

Convention on the Conservation of Migratory Species -of Wild Animals

FORMAT FOR NATIONAL REPORT OF PARTIES ON THE IMPLEMENTATION OF THE CONVENTION ON THE CONSERVATION OF MIGRATORY SPECIES OF WILD ANIMALS

Reporting format agreed by the Standing Committee at its 32nd Meeting (Bonn, November 2007) for mandatory use by Parties, for reports submitted to the Tenth Meeting of the Conference of the Parties (COP10) (Norway, 2011).

The questions below combine elements of Resolution 4.1 (Party Reports) adopted by the Fourth Meeting of the Conference of the Parties (Nairobi, June 1994) and Resolution 6.4 (Strategic Plan for the Convention on Migratory Species 2000-2005), adopted by the Sixth Meeting of the Conference of the Parties (Cape Town, November 1999), the COP8 Strategic Plan 2006-2011 and Resolution 8.24 adopted by the Conference of the Parties (Nairobi 2005), as well as commitments arising from other operational Resolutions and Recommendations of the Conference of the Parties.

COP Resolution 9.4 adopted at Rome called upon the Secretariats and Parties of CMS Agreements to collaborate in the implementation and harmonization of online reporting implementation. If the development of an online reporting system advances sufficiently, Parties may have the option of reporting in this manner. There are however no guarantees at this stage that this will be the case.

Parties are encouraged to respond to all questions. Parties are also requested to provide comprehensive answers, including, where appropriate, a summary of activities, information on factors limiting action and details of any assistance required.

This document has been designed with semi-automated text-form fields. Please double click on the grey boxes to enter the field. You can then enter the required information. Continue to do so with each text-field or jump to the next field directly by using the tab key. Where checkboxes are available you might check these with a single click.

Please enter here the name of your country: **Bulgaria**

Which agency has been primarily responsible for the preparation of this report?

Ministry of Environment and water

Please list any other agencies that have provided input:

Bulgarian Academy of Science

I(a). General Information

Please enter the required information in the table below:

| | |
|--|--|
| Party | Bulgaria |
| Date of entry into force of the Convention in [<i>country name</i>] | 1 November 1999 |
| Period covered | 2008 - 2011 |
| Territories to which the Convention applies | BULGARIA |
| DESIGNATED NATIONAL FOCAL POINT | |
| Full name of the institution | Ministry of Environment and Water |
| Name and title of designated Focal Point | Ruslan Serbezov State expert |
| Mailing address | 22, Maria Luisa Blvd, Sofia 1000 |
| Telephone | (+ 359 2) 940 6129 |
| Fax | (+ 359 2) 940 6127 |
| E-mail | serbezov@moew.government.bg |
| APPOINTMENT TO THE SCIENTIFIC COUNCIL | |
| Full name of the institution | |
| Name and title of contact officer | |
| Mailing address | |
| Telephone | |
| Fax | |
| E-mail | |
| SUBMISSION | |
| Name and Signature of officer responsible for submitting national report | Name: Ruslan Serbezov State expert Address: 22, Maria Luisa Blvd, Sofia 1000 Tel.: (+ 359 2) 940 6129 Fax: (+ 359 2) 940 6127 E-mail: serbezov@moew.government.bg |
| Date of submission | |
| Membership of the Standing Committee (if applicable): | Name: Address: Tel.: Fax: E-mail: |
| Competent Authority: | Ministry of Environmenta and Water |
| Relevant implemented legislation: | Biological Diversity Act |
| Other relevant Conventions/ Agreements (apart from CMS) to which <i>country name</i> is a Party: | Convention on the Conservation of European Wildlife and Natural Habitats 1979 (Bern Convention) Convention on International Trade in Endangered Species of Wild Flora and Fauna Ramsar Convention on Wetlands Convention on Biological Divesity |
| National policy instruments (e.g. national biodiversity conservation strategy, etc.): | The National Strategy for Biodiversity Conservation (1994) The National Biodiversity Action Plan (2006 - 2010) |

