

CONVENTION ON MIGRATORY SPECIES

UNEP/CMS/Resolution 11.10 (Rev.COP13)

Original: English

SYNERGIES AND PARTNERSHIPS

Adopted by the Conference of the Parties at its 13th Meeting (Gandhinagar, February 2020)

Recalling Resolution 7.9 *Cooperation with Other Bodies and Processes*, Resolution 8.11 *Cooperation with other Conventions*, Resolution 9.6 *Cooperation with Other Bodies* and Resolution 10.21 *Synergies and Partnerships*, as well as Resolution 10.25 *Enhancing Engagement with the Global Environment Facility*,

Acknowledging the importance of cooperation and synergies with other bodies, including multilateral environmental agreements (MEAs) and non-governmental organizations, as well as the private sector,

Recognizing the instrumental role of partner organizations in the development and implementation of CMS and its related initiatives and outreach campaigns, including the negotiation of the Convention itself,

Appreciating the value of such partnerships in reaching a wider audience and raising public awareness of the Convention and the importance of conserving migratory species on a global scale,

Noting with appreciation all the individuals and organizations that contributed to the achievements of the Year of the Turtle (2006), Year of the Dolphin (2007/8), Year of the Gorilla (2009) and Year of the Bat (2011/12) and contribute to the annual campaign of the World Migratory Bird Day,

Expressing its gratitude to the many partner organizations that have assisted in promoting CMS and its mandate, for example, by facilitating the negotiation and implementation of species agreements under the Convention,

Welcoming the report on Synergies and Partnerships (UNEP/CMS/COP13/Doc.18), prepared by the United Nations Environment Programme/CMS Secretariat, and the progress made in enhancing cooperation, coordination, synergies as well as partnerships with biodiversity-related Conventions and other relevant institutions, and NGOs,

Welcoming also the Manila Declaration on Sustainable Development and Migratory Species (UNEP/CMS/Resolution 12.3), which aims to promote the interlinkages between sustainable development and the conservation of wildlife with a special focus on migratory species and the Sustainable Development Goals (SDGs),

Further taking note of the results of the United Nations Environment Programme's project on improving the effectiveness of and cooperation among the biodiversity-related conventions and exploring opportunities for further synergies,

Welcoming the decisions taken by the Convention on Biological Diversity (CBD) and the Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES) on cooperation, coordination and synergies among the biodiversity-related conventions,

Welcoming also the continuing and important cooperation among the secretariats of the biodiversity-related conventions including through memoranda of understanding between the CMS Secretariat and the Secretariats of the International Whaling Commission, the United Nations Educational, Scientific and Cultural Organization (UNESCO), the Ramsar Convention, the Bern Convention and CITES,

Aware of the ongoing discussions with the Food and Agriculture Organization of the United Nations (FAO) concerning the formalization of a memorandum of cooperation, and *appreciating* the important efforts made by CMS to enhance relationships with organizations that have different mandates or goals, such as FAO, which provides multidisciplinary solutions aimed at currently achieving food security, biodiversity conservation, and wildlife and ecosystem health,

Recognizing the importance of ongoing cooperation among secretariats of biodiversity-related conventions through the Biodiversity Liaison Group to support the development and implementation of a post-2020 global biodiversity framework and *noting* the road map for enhancing synergies among the biodiversity-related conventions at the international level 2017-2020 provided by the informal advisory group on synergies,

Highlighting the Strategic Plan for Migratory Species 2015-2023 as a strategic framework for synergies and partnerships with other MEAs, organizations and stakeholders, which provided an important contribution to the Strategic Plan for Biodiversity 2011-2020, and will support the development of a post-2020 global biodiversity framework and achievement of the SDGs,

Further recognizing the outcome of the United Nations Conference on Sustainable Development, *The Future We Want*, which recognizes the significant contributions to sustainable development made by the MEAs and *encouraging* the Parties to MEAs to consider further measures to promote policy coherence at all relevant levels, improve efficiency, reduce unnecessary overlap and duplication, and enhance cooperation and coordination amongst MEAs,

Convinced of the significant potential of increasing cooperation, coordination and synergies among the biodiversity-related conventions to enhance coherent national level implementation of each of the conventions,

Recalling Resolution 11.11, which invited the Secretariat, Parties, other Governments, civil society organizations (CSO) and non-governmental organization (NGO) Partners to review options for furthering the relationship between the CMS Family and civil society,

Appreciating the efforts of the Secretariat in promoting the use of remote/video conferencing technology to enable Parties, agreements, NGOs, and non-Party range states partial or full remote access to all CMS and CMS agreement full and intersessional meetings, and

Acknowledging the review on the value of CMS to NGO Partners and the recommendations for strengthening the relationship between the CMS Family and Partner NGOs submitted to the Conference of Parties and contained in UNEP/CMS/COP13/Doc.18/Annex 3 and UNEP/CMS/COP13/Inf.33,

*The Conference of the Parties to the
Convention on the Conservation of Migratory Species of Wild Animals*

1. Stresses the importance of supporting the objectives of biodiversity-related multilateral environmental agreements to improve national collaboration, communication and coordination with relevant organizations and processes;

