1	Identify the Ministry, agency/department, or organisation responsible for leading actions relating to Appendix I listed species belonging to taxa not included in sections 1-5 above: There are no other Appendix I taxa species in Ukraine belonging to taxa not included in sections 1–5 above
2	Is the taking of all Appendix I species belonging to taxa not included in sections 1-5 above, prohibited by the national legislation listed as being implementing legislation in Table I(a) (General Information)? <input type="checkbox"/> Yes <input type="checkbox"/> No If <i>other</i> legislation is relevant, please provide details:
2a	If the taking of Appendix I species belonging to taxa not included in sections 1-5 above is prohibited by law, have any exceptions been granted to the prohibition? <input type="checkbox"/> Yes <input type="checkbox"/> No If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7)):
3	Identify any obstacles to migration that exist in relation to Appendix I species belonging to taxa not included in sections 1-5 above:
3a	What actions are being undertaken to overcome these obstacles?
3b	What assistance, if any, does your country require in order to overcome these obstacles?
4	What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species belonging to taxa not included in section 1-5 above, including strictly controlling the introduction of, or controlling or eliminating, already introduced exotic species (Article III(4)(c))?
4a	Describe any factors that may limit action being taken in this regard:
4b	What assistance, if any, does your country require to overcome these factors?

6.2 Questions on specific Appendix I species belonging to other taxa

If you have information indicating that your country should be considered a Range State for any Appendix I listed species that belongs to taxa not included in sections 1-5 above, please complete a table (provided below) for each species.

<i>Species name, Common name(s):</i>	
1	Please provide published distribution reference:
2	Summarise information on population size, trends and distribution (if known):
3	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available): <input type="checkbox"/> Research

	<input type="checkbox"/> Monitoring <input type="checkbox"/> Species protection <input type="checkbox"/> Species restoration <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other
4	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
5	Describe any future activities that are planned for this species?

Miscellaneous information or comments on Appendix I species that belong to taxa not included in sections 1-5 above:

7 LISTING OF OTHER ENDANGERED MIGRATORY SPECIES IN APPENDIX I

1	Is your country a Range State for any other endangered migratory species not currently listed in Appendix I? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
1a	Is your country taking any steps to propose listing any of these species? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
1b	What assistance, if any, does your country require to initiate the listing of these species?	

III. Appendix II Species

1. INFORMATION ON APPENDIX II SPECIES

Information pertaining to the conservation of Appendix II species that are the object of CMS Agreements will have been provided in periodic Party reports to those instruments. It will suffice therefore to reference (below), and preferably append, a copy of the latest report that has been submitted to the secretariat each of the Agreement/MoUs to which your country is a Party.

ACCOBAMS (2001)	
Date of last report: 2004	Period covered: 2003–2004
GREAT BUSTARD MoU (2001)	
Date of last report: 2004	Period covered: 2003–2004
SLENDER-BILLED CURLEW MoU (1994)	
Date of last report: no yet submitted	Period covered:
EUROBATS (1994)	
Date of last report: 2005	Period covered: 2004–2005
AEWA (1999)	
Date of last report: not yet submitted	Period covered:
ALBATROSSES AND PETRELS (2001)	
Date of last report: not submitted	Period covered:

2. QUESTIONS ON CMS AGREEMENTS

2.1 Questions on the development of new CMS Agreements relating to birds

1	In the current reporting period, has your country initiated the development of any CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II bird species? If Yes, what is the current state of development?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
2	In the current reporting period, has your country participated in the development of any CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II bird species? If Yes, please provide details: Aquatic Warbler MoU, finalization of the Action Plan	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
3	If your country has initiated or is participating in the development of an Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development?	
4	Is the development of any CMS Agreement for birds, including Memoranda of Understanding, planned by your country in the foreseeable future? If Yes, please provide details: the African-Eurasian migratory raptors Agreement.	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No