Please indicate whether your country is part of the following Agreements/MoU. If so, please indicate the competent national institution

| 1 | <p>Which other government departments are involved in activities/initiatives for the conservation of migratory species in your country? (Please list.)</p> <p>Regional Inspectorate of Environment and Water Executive Agency of Environment and Water Bulgarian Academy of Science</p> |
| 2 | <p>If more than one government department is involved, describe the interaction/relationship between these government departments:</p> <p>N/A</p> |
| 3 | <p>Has a national liaison system or committee been established in your country? Please provide contact information</p> <p><input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> |
| 4 | <p>List the main non-governmental organizations actively involved in activities/initiatives for the conservation of migratory species in your country, and describe their involvement:</p> <p>Balkani Wildlife Society Bulgarian Society of Protection of Birds (BSPB) –partner of Birdlife International Green Balkans Federation Le Balkan Foundation</p> <p>All these NGOs implements projects related to the protection of migratory bird species and their habitats. They actively participate in the monitoring of the birds.</p> |
| 4a | <p>Please provide detail on any devolved government/overseas territory authorities involved.</p> |
| 5 | <p>Describe any involvement of the private sector in the conservation of migratory species in your country:</p> |
| 6 | <p>Note any interactions between these sectors in the conservation of migratory species in your country:</p> |

I(b). Information about involved Authorities

Identify the ministry, agency/department or organization that is responsible for leading actions relating to Appendix I species

| | | |
|---|---------------------|-----------------------------------|
| 1 | Birds | Ministry of Environment and Water |
| 2 | Marine Mammals | Ministry of Environment and Water |
| 3 | Marine Turtles | |
| 4 | Terrestrial Mammals | Ministry of Environment and Water |
| 5 | Bats | Ministry of Environment and Water |
| 6 | Other Taxa | |

II. Appendix I species

1. BIRDS

1.1 General questions on Appendix I bird species

| | |
|----|---|
| 1 | <p>Is the taking of all Appendix I bird species prohibited by the national implementing legislation cited in Table I(a) (General Information)? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If <i>other</i> legislation is relevant, please provide details:</p> |
| 1a | <p>If the taking of Appendix I bird species is prohibited by law, have any exceptions been granted to the prohibition? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7):</p> |
| 2 | <p>Identify any obstacles to migration that exist in relation to Appendix I bird species:</p> <p>By-catch <input type="checkbox"/> Electrocutation <input checked="" type="checkbox"/></p> <p>Habitat destruction <input checked="" type="checkbox"/> Wind turbines <input checked="" type="checkbox"/></p> <p>Pollution <input checked="" type="checkbox"/></p> <p>Other (please provide details) hunting</p> |
| 2a | <p>What actions are being undertaken to overcome these obstacles?</p> <p>1. Restoration of Wetlands;</p> <p>2. Instalation of safety platforms for building the stork nests on electic power line;</p> <p>3. Isolation of electric power wires in some region aiming to prevent mortality of the migratory bird species.</p> <p>4. Environment assessment for investment proposals for construction of Wind turbines.</p> |
| 2b | <p>Please report on the progress / success of the actions taken.</p> <p>Common practice in different region of the country were conducted for instalation of safety platforms for Stork nesting on the powerline. It have redused mortality of the storks during the nesting period and prevent the nests from direct contact with the powerline cabels.</p> <p>Electrocutation: Bulgarian Society for the Protection of Birds (BSPB) together with electricity companies started to replace dangerous electricy lines with safety ones in th emost problematic areas in Southern Bulgaria in 2010;</p> <p>Habitat destruction: NGOs report to the government for any project that is dangerous for migratory birds because of habitat destruction; MoEW ask for an EIA procedure when rick of significant impacts on birds is possible to exist;</p> <p>Wind turbines: Internal instructions have been developed by MoEW for assessment of wind farm projects; Strategic Environmental Assessment of the National Action Plan on Renewable Energy Development 2010 – 2020 is elaborated (procedure is not finalized). Large national-scale project started in 2011 for minimizing risks for wild birds due to windfarm development, including elaboration of a sensitivity map</p> |
| 2c | <p>What assistance, if any, does your country require in order to overcome these obstacles?</p> |
| 3 | <p>What are the major threats to Appendix I bird species (transcending mere obstacles to migration)?</p> <p>Illegal trade <input type="checkbox"/> Poaching <input checked="" type="checkbox"/></p> <p>Other (please specify) Hunting in the roosting sites in the winter season.</p> <p>Wind turbines, electrocution.</p> |
| 3a | <p>What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger bird species beyond actions to prevent disruption to migrating behaviour?</p> |
| 3b | <p>Please report on the progress / success of the actions taken.</p> |

| | |
|----|---|
| 3c | Describe any factors that may limit action being taken in this regard: |
| 3d | What assistance, if any, does your country require to overcome these factors? |

