

2017 - NATIONAL REPORT OF PARTIES ON THE IMPLEMENTATION OF THE CONVENTION ON THE CONSERVATION OF MIGRATORY SPECIES OF WILD ANIMALS

The deadline for submission of the reports is 24 April 2017. The reporting period is from May 2014 to April 2017.

Parties are encouraged to respond to all questions. Parties are also requested to provide comprehensive answers, including, where appropriate, a summary of activities, information on factors limiting action and details of any assistance required.

The reporting format was agreed by the Standing Committee at its 40th Meeting (Bonn, November 2012) for mandatory use by Parties, for reports submitted to the Eleventh Meeting of the Conference of the Parties (COP11). The 45th meeting of the Standing Committee recommended the use of the same format for reports submitted to COP12, with necessary adjustments to take into account relevant COP11 decisions, in particular amendments to the Appendices and resolutions.

COP Resolution 9.4 adopted at Rome called upon the Secretariats and Parties of CMS Agreements to collaborate in the implementation and harmonization of online reporting implementation. The CMS Family Online Reporting System (ORS) has been successfully implemented and used by AEWA in their last Meeting of the Parties (MOP 5, 2012) reporting cycle. CMS now offers the Convention's Parties to use the ORS for submitting their national reports for the COP11(2014) reporting cycle.

Please enter here the name of your country > Fiji

Which agency has been primarily responsible for the preparation of this report? > Department of Environment

Please list any other agencies that have provided input > Department of Fisheries

I(a). General Information

Please enter the required information in the table below:

Party

Date of entry into force of the Convention in your country > 4th January, 2013

Period covered > 01st May, 2014 – 01st April, 2017

Territories to which the Convention applies > Fiji Waters.

Designated National Focal Point

Full name of the institution > Department of Environment

Name and title of designated Focal Point > Ms. Sandeep Singh, Director - Department of Environment

Involvement of other government departments/NGOs/private sector

1. Which other government departments are involved in activities/initiatives for the conservation of migratory species in your country? (Please list.)>

Department of Fisheries

2. If more than one government department is involved, describe the interaction/relationship between these government departments: >

Department of Fisheries is responsible for the technical aspect of the migratory species research and contributes to policy formulation together with the Department of Environment.

3. Has a national liaison system or committee been established in your country?

The Species Working Group under the National Biodiversity Strategy and Action Plan (NBSAP) liaises on the species, which includes the migratory species.

Please select only one option

Yes

> No

Please provide contact information >

4. List the main non-governmental organizations actively involved in activities/initiatives for the conservation of migratory species in your country, and describe their involvement:>

World Wildlife Fund for Nature

Wildlife Conservation Society

- 4a. Please provide detail on any devolved government/overseas territory authorities involved. >

South Pacific Regional Environment Program (SPREP) assists the country in implementing the regional Marine Species Action Plan which addresses the issues regarding migratory species in the region as well provides in country training and funding assistance.

5. Describe any involvement of the private sector in the conservation of migratory species in your country: >

6. Note any interactions between these sectors in the conservation of migratory species in your country: >

I(b). Information about involved Authorities

Identify the ministry, agency/department or organization that is responsible for leading actions relating to Appendix I species

1- Birds > Department of Environment

2- Aquatic Mammals > Department of Fisheries/Department of Environment

3- Reptiles > Department of Fisheries/ Department of Environment

4- Terrestrial Mammals >

5- Fish > Department of Fisheries

II. Appendix I species

1. BIRDS

1.1 General questions on Appendix I bird species

1. Is the taking of all Appendix I bird species prohibited by the national implementing legislation cited in Table I(a) (General Information)?

Please select only one option

- Yes
- No

If other legislation is relevant, please provide details: >

1a. If the taking of Appendix I bird species is prohibited by law, have any exceptions been granted to the prohibition?

Please select only one option

- Yes
- No

If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7): >

2. Identify any obstacles to migration that exist in relation to Appendix I bird species:

- By-catch
- Electrocutation
- Habitat destruction
- Wind turbines
- Pollution
- Other

>

2a. What actions are being undertaken to overcome these obstacles? >

2b. Please report on the progress / success of the actions taken. >

2c. What assistance, if any, does your country require in order to overcome these obstacles? >

3. What are the major pressures to Appendix I bird species (transcending mere obstacles to migration)?

- Illegal trade
- Poaching
- Other

>

3a. What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger bird species beyond actions to prevent disruption to migrating behaviour?

>

3b. Please report on the progress / success of the actions taken. >

3c. Describe any factors that may limit action being taken in this regard: >

3d. What assistance, if any, does your country require to overcome these factors? >

1.2 Questions on specific Appendix I bird species

IMPLEMENTATION OF THE CONVENTION ON THE CONSERVATION OF MIGRATORY SPECIES OF WILD ANIMALS
[Party: Fiji]

In the following section, using the table format below, please fill in each Appendix I bird species for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)

Species name: Numenius tahitiensis

- Habitat protection >
- Habitat restoration >

Other

>

1. If no activities have been carried out for this species in the reporting period, what has prevented suchaction being taken? >

No research or monitoring took place during the reporting period due to lack of funding for the dedicated systematic surveys. Draft Whale and Dolphin Action Plan has been prepared and is in consultation processes at the moment.