2.2 Questions on the development of new CMS Agreements relating to marine mammals

1	In the current reporting period, has your country initiated the development of any CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II marine mammal species? If Yes, what is the current state of development?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
---	--	---

2	In the current reporting period, has your country participated in the development of any CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II marine mammal species? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
3	If your country has initiated or is participating in the development of an Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development?	
4	Is the development of any CMS Agreement for marine mammals, including Memoranda of Understanding, planned by your country in the foreseeable future? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No

2.3 Questions on the development of new CMS Agreements relating to marine turtles

1	In the current reporting period, has your country initiated the development of any CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II marine turtles? If Yes, what is the current state of development?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
2	In the current reporting period, has your country participated in the development of any CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II marine turtles? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
3	If your country has initiated or is participating in the development of an Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development?	
4	Is the development of any CMS Agreement for marine turtles, including Memoranda of Understanding, planned by your country in the foreseeable future? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No

2.4 Questions on the development of new CMS Agreements relating to terrestrial mammals (other than bats)

1	In the current reporting period, has your country initiated the development of any CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II terrestrial mammal species (other than bats)? If Yes, what is the current state of development?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
2	In the current reporting period, has your country participated in the development of any CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II terrestrial mammal species (other than bats)? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
3	If your country has initiated or is participating in the development of an Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development?	
4	Is the development of any CMS Agreement for terrestrial mammals (other than bats), Including Memoranda of Understanding, planned by your country in the foreseeable future? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No

2.5 Questions on the development of new CMS Agreements relating to bats

1	In the current reporting period, has your country initiated the development of any CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II bat species?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
---	---	---

	If Yes, what is the current state of development?	
2	In the current reporting period, has your country participated in the development of any CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II bat species? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
3	If your country has initiated or is participating in the development of an Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development?	
4	Is the development of any CMS Agreement for bats, including Memoranda of Understanding, planned by your country in the future? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No

2.6 Questions on the development of new CMS Agreements relating to other taxa

1	In the current reporting period, has your country initiated the development of any CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II species belonging to taxa not included in sections 1-6 above? If Yes, what is the current state of development?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
2	In the current reporting period, has your country participated in the development of any CMS Agreements, including Memoranda of Understanding, which address the conservation needs of species belonging to taxa not included in sections 1-6 above? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
3	If your country has initiated or is participating in the development of an Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development?	
4	Is the development of any CMS Agreement for other taxa, including Memoranda of Understanding, planned by your country in the foreseeable future? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No

3. LISTING OF MIGRATORY SPECIES IN APPENDIX II

1	Is your country a Range State for any migratory species that has an unfavorable conservation status, but is <u>not</u> currently listed in Appendix II and could benefit from the conclusion of an Agreement for its conservation? If Yes, please provide details: A lot of Raptors has an unfavorable conservation status; and Little Bustard (<i>Tetrax tetrax</i>) also.	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
1a	Is your country taking any steps to propose the listing of this/these species in Appendix II? If Yes, please provide details: We think <i>the African-Eurasian migratory raptors Agreement will be prepared soon.</i>	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
1b	What assistance, if any, does your country require to initiate the listing of this/these species?	

