

**Number of Siberian Cranes at migration stopover
in Naurzum Lake System, North Kazakhstan
(according to Shilina 2008, Bragin 2002, 2008, and other sources)**

# #	Date	Place	Number of Siberian Cranes	Data sources
1	29 April 1963	Sarymoin Lake	2	Elkin 1976
2	7 July 1963	Zharkol Lake	1	Elkin 1976
3	9 September 1963	Zharkol Lake	1	Elkin 1976
4	13 September 1963	Bolshoi Aksuat Lake	1	Elkin 1976
5	14 September 1964	Bolshoi Aksuat Lake	1	Elkin 1976
6	16 September 1964	Bolshoi Aksuat Lake	2	Elkin 1976
7	16, 28 August and 5 September 1966	Sarymoin Lake	2	Elkin 1976
8	8 September 1966	Bolshoi Aksuat Lake	6	Elkin 1976
9	13 September 1966	Bolshoi Aksuat Lake	9	Elkin 1976
10	30 September 1966	Kemel Lake	2	Elkin 1976
11	15 September 1967	Kemel Lake	2	Elkin 1976
12	11 October 1967	Kemel Lake	7	Elkin 1976
13	Spring 1975	Naurzum Nature Reserve	1	Kovshar 1982
14	Spring 1976	Naurzum Nature Reserve	7	Kovshar 1982
15	Spring 1976	Naurzum Nature Reserve	12	Kovshar 1982
16	Spring 1978	Naurzum Nature Reserve	3	Kovshar 1982
17	Spring 1979	Naurzum Nature Reserve	2	Kovshar 1982
18	11 May 1997	Naurzum Nature Reserve	4 adults	Kovshar 2002
19	16 September 1997	Naurzum Nature Reserve	1	Bragin 1999
20	4 October 1997	Naurzum Nature Reserve	7	Bragin 1999
21	18-19 April 1998	Baityma and Shoptykul Lakes	1 adult	Bragin 2002
22	12-15 May 1998	Sarymoin Lake	1 adult	Bragin 2002
23	6-7 September 1998	Zharkol and Kulagol Lakes*	1	Kovshar 2002
25	13-18 September 1998	Kulagol and Bolshoi Sankebai Lakes	2 (pair)	Kovshar 2002
26	3 October 1998	Sarymoin and Aksuat Lakes**	1	Kovshar 2002
27	Beginning of October 1998	Kulagol Lake	7	Bragin 2002
28	15-20 April 1999	Aksuat Lake	1 subadult	Bragin 2002
29	24 April 1999	Sankebai Lake	2	Bragin 2002
30	20-27 August 1999	Zharkol Lake	4	Bragin 2002
31	5-6 May 2000	Baituma Lake	2 (pair)	Bragin 2002
32	8-14 September 2000	Sankebai and Shoptykul Lakes	2	Bragin 2002
33	4-25 September 2001	Kulagol Lake	3 (pair and single)	Bragin 2001
34	8-9 September 2001	Baituma Lake	1	Bragin 2008
35	11 May 2002	12 km south of Sholoksai	1	Bragin 2008

		Village, near Zharkol Lake		
36	9-24 September 2002	Kemel and Bolshoi Aksuat Lakes	2 (pair)	Bragin 2002
37	18 September 2002	MaLyI Aksuat Lake	1 adult	
38	Between 12 and 15 August 2003	Zharkol Lake	3	Bragin 2004
39	26-27 October 2004	Kulagol Lake	1 adult	Bragin, per.com
40	28 April 2005	Kulagol Lake, according to information from the nature reserve ranger (same birds were probably sighted on 4 May not far from the village of Novonezhinka)	7 adults	Bragin 2008
41	27 and 28 October 2005	Aksuat Lake	1 adult	Bragin 2008
42	30 August to 20-22 September 2006	Aksuat Lake	2 single birds	Bragin 2008
43	5-6 October 2006	Aksuat Lake	2 (pair)	
44	Late April 2007	Baituma Lake	4 (2 pairs)	Bragin 2011
45	28 August 2007	South part of Aksuat Lake, NNR	1	Bragin 2008
46	11-31 August 2010	Aksuat Lake	1	Bragin 2011

* According to satellite tracking data of the first Siberian Crane marked at breeding grounds in Konda-Alymka Interfluves, West Siberia, Russia

** According to satellite tracking data of the second Siberian Crane marked at breeding grounds in Konda-Alymka Interfluves, West Siberia, Russia. This bird then continued migration through Sary-Kopa Lake and Turgai Lowland in Kazakhstan
