*Make sure you have a stable internet connection (preferably cable), well-functioning web camera and headset by testing them before the meeting.*

*Choose a quiet environment for the call. Any background noises or other distractions may interfere with the meeting.*

*Choose a location with good lighting and clear background.*

*Presenters should have presentations ready and open on their computers in advance. The presenters will be able to share their screen with the meeting participants. Please also send the presentation to the Secretariat [iosea@un.org](mailto:iosea@un.org) well in advance of the meeting.*

## **During the Meeting**

Online session will be open 15 minutes before the scheduled start. The Secretariat will email all participants the link to the meeting.

Before entering the online meeting, participants should enter their name or change their display name (see [instructions here](#)). MTTF Members, please enter your name using the following format: **Country\_FirstName FamilyName** (e.g. Tanzania\_Lindsey West). Observers should please use this format **OBS\_FirstName FamilyName**.

To ask for the floor, type your name in the chat window. The Chair will then give the floor following the speaker queue.

For better engagement, all MTTF Members are asked to turn their web cameras on. For Observers, this will be made dependent on the network strength of Members. Using a headset is recommended for an improved audio experience.

To avoid background noises that may interfere with the call, always mute your microphone when not speaking.

Kindly be mindful of time during the meeting – covering all agenda items in the planned timeframe will require a joint effort from everyone.

All information related to the meeting will be made available on the [meeting website](#).