1.2 Questions on specific Appendix I bird species

In the following section, using the table format below, please fill in each Appendix I bird species for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)

| <i>Species name – Common Name(s)</i> <i>Pelecanus crispus</i> - Dalmatian pelican | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | |

2. MARINE MAMMALS

2.1 General questions on Appendix I marine mammals

| | |
|----|---|
| 1 | Is the taking of all Appendix I marine mammals prohibited by the national implementing legislation cited in Table I(a) (General Information)? <input type="checkbox"/> Yes <input type="checkbox"/> No If <i>other</i> legislation is relevant, please provide details: |
| 1a | If the taking of Appendix I marine mammals is prohibited by law, have any exceptions been granted to the prohibition? <input type="checkbox"/> Yes <input type="checkbox"/> No If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7)): |
| 2 | Identify any obstacles to migration that exist in relation to Appendix I marine mammals: By-catch <input type="checkbox"/> Collision with fishing traffic <input type="checkbox"/> Pollution <input type="checkbox"/> Illegal hunting <input type="checkbox"/> Other threats to migration (please provide details) |
| 2a | What actions are being undertaken to overcome these obstacles? |
| 2b | Please report on the progress / success of the actions taken. |
| 2c | What assistance, if any, does your country require in order to overcome these obstacles? |
| 3 | What are the major pressures on Appendix I marine mammal species (transcending mere obstacles to migration)? Pollution <input type="checkbox"/> By-catch <input type="checkbox"/> Other (please specify) |
| 3a | What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species of marine mammal beyond actions to prevent disruption to migrating behaviour? |
| 3b | Please report on the progress / success of the actions taken. |
| 3c | Describe any factors that may limit action being taken in this regard: |
| 3d | What assistance, if any, does your country require to overcome these factors? |

2.2 Questions on specific Appendix I marine mammals

In the following section, using the table format below, please fill in each Appendix I marine mammal species for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)

| <i>Species name – Common Name(s)</i> | |
|--------------------------------------|--|
| 1 | Please provide published distribution reference: |
| 2a | Summarise information on population size (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/> |
| 2b | Summarise information on distribution (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/> |
| 3 | Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available): Research <input type="checkbox"/> Identification and establishment of protected areas <input type="checkbox"/> Monitoring <input type="checkbox"/> Education / awareness rising <input type="checkbox"/> Species protection <input type="checkbox"/> Control hunting / poaching <input type="checkbox"/> Species restoration <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other <input type="checkbox"/> |
| 4 | If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? |
| 5 | Describe any future activities that are planned for this species: |

4 TERRESTRIAL MAMMALS (OTHER THAN BATS)

4.1 General questions on Appendix I terrestrial mammals (other than bats)

| | | | |
|----|--|--|-----------------------------|
| 1 | Is the taking of all Appendix I terrestrial mammals (other than bats) prohibited by the national implementing legislation cited in Table I(a) (General Information)? If <i>other</i> legislation is relevant, please provide details: | <input type="checkbox"/> Yes | <input type="checkbox"/> No |
| 1a | If the taking of Appendix I terrestrial mammals (other than bats) is prohibited by law, have any exceptions been granted to the prohibition? If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7)): | <input type="checkbox"/> Yes | <input type="checkbox"/> No |
| 2 | Identify any obstacles to migration that exist in relation to Appendix I terrestrial mammals (other than bats): | | |
| | Lack of information <input type="checkbox"/> | By-catch <input type="checkbox"/> | |
| | Habitat fragmentation <input type="checkbox"/> | Electrocution <input type="checkbox"/> | |
| | Wind turbines <input type="checkbox"/> | Poaching <input type="checkbox"/> | |
| | Insufficient legislation <input type="checkbox"/> | Lack of trans-boundary management <input type="checkbox"/> | |
| | Poor communication amongst Range States <input type="checkbox"/> | Man-made barriers <input type="checkbox"/> | |
| | Climate change and drought <input type="checkbox"/> | | |
| | Other threats to migration (please provide details) | | |
| 2a | What actions are being undertaken to overcome these obstacles? | | |
| 2b | Please report on the progress / success of the actions taken. | | |
| 2c | What assistance, if any, does your country require in order to overcome these obstacles? | | |
| 3 | What are the major threats to Appendix I terrestrial mammals (transcending mere obstacles to migration)? | | |
| | Lack of information <input type="checkbox"/> | Habitat fragmentation <input type="checkbox"/> | |
| | Poaching <input type="checkbox"/> | Insufficient legislation <input type="checkbox"/> | |
| | Illegal trade <input type="checkbox"/> | Other (please specify) | |
| 3a | What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species of terrestrial mammal (other than bats) beyond actions to prevent disruption to migrating behaviour? | | |
| 3b | Please report on the progress / success of the actions taken. | | |
| 3c | Describe any factors which limit action being taken in this regard: | | |
| 3d | What assistance/measures, if any, does your country require to overcome these factors? | | |

