13<sup>th</sup> MEETING OF THE CONFERENCE OF THE PARTIES  
Gandhinagar, India, 17 - 22 February 2020  
Agenda Item 20

**LIST OF RANGE STATE OF MIGRATORY SPECIES  
COVERED BY THE CMS APPENDICES**

*(Prepared by the Secretariat)*

**Summary:**

This document includes a list of Range States of migratory species covered by the CMS Appendices, prepared by the Secretariat pursuant to Art. VI paragraph 1 of the Convention.

The present list takes into account relevant information provided by the Parties in their national reports.

## **Table preparation**

1. This List of Range States of migratory species covered by the CMS Appendices was prepared by the Secretariat pursuant to Art. VI paragraph 1 of the Convention.
2. Information concerning Parties was retrieved from the CMS National Reports to COP13, in which Parties were requested to confirm the species and subspecies covered by the CMS Appendices for which they considered themselves as a Range State.
3. Information concerning non-Parties is retrieved from the online Database of the Secretariat accessible through the CMS website.
4. For those Parties that submitted their national report, only the species and subspecies for which they confirmed their status as a Range State in the amendment section of the questionnaire were considered. The list of countries in the Range State column does not distinguish whether the species occur in the “countries’ mainland” or “dependent territories, overseas departments or others”. The species and subspecies categorized as vagrants are not considered in this compilation.
5. In the case of taxa listed in the Appendices for specific regions, or excluding specific regions, only the geographic range covered by the listing is considered for the purpose of identifying the Range States for the taxon.

## **Table description**

6. A number of country names have been inverted to facilitate reference as follows: “BOLIVIA (PLURINATIONAL STATE OF)” and “IRAN (ISLAMIC REPUBLIC OF)”.
7. A number of abbreviated names have been used, some example includes: “UNITED KINGDOM” for the “UNITED KINGDOM OF GREAT BRITAIN AND NORTHERN IRELAND”.
8. The names of Range States that are Parties to the Convention are shown in capitalized type (e.g. “ARGENTINA”).
9. The designations employed and the presentation of material in this list do not imply the expression of any opinion whatsoever on the part of the Secretariat concerning the legal status of any country, territory or area or of its authorities, or concerning the delimitation of frontiers and boundaries.