2. Describe any future activities that are planned for this species: >

Plans are proposed to document the migratory movement of these species through Fiji waters over the next few years. One of the sites that from previous surveys have been indicated as an important area for breeding and calving of this species has been proposed to be listed as an Important Marine Mammal Area.

2. Describe any future activities that are planned for this species: >

Miscellaneous information or comments on Appendix I marine mammals in general: >

Funding is an issue to carry out marine mammal research in the country.

3. REPTILES

3.1 General questions on Appendix I reptiles

1. Is the taking of all Appendix I reptiles species prohibited by the national implementing legislation cited in Table I(a) (General Information)?

Please select only one option

Yes

No

If other legislation is relevant, please provide details:> 10 Year Moratorium on Turtles from 2009 - 2018. This prohibits the keep, sale, molest or harvest of any species of turtles in Fiji without a permit for traditional purposes only.

1a. If the taking of Appendix I reptiles species is prohibited by law, have any exceptions been granted to the prohibition?

Please select only one option

Yes No

If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7): >

2. Identify any obstacles to migration that exist in relation to Appendix I reptiles species: By-catch Pollution Other

> Illegal harvests that are not being monitored on outer islands around Fiji.

2a. What actions are being undertaken to overcome these obstacles? >

Community awareness on the outer islands have been increased to widespread the information regarding the moratorium. Training of the fish wardens to assist the Department in the monitoring of these illegal take and poachers, took place.

2b. Please report on the progress / success of the actions taken. >

2c. What assistance, if any, does your country require in order to overcome these obstacles? >

3. What are the major pressures to Appendix I reptiles species (transcending mere obstacles to migration)?

Collection of eggs

Predation of eggs

Destruction of nesting beaches

Other

>

3a. What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger reptiles species beyond actions to prevent disruption to migrating behaviour? >

An Environment Impact Assessment (EIA) is carried out for any coastal development and nesting habitats are taken into consideration before issuing permits for development of an area.

3b. Please report on the progress / success of the actions taken. >

3c. Describe any factors that may limit action being taken in this regard: >

3d. What assistance, if any, does your country require to overcome these factors? >

3.2 Questions on specific Appendix I reptiles

In the following section, using the table format below, please fill in each Appendix I reptiles species for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)

Species name: **Caretta caretta**

 No

If Yes, please provide details and include the amount of protected areas coverage and the number of protected areas >

1c. Identify the agency, department or organization responsible for leading on this action in your country: >

2. Results - please describe the positive outcomes of any actions taken >

VI. Policies on Satellite Telemetry

1. In the current reporting period, has your country undertaken conservation/research projects that use satellite telemetry?

Please select only one option

Yes

No

If yes what is the state of those projects

Please select only one option

In preparation on-going

completed

Please provide details >

2. Are any future conservation/research projects planned that will use satellite telemetry?

Please select only one option

Yes

No

If Yes, please provide details (including the expected timeframe for these projects): > SEA TURTLES (loggerhead, hawksbill, and greens).

If No, please explain any impediments or requirements in this regard: >

3. Results - please describe the positive outcomes of any actions taken >

VII. Membership

1. Have actions been taken by your country to encourage non- Parties to join CMS and its relatedAgreements?

Please select only one option

Yes

No

If Yes, please provide details. (In particular, describe actions taken to recruit the non-Parties that have been identified by the Standing Committee as high priorities for recruitment.) >

1a. Identify the agency, department or organization responsible for leading on this action in your country: > Both Fisheries and Environment Department.

2. Results - please describe the positive outcomes of any actions taken >

VIII. Global and National Importance of CMS

1. Have actions been taken by your country to increase national, regional and/or global awareness of the relevance of CMS and its global importance in the context of biodiversity conservation?

Please select only one option

Yes

No

If Yes, please provide details: > champion the listing of a few species, including both Manta Ray, all Mobula Ray species, and some shark species.

1. Identify the agency, department or organization responsible for leading on this action in your country: > Fisheries and Environment Department.
2. Results - please describe the positive outcomes of any actions taken > greater impact on conservation and protection of these oceanic and coastal fish , sea turtles and mammal species (whales and dolphins).

IX. Mobilization of Resources

1. Has your country made financial resources available for conservation activities having direct benefits formigratory species in your country?

Please select only one option

- Yes
- No

If Yes, please provide details (Indicate the migratory species that have benefited from these activities): >

2. Has your country made voluntary contributions to the CMS Trust Fund to support requests fromdeveloping countries and countries with economies in transition?

