UNEP/CMS/COP14/Doc.32.2.5

RECOMMENDATIONS TO COP14

Recommended for closure.

GENERAL COMMENTS ON THE DOCUMENT

- The Scientific Council recommended that the Concerted Action be closed, as suggested in the report.
- The output of this Concerted Action was discussed under agenda item 14.2.5 (UNEP/CMS/COP14/Doc.27.5.2/Rev.1).
- One of the lessons learnt from the process of implementing this Concerted Action (CA) was that having a body taking ownership of the CA, so that implementation does not rely solely on the Secretariat and CMS funding, was very useful. That and engaging with stakeholders were key elements in progressing a CA.