2. *Requests* the Executive Secretary to inform biodiversity related agreements, including through the Liaison Group of Biodiversity-related Conventions (BLG) and other relevant partners about the Strategic Plan for Migratory Species 2015-2023 and pursue further activities related to synergies and partnerships within that framework;
3. *Requests* the Secretariat to continue developing effective and practical cooperation with relevant stakeholders, including other biodiversity instruments, international organizations and NGOs;
4. *Also requests* the Secretariat to identify potential strategic partners and engage with them when developing campaigns and other outreach activities and encourages all relevant stakeholders to contribute to these initiatives;
5. *Notes* the recommendations contained in UNEP/CMS/COP13/Doc.18/Annex.3 aimed at enhancing the relationship between the CMS Family and Civil Society both at international and national levels;
6. *Recognizes* that formal partnerships with biodiversity-related NGOs have the potential to significantly increase the delivery of the Convention's objectives and may deserve of a formal recognition;
7. *Requests* the Secretariat to continue providing letters of endorsement for NGO funding requests relating to projects that contribute to the implementation of any plans, actions or initiatives under the CMS Family;
8. *Encourages* Parties, the Secretariat, NGOs, and other stakeholders to strengthen engagement with indigenous peoples, youth groups and local communities across the CMS Family;
9. *Further requests* the Secretariat to facilitate non-formalized collaborations with partners such as the FAO and the United Nations Convention to Combat Desertification (UNCCD), that can help to extend the multidisciplinary and transdisciplinary scope of approaches to collaboration;
10. *Further requests* the Secretariat to pursue strengthened partnerships with the private sector in accordance with the CMS Code of Conduct;
11. *Further requests* the Secretariat, its daughter Agreements within the mandates given by their Parties/Signatories and the Scientific Council to enhance their engagement with expert committees and processes initiated by partners, as appropriate;
12. *Welcomes* the joint work plan between the CMS and CITES Secretariats and *further requests* the Secretariat to prepare proposals to strengthen cooperation, coordination and synergies, with other biodiversity-related conventions, including through joint work plans with clear targets and timetables aligned with the Strategic Plan for Migratory Species, for consideration at future meetings of the Conference of the Parties;
13. *Requests* the Secretariat to take action to strengthen implementation of CMS through the processes on the revision of national biodiversity strategies and action plans (NBSAPs), including through cooperation with the United Nations Environment Programme and its regional offices;
14. *Also requests* the Secretariat and *invites* the Secretariats of other conventions to continue liaising with the United Nations Environment Programme and its regional offices and make best use of their role in assisting the implementation of the biodiversity-related MEAs;

15. *Further requests* the Secretariat and *invites* the Secretariats of CBD and of other relevant MEAs to consider and advise on ways and means of more coherently addressing the conservation and sustainable use of animal species in CBD processes, including in relation to the development of a post-2020 global biodiversity framework; and *further requests* the Secretariat to report on progress to each meeting of the COP;
16. *Further requests* the Secretariat to enhance cooperation through the BLG and the biodiversity indicators partnership to improve a global set of biodiversity indicators in view of the development of a post-2020 global biodiversity framework;
17. *Further requests* the Secretariat to strengthen cooperation, coordination and synergies with the Ramsar Convention to pursue the most effective actions for the conservation of migratory waterbirds and their wetland habitats;
18. *Requests* the Secretariat to continue to engage with the process on the implementation of the Sustainable Development Goals in cooperation with the BLG;
19. *Invites* the members of the BLG to strengthen cooperation and coordination with a view to increasing synergies among their respective explorations and developments of online reporting systems as a means to increase synergies on national reporting under the biodiversity-related conventions;
20. *Also invites* the members of the BLG to consider ways and means to increase cooperation on their outreach and communication strategies;
21. *Further invites* the BLG to take into due consideration the need to optimize monitoring efforts and improve effectiveness through the use of coherent monitoring frameworks and indicator systems;
22. *Requests* the Secretariat as far as possible to avoid duplication of work on the same issues among MEAs dedicated to nature protection issues, and *invites* the BLG to address at its future meetings options for enhanced cooperation with regard to work on cross-cutting issues, such as climate change, wild meat and invasive alien species, including through exploring the possibility of identifying lead MEAs in a manner consistent with their mandates, governance arrangements and agreed programmes;
23. *Requests* the Secretariat to continue to report to the Standing Committee on progress made including on results of joint activities as discussed and agreed in the BLG;
24. *Recognizes* that adequate resources are required to allow partnerships to be developed, and such resources could be provided in part through voluntary contributions from Parties and *requests* Parties to ensure that adequate resources are provided to the Secretariat to allow partnerships to be developed and strengthened;
25. *Urges* Parties to establish close collaboration at the national level between the focal point of the CMS and the focal points of other relevant conventions in order for governments to develop coherent and synergistic approaches across the conventions and increase effectiveness of national efforts, for example, by developing national biodiversity working groups to coordinate the work of focal points of relevant MEAs and other stakeholders *inter alia* through relevant measures in NBSAPs, harmonized knowledge management and national reporting by making use of the Data Reporting tool (DaRT) developed by the United Nations Environment Programme as well as through adoption of coherent national positions in respect of each MEA;

26. *Also urges* Parties to facilitate cooperation among international organizations, and to promote the integration of biodiversity concerns related to migratory species into all relevant sectors by coordinating their national positions among the various conventions and other international fora in which they are involved;
27. *Encourages* Parties and other governments and organizations to make use of the web-based tools, such as InforMEA, when developing and implementing mutually supportive activities among CMS Agreements and biodiversity-related conventions so as to improve coherence in their implementation;
28. *Urges* partner organizations to continue to promote and publicize the benefits to them, to CMS, and to conservation arising from effective collaboration; and
29. *Notes* that the present Resolution has repealed Resolution 7.9 *Cooperation with Other Bodies and Processes*, Resolution 8.11 *Cooperation with other Conventions*, Resolution 9.6 *Cooperation with Other Bodies*, and Resolution 10.21 *Synergies and Partnerships* and Resolution 11.11 *Enhancing the Relationship between the CMS Family and Civil Society*.
