Reporting format agreed by the Standing Committee at its 32nd Meeting (Bonn, November 2007) for mandatory use by Parties, for reports submitted to the Tenth Meeting of the Conference of the Parties (COP10) (Norway, 2011).

The questions below combine elements of Resolution 4.1 (Party Reports) adopted by the Fourth Meeting of the Conference of the Parties (Nairobi, June 1994) and Resolution 6.4 (Strategic Plan for the Convention on Migratory Species 2000-2005), adopted by the Sixth Meeting of the Conference of the Parties (Cape Town, November 1999), the COP8 Strategic Plan 2006-2011 and Resolution 8.24 adopted by the Conference of the Parties (Nairobi 2005), as well as commitments arising from other operational Resolutions and Recommendations of the Conference of the Parties.

COP Resolution 9.4 adopted at Rome called upon the Secretariats and Parties of CMS Agreements to collaborate in the implementation and harmonization of online reporting implementation. If the development of an online reporting system advances sufficiently, Parties may have the option of reporting in this manner. There are however no guarantees at this stage that this will be the case.

Parties are encouraged to respond to all questions. Parties are also requested to provide comprehensive answers, including, where appropriate, a summary of activities, information on factors limiting action and details of any assistance required.

This document has been designed with semi-automated text-form fields. Please double click on the grey boxes to enter the field. You can then enter the required information. Continue to do so with each text-field or jump to the next field directly by using the tab key. Where checkboxes are available you might check these with a single click.

Please enter here the name of your country: GHANA

Which agency has been primarily responsible for the preparation of this report?

WILDLIFE DIVISION OF THE FORESTRY COMMISSION

Please list any other agencies that have provided input:

N/A
### I(a). General Information

Please enter the required information in the table below:

### 1.2 Questions on specific Appendix I bird species

In the following section, using the table format below, please fill in each Appendix I bird species for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)

5.2 Questions on specific Appendix I bat species

In the following section, using the table format below, please fill in each Appendix I bat species for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)

### III. Appendix II Species

#### 1. INFORMATION ON APPENDIX II SPECIES

Information pertaining to the conservation of Appendix II species that are the object of CMS Agreements will have been provided in periodic Party reports to those instruments. It will suffice therefore to reference (below), and preferably append, a copy of the latest report that has been submitted to the Secretariat of each of the Agreement/MoUs to which your country is a Party.

## 2. Questions on CMS Agreements

### 2.1 Questions on the development of new CMS Agreements relating to birds

1. In the current reporting period, has your country **initiated** the development of any new CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II bird species? Yes [ ] No [x]  
   If Yes, what is the current state of development? N/A

2. In the current reporting period, has your country **participated** in the development of any new CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II bird species? Yes [ ] No [x]  
   If Yes, please provide details: N/A

3. If your country has initiated or is participating in the development of a new Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument’s development? N/A

4. Is the development of any CMS Agreement for birds, including Memoranda of Understanding, planned by your country in the foreseeable future? Yes [ ] No [x]  
   If Yes, please provide details: N/A

### 2.2 Questions on the development of new CMS Agreements relating to marine mammals

1. In the current reporting period, has your country **initiated** the development of any new CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II marine mammal species? Yes [x] No [ ]  
   If Yes, what is the current state of development? N/A

2. In the current reporting period, has your country **participated** in the development of any new CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II marine mammal species? Yes [x] No [ ]  
   If Yes, please provide details: N/A

3. If your country has initiated or is participating in the development of a new Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument’s development? N/A

4. Is the development of any CMS Agreement for marine mammals, including Memoranda of Understanding, planned by your country in the foreseeable future? Yes [ ] No [x]  
   If Yes, please provide details: N/A

### 2.3 Questions on the development of new CMS Agreements relating to marine turtles

1. In the current reporting period, has your country **initiated** the development of any new CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II marine turtles? Yes [ ] No [x]  
   If Yes, what is the current state of development? N/A

2. In the current reporting period, has your country **participated** in the development of any new CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II marine turtles? Yes [ ] No [x]  
   If Yes, please provide details: N/A

3. If your country has initiated or is participating in the development of a new Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument’s development? N/A

4. Is the development of any CMS Agreement for marine turtles, including Memoranda of Understanding, planned by your country in the foreseeable future? Yes [x] No [ ]  
   If Yes, please provide details: N/A
### 2.4 Questions on the development of new CMS Agreements relating to terrestrial mammals (other than bats)