IV. National and Regional Priorities

1	What priority does your country assign to the conservation and, where applicable, sustainable use of migratory species in comparison to other biodiversity-related issues?	<input type="checkbox"/> Low <input checked="" type="checkbox"/> Medium <input type="checkbox"/> High
2	Are migratory species and their habitats addressed by your country's national biodiversity strategy or action plan?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
If Yes, please indicate and briefly describe the extent to which it addresses the following issues:		
<input type="checkbox"/> Conservation, sustainable use and/or restoration of migratory species		
<input checked="" type="checkbox"/> Conservation, sustainable use and/or restoration of the habitats of migratory species, including protected areas		
<input type="checkbox"/> Actions to prevent, reduce or control factors that are endangering or are likely to further endanger migratory species (e.g. alien invasive species or by-catch)		
<input type="checkbox"/> Minimising or eliminating barriers or obstacles to migration		
<input type="checkbox"/> Research and monitoring of migratory species		
<input type="checkbox"/> Transboundary co-operation		
3	Does the conservation of migratory species currently feature in any other national or regional policies/plans (apart from CMS Agreements)?	<input type="checkbox"/> Yes <input type="checkbox"/> No
If Yes, please provide details:		
3a	Do these policies/plans cover the following areas (if Yes, please provide details):	
Law of Ukraine on the National Programme of forming of the National Ecological Network of Ukraine for 2000–2015		
Yes No		
<input checked="" type="checkbox"/> <input type="checkbox"/> Exploitation of natural resources (e.g. fisheries, hunting, etc.)		
<input type="checkbox"/> <input type="checkbox"/> Economic development		
<input checked="" type="checkbox"/> <input type="checkbox"/> Land-use planning		
<input type="checkbox"/> <input type="checkbox"/> Pollution control		
<input checked="" type="checkbox"/> <input type="checkbox"/> Designation and development of protected areas		
<input checked="" type="checkbox"/> <input type="checkbox"/> Development of ecological networks		
<input type="checkbox"/> <input type="checkbox"/> Planning of powerlines		
<input type="checkbox"/> <input type="checkbox"/> Planning of fences		
<input type="checkbox"/> <input type="checkbox"/> Planning of dams		
<input type="checkbox"/> <input type="checkbox"/> Other		

V. Protected Areas

1	Are migratory species taken into account in the selection, establishment and management of protected areas in your country?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
If Yes, please provide details:		
1a	Do these protected areas cover the following areas? (If Yes, please provide details and include the amount of protected areas coverage and the number of protected areas):	
Yes No		
<input checked="" type="checkbox"/> <input type="checkbox"/> Terrestrial		
<input checked="" type="checkbox"/> <input type="checkbox"/> Aquatic		

	<input type="checkbox"/> <input checked="" type="checkbox"/> Marine
1b	Identify the agency, department or organization responsible for leading on this action in your country: State Service for Protected Areas Affairs

VI. Policies on Satellite Telemetry

1	In the current reporting period, has your country undertaken conservation/research projects that use satellite telemetry? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If Yes, please provide details (Indicate <i>inter alia</i> the scientific justification for the research, describe briefly the measures taken to ensure that risks to the welfare of individual animals and – in the case of severely depleted populations – to the species are minimised, and summarise the results obtained):
2	Are any future conservation/research projects planned that will use satellite telemetry? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If Yes, please provide details (including the expected timeframe for these projects): If No, please explain any impediments or requirements in this regard: Lack of finances

VII. Membership

1	Have actions been taken by your country to encourage non-Parties to join CMS and its related Agreements? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No If Yes, please provide details. (In particular, describe actions taken to recruit the non-Parties that have been identified by the Standing Committee as high priorities for recruitment.)
1a	Identify the agency, department or organization responsible for leading on this action in your country: In the capacity of the regional member of the CMS Standing Committee there were contacts with officials from the Russian Federations to encourage the country to join CMS or/and its agreements and MoU

VIII. Global and National Importance of CMS

1	Have actions been taken by your country to increase national, regional and/or global awareness of the relevance of CMS and its global importance in the context of biodiversity conservation? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No If Yes, please provide details: there was a number of conservation seminars and workshops conducted in Ukraine where migratory species was one of the item
2	Identify the agency, department or organization responsible for leading on this action in your country: Ministry of Environmental Protection of Ukraine

IX. Mobilization of Resources

1	Has your country made financial resources available for conservation activities having direct benefits for migratory species in your country? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No If Yes, please provide details (Indicate the migratory species that have benefited from these activities): mostly birds
2	Has your country made voluntary contributions to the CMS Trust Fund to support requests from developing countries and countries with economies in transition? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No