Please select only one option

- Yes
- No

If Yes, please provide details: >

3. Has your country made other voluntary financial contributions to support conservation activities havingdirect benefits for migratory species in other countries (particularly developing countries)?

Please select only one option

- Yes
- No

If Yes, please provide details (Indicate the migratory species that have benefited from these activities): >

4. Has your country provided technical and/or scientific assistance to developing countries to facilitateinitiatives for the benefit of migratory species?

Please select only one option

- Yes
- No

If Yes, please provide details (Indicate the migratory species that have benefited from these activities): >

5. Has your country received financial assistance/support from the CMS Trust Fund, via the CMSecretariat, for national conservation activities having direct benefits for migratory species in yourcountry?

Please select only one option

- Yes
- No

If Yes, please provide details (Indicate the migratory species that have benefited from these activities): >

6. Has your country received financial assistance/support from sources other than the CMS Secretariat forconservation activities having direct benefit for migratory species in your country?

Please select only one option

- Yes
- No

If Yes, please provide details (Indicate the migratory species that have benefited from these activities): >

X. Implementation of COP Resolutions and Recommendations

Please provide information about measures undertaken by your country relating to recent Resolutions and Recommendations since the last Report. For your convenience please refer to the list of COP Resolutions and Recommendations listed below:

Strategic and Institutional Matters

Capacity Building Strategy (Res. 9.12 / Res. 10.6) >

Strategic Plan for Migratory Species 2015-2023 (Res. 11.2) >

Financial and Administrative Matters and Terms of Reference for the Administration of the Trust Fund (Res.11.1) >

Relationship between the CMS Family and the Civil Society (Res. 11.11) >

World Migratory Bird Day (Res. 11.9) >

Outreach and Communication Issues (Res. 11.8) >

Development of CMS Agreements (Res. 11.12) >

Concerted and Cooperative Actions (Res. 11.13) >

Synergies and Partnerships / Cooperation with other Conventions (Res. 11.10) >

Future strategies of the CMS Family / "Future Shape" (Res. 10.9) >

Other resolutions/recommendations:

>

Avian Species and Issues

Electrocution of Migratory Birds (Res. 7.04 / Res. 10.11) >

Southern Hemisphere Albatross Conservation (Res. 6.3) >

Migratory Landbirds in the African Eurasian Region (Res. 11.17) >

Global Flyway Conservation (Res. 10.10 / Res. 11.14) >

Saker Falcon (Res. 11.18) >

Illegal Killing, Taking and Trade of Migratory Birds (Res. 11.16) >

Migratory Species and Highly Pathogenic Avian Influenza (Res. 8.27 / Res. 9.8 / Res. 10.22) >

Poisoning Migratory Birds (Res. 11.15) >

Aquatic Species and Issues

Migratory Marine Species (Res. 9.9 / Res. 10.15) >

Conservation of Migratory Sharks and Rays (Res. 11.20) >

Live capture of Cetacean from the Wild (Res. 11.22) >

Adverse Anthropogenic Impacts on Cetaceans and other Biota (Res. 9.19 / Res. 10.24) >

Loggerhead Turtle in the South Pacific Ocean (Res. 11.21) >

Conservation Implications of Cetacean Culture (Res. 11.23) >

Improving the Conservation Status of the Leatherback Turtle (*Dermochelys coriacea*) (Rec. 7.6) >

Antarctic Minke, Bryde's and Pygmy Right Whales (Res. 7.15) >

Migratory Freshwater Fish (Res. 10.12) >

Terrestrial Species and Issues

Sahelo-Saharan Megafauna (Rec. 9.2) >

Tigers and other Asian Big Cats (Rec. 9.3) >

Conservation of the African Lion (Res. 11.32) >

Cross-cutting Issues

Marine Debris (Res. 10.4 / Res. 11.30) >

Bycatch (incl. Recommendation) (Res. 6.2 / Rec. 7.2 / Res. 8.14 / Res. 9.18 / Res. 10.14) >

Wildlife Crime (Res. 11.31) >

Ecological Networks (Res. 10.3 / Res. 11.25) >

Climate Change Impacts on Migratory Species (Res. 7.5 / Res. 11.26) >

Modus Operandi for Conservation Emergencies (Res. 10.2) >

Marine Wildlife Watching (Res. 11.29) >

Oil Pollution and Migratory Species (Res. 7.3)

› Impact Assessment and Migratory Species (Res. 7.2) ›

Invasive Alien Species and Migratory Species (Res. 11.28)

› Renewable Energy and Migratory Species (Res. 7.5 / Res. 11.27) ›

Other remarks: ›

Annex: Updating Data on Appendix II Species

1. The drop-down lists below contain the list of all species listed in Appendix II. Parties which did not submit a National Report in 2014 are requested to complete the entire form. Parties that did submit a report in 2014 are requested to review and update the data (e.g. new published distribution references and details concerning species added to Appendix II at COP11).