<table>
<thead>
<tr>
<th>Question</th>
<th>Yes</th>
<th>No</th>

## V. Protected Areas

<table>
<thead>
<tr>
<th></th>
<th></th>
<th>Yes</th>
<th>No</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Are migratory species taken into account in the selection, establishment and management of protected areas in your country?</td>
<td>✓ Yes</td>
<td>☐ No</td>
</tr>
</tbody>
</table>

If Yes, please provide details:

1a | Please identify the most important national sites for migratory species and their protection status: 15 Wildlife Protected Areas and 5 Coastal Ramsar Sites: They are: Mole NP, Digya NP, Bui NP, Ankasa Nini Subien NP, Kyabobo NP, Kakum NP, Gbele Resource Reserve, Kogyae Strict Nature Reserve, Assin Attandanso Reserve, Kalakpa Resource Reserve, Bia NP and Bia Resource Reserve, Bomfobiri Wildlife Sanctuary, Shai Hills Resource Reserve, Owabi Wildlife Sanctuary, Boabeng-Fiema Monkey Sanctuary, Densu Delta Ramsar Site, Keta Lagoon Complex Ramsar Site, Munipomadze Ramsar Site, Sakumo Ramsar Site, Songor Ramsar Site |

1b | Do these protected areas cover the following areas? (If Yes, please provide details and include the amount of protected areas coverage and the number of protected areas): |

<table>
<thead>
<tr>
<th></th>
<th>Terrestrial</th>
<th>Aquatic</th>
<th>Marine</th>
</tr>
</thead>
<tbody>
<tr>
<td>Yes</td>
<td>☑ 15</td>
<td>☑ 5</td>
<td></td>
</tr>
</tbody>
</table>

1c | Identify the agency, department or organization responsible for leading on this action in your country: WILDLIFE DIVISION OF THE FORESTRY COMMISSION |

2 | Results – please describe the positive outcomes of any actions taken |

## VI. Policies on Satellite Telemetry

<table>
<thead>
<tr>
<th></th>
<th></th>
<th>Yes</th>
<th>No</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>In the current reporting period, has your country undertaken conservation/research projects that use satellite telemetry?</td>
<td>☑ In preparation ☐ on-going ☐ completed</td>
<td></td>
</tr>
</tbody>
</table>

2 | Are any future conservation/research projects planned that will use satellite telemetry? | ✓ Yes | ☐ No |

If Yes, please provide details (including the expected timeframe for these projects):

N/A

If No, please explain any impediments or requirements in this regard:

No idea as to whether future conservation/research projects will require the use of satellite telemetry |

3 | Results – please describe the positive outcomes of any actions taken |

## VII. Membership

<table>
<thead>
<tr>
<th></th>
<th></th>
<th>Yes</th>
<th>No</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Have actions been taken by your country to encourage non-Parties to join CMS and its related Agreements?</td>
<td>☑ Yes</td>
<td>☐ No</td>
</tr>
</tbody>
</table>

If Yes, please provide details. (In particular, describe actions taken to recruit the non-Parties that have been identified by the Standing Committee as high priorities for recruitment.) N/A
VIII. Global and National Importance of CMS

1. Have actions been taken by your country to increase national, regional and/or global awareness of the relevance of CMS and its global importance in the context of biodiversity conservation?  
   - Yes ☑️  - No ☐
   
   If Yes, please provide details: *Awareness programmes have been part of all management activities at national level including annual celebration of Wildlife Week and all other International Convention days (WWD, WMBD, etc.)*

2. Identify the agency, department or organization responsible for leading on this action in your country:  
   - WILDLIFE DIVISION OF THE FORESTRY COMMISSION

3. Results – please describe the positive outcomes of any actions taken  
   - ENCOURAGING

IX. Mobilization of Resources

1. Has your country made financial resources available for conservation activities having direct benefits for migratory species in your country?  
   - Yes ☑️  - No ☐
   
   If Yes, please provide details (Indicate the migratory species that have benefited from these activities): *There has been government annual financial releases for the management of all wildlife protected areas and all the migratory species therein*

2. Has your country made voluntary contributions to the CMS Trust Fund to support requests from developing countries and countries with economies in transition?  
   - Yes ☐  - No ☑️
   
   If Yes, please provide details:

3. Has your country made other voluntary financial contributions to support conservation activities having direct benefits for migratory species in other countries (particularly developing countries)?  
   - Yes ☐  - No ☑️
   
   If Yes, please provide details (Indicate the migratory species that have benefited from these activities):

4. Has your country provided technical and/or scientific assistance to developing countries to facilitate initiatives for the benefit of migratory species?  
   - Yes ☐  - No ☑️
   
   If Yes, please provide details (Indicate the migratory species that have benefited from these activities):

5. Has your country received financial assistance/support from the CMS Trust Fund, via the CMS Secretariat, for national conservation activities having direct benefits for migratory species in your country?  
   - Yes ☑️  - No ☐
   
   If Yes, please provide details (Indicate the migratory species that have benefited from these activities):

6. Has your country received financial assistance/support from sources other than the CMS Secretariat for conservation activities having direct benefit for migratory species in your country?  
   - Yes ☐  - No ☑️
   
   If Yes, please provide details (Indicate the migratory species that have benefited from these activities):
X. Implementation of COP Resolutions and Recommendations

Please provide information about measures undertaken by your country relating to recent Resolutions and Recommendations since the last Report. For your convenience please refer to the list of COP Resolutions and Recommendations listed below.