	If Yes, please provide details:	
3	Has your country made other voluntary financial contributions to support conservation activities having direct benefits for migratory species in other countries (particularly developing countries)? If Yes, please provide details (Indicate the migratory species that have benefited from these activities):	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
4	Has your country provided technical and/or scientific assistance to developing countries to facilitate initiatives for the benefit of migratory species? If Yes, please provide details (Indicate the migratory species that have benefited from these activities):	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
5	Has your country received financial assistance/support from the CMS Trust Fund, via the CMS Secretariat, for national conservation activities having direct benefits for migratory species in your country? If Yes, please provide details (Indicate the migratory species that have benefited from these activities): Slender-Billed Curlew	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
6	Has your country received financial assistance/support from sources other than the CMS Secretariat for conservation activities having direct benefit for migratory species in your country? If Yes, please provide details (Indicate the migratory species that have benefited from these activities): birds, bats and marine mammals	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No

X. Implementation of COP Resolutions and Recommendations

Please summarize the measures undertaken by your country to implement the substantive, operational Resolutions and Recommendations adopted by the Conference of the Parties, where these have not been mentioned elsewhere in this report, giving particular emphasis to those identified below (as appropriate).

Resolutions

Resolution 6.2 – By-catch, and Recommendation 7.2 – Implementation of Resolution 6.2 on By-catch: Fishery regime for the Balck Sea and Sea of Azov were amended to include measures aimed at mitigation of dolphin by-catch

Resolution 6.3 – Southern Hemisphere Albatross Conservation:

Resolution 7.2 – Impact Assessment and Migratory Species: There is a requirement of Law of Ukraine "On Animal Kingdom" to take migratory species considerations into account while making Environmental Impact Assessments

Resolution 7.3 – Oil Pollution and Migratory Species: no direct actions taken

Resolution 7.4 – Electrocutation of Migratory Birds: The Ministry of Fuel and Energy are contacted to discuss measures to decrease electrocutation and the data are being collected on the level of threats of electrocutation for migratory species

Resolution 7.5 – Wind Turbines and Migratory Species: The Ministry of Fuel and Energy are contacted to discuss possible impact of wind turbines development on migratory species

Resolution 7.9 – Cooperation with Other Bodies and Processes: There is constant cooperation between the Ministry of Environmental Protection and National Academy of Sciences of Ukraine, Ukrainian Society for Bird Conservation, Ukrainian Centre for Bat Protection, BREMA Laboratory and other scientific and/or non-governmental on the matters relevant to the conservation of migratory species

Resolution 7.15 – Future Action on the Antarctic Minke, Bryde's and Pygmy Right Whales under the Convention on Migratory Species:

Recommendations

Recommendation 7.5 – Range State Agreement for Dugong (*Dugong dugon*) Conservation:

Recommendation 7.6 – Improving the Conservation Status of the Leatherback Turtle (*Dermochelys coriacea*):

Recommendation 7.7 – America Pacific Flyway Programme:

Other resolutions/recommendations:

Other remarks:

Annex: Questions on specific Appendix II species

The tables below contain the list of all species listed in Appendix II. Boxes have been checked to indicate the species for which your country is considered to be a Range State. Please amend the boxes where appropriate. (If you wish to provide further information on any of these species, please attach as an annex.) Please also provide published distribution references where available.

Species	Range State	Not a Range State	Extinct	No information available	Published distribution reference
CHIROPTERA					
<i>Rhinolophus ferrumequinum</i> (only European populations)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	Red Data Book of Ukraine. Animals. – Kyiv, 1994. – 464 p. (Ukrainian).

All species of each of the Families below are listed in Appendix II. If your country is a Range State for any of the species in these Families, please enter the species name in the first column, under the relevant Family heading. Please indicate (with a 'X') whether your country is a Range State or the species is extinct and, where appropriate, please provide published distribution references. (Space is provided for ten species in each Family. If additional lines are required, please attach the information as an annex.)
