CONSULTATION DRAFT RELEASED FIRST DRAFT INDICATOR FACTSHEETS FOR THE STRATEGIC PLAN FOR MIGRATORY SPECIES

The Secretariat of the Convention on Migratory Species is pleased to announce the release of the first draft of the Indicator Factsheets for the Strategic Plan for Migratory Species 2015-2023.

The draft was prepared by the CMS Strategic Plan Working Group, based on the relevant discussions held at the 3rd Meeting of the Group (SPWG-3, October 2015) and subsequent expert discussions.

The proposed structure aims to capture an approach to develop a small set of indicators, for each of the 16 Targets of the Strategic Plan, that should tell a coherent story about progress in the implementation of the Strategic Plan while taking into account real constraints regarding human, technical and financial resources to minimize the burden on Parties and/or the Secretariat.

Views and contributions are requested **by 31 August 2016**, and should be emailed to cms.secretariat@cms.int, inesverleye@gmail.com and MQwathekana@environment.gov.za. The draft plan, and further information, are available [here](#).