**Resolutions**

- Resolution 6.2 – By-catch, and Recommendation 7.2 – Implementation of Resolution 6.2 on By-catch
- Resolution 6.3 – Southern Hemisphere Albatross Conservation
- Resolution 7.2 – Impact Assessment and Migratory Species
- Resolution 7.3 – Oil Pollution and Migratory Species
- Resolution 7.4 – Electrocution of Migratory Birds
- Resolution 7.5 – Wind Turbines and Migratory Species
- Resolution 7.9 – Cooperation with Other Bodies and Processes
- Resolution 7.15 – Future Action on the Antarctic Minke, Bryde’s and Pygmy Right Whales under the Convention on Migratory Species
- Resolution 8.1 – Sustainable Use
- Resolution 8.2 – CMS Strategic Plan 2006-2011
- Resolution 8.5 - Implementation of Existing Agreements and Development of Future Agreements
- Resolution 8.7 - Contribution of CMS in Achieving the 2010 Biodiversity Target
- Resolution 8.9 - Review of GROMS (Global Register on Migratory Species)
- Resolution 8.11 - Co-operation with other Conventions
- Resolution 8.13 - Climate Change and Migratory Species
- Resolution 8.14 – By-Catch
- Resolution 8.22 - Adverse Human Induced Impacts on Cetaceans
- Resolution 8.24 - National Reports for the Eighth and Ninth Meetings of the Conference of the Parties
- Resolution 8.27 - Migratory Species and Highly Pathogenic Avian Influenza
- Resolution 8.29 - Concerted Actions for Appendix I Species
- Resolution 9.1 – Concerted and Cooperative Actions
- Resolution 9.2 – Priorities for CMS Agreements
- Resolution 9.3 – CMS Information Priorities
- Resolution 9.5 – Outreach and Communication Issues
- Resolution 9.7 – Climate Change Impacts on Migratory Species
Resolution 9.9 – Migratory Marine Species
Resolution 9.12 – Capacity Building Strategy
Resolution 9.18 – By-catch
Resolution 9.19 – Adverse Anthropogenic Marine/Ocean Noise Impacts on Cetaceans and other Biota
Resolution 9.20 – the Saker Falcon

Recommendations

Recommendation 7.5 – Range State Agreement for Dugong (*Dugong dugon*) Conservation
Recommendation 7.6 – Improving the Conservation Status of the Leatherback Turtle (*Dermochelys coriacea*)
Recommendation 7.7 – America Pacific Flyway Programme
Recommendation 8.12 - Improving the conservation status of raptors and owls in the African Eurasian region
Recommendation 8.16 – Migratory Sharks
Recommendation 8.17 – Marine Turtles
Recommendation 8.23 - Central Eurasian and Aridland Mammals
Recommendation 8.26 - Grassland Bird Species and their Habitats in Southern South America
Recommendation 8.28 - Cooperative Actions for Appendix II Species
Recommendation 9.1 – Central Eurasian Aridland Mammals
Recommendation 9.2 – Sahelo-Saharan Megafauna
Recommendation 9.3 – Tigers and Other Asian Big Cats
Recommendation 9.5 – Cooperative Action for the Elephant (*Loxodonta africana*) in Central Africa

Other resolutions/recommendations:

Other remarks:
Annex: Updating Data on Appendix II Species

The tables below contain the list of all species listed in Appendix II.

New Parties which have acceded since COP9 in 2008 and Parties which did not submit a National Report in 2008 are requested to complete the entire form.

Parties that did submit a report in 2008 need only which information has changed (e.g. new published distribution references and details concerning species added to Appendix II at COP8 and COP9).

All species of each of the Families below are listed in Appendix II. If your country is a Range State for any of the species in these Families, please enter the species name in the first column, under the relevant Family heading. Please indicate (with a ‘X’) whether your country is a Range State or the species is extinct and, where appropriate, please provide published distribution references. (Space is provided for ten species in each Family. If additional lines are required, please attach the information as an annex).