4.2 Questions on specific Appendix I terrestrial mammals (other than bats)

In the following section, using the table format below, please fill in each Appendix I terrestrial mammal species (other than bats) for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)

| <i>Species name</i> – Common Name(s) | |
|--------------------------------------|--|
| 1 | Please provide published distribution reference: |
| 2a | Summarise information on population size (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/> |
| 2b | Summarise information on distribution (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/> |
| 3 | Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available): Research <input type="checkbox"/> Identification and establishment of protected areas <input type="checkbox"/> Monitoring <input type="checkbox"/> Education / awareness rising <input type="checkbox"/> Species protection <input type="checkbox"/> Control hunting / poaching <input type="checkbox"/> Species restoration <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other <input type="checkbox"/> |
| 4 | If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? |
| 5 | Describe any future activities that are planned for this species? |

Miscellaneous information or comments on Appendix I terrestrial mammals (other than bats) in general:

5. BATS

5.1 General questions on Appendix I bats

| | | |
|----|---|--|
| 1 | Is the taking of all Appendix I bats prohibited by the national implementing legislation cited in Table I(a) (General Information)? If <i>other</i> legislation is relevant, please provide details: | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| 1a | If the taking of Appendix I bats is prohibited by law, have any exceptions been granted to the prohibition? If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7)): | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| 2 | Identify any obstacles to migration that exist in relation to Appendix I bats: Vandalism of bat caves <input type="checkbox"/> Other threats to migration (please provide details) | |
| 2a | What actions are being undertaken to overcome these obstacles? | |
| 2b | Please report on the progress / success of the actions taken. | |
| 2c | What assistance, if any, does your country require in order to overcome these obstacles? | |
| 3 | What are the major threats to Appendix I bats (transcending mere obstacles to migration)? Pollution <input type="checkbox"/> Habitat fragmentation and loss <input type="checkbox"/> Other (please specify) | |
| 3a | What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species of bats beyond actions to prevent disruption to migrating behaviour? | |
| 3b | Please report on the progress / success of the actions taken. | |
| 3c | Describe any factors that may limit action being taken in this regard: | |
| 3d | What assistance/measures, if any, does your country require to overcome these factors? | |

5.2 Questions on specific Appendix I bat species

In the following section, using the table format below, please fill in each Appendix I bat species for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)

| <i>Species name – Common Name(s)</i> | |
|--------------------------------------|--|
| 1 | Please provide published distribution reference: |
| 2a | Summarise information on population size (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/> |
| 2c | Summarise information on trends (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/> |
| 2c | Summarise information on distribution (if known): increasing <input type="checkbox"/> decreasing <input type="checkbox"/> stable <input type="checkbox"/> not known <input type="checkbox"/> unclear <input type="checkbox"/> |
| 3 | Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available): Research <input type="checkbox"/> Identification and establishment of protected areas <input type="checkbox"/> Monitoring <input type="checkbox"/> Education / awareness rising <input type="checkbox"/> Species protection <input type="checkbox"/> Control hunting / poaching <input type="checkbox"/> Species restoration <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other <input type="checkbox"/> |
| 4 | If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? |
| 5 | Describe any future activities that are planned for this species: |

6. OTHER TAXA

6.1 General questions on Appendix I species belonging to other taxa

| | |
|----|---|
| 1 | Identify the Ministry, agency/department, or organisation responsible for leading actions relating to Appendix I listed species belonging to taxa not included in sections 1-5 above: |
| 2 | Is the taking of all Appendix I species belonging to taxa not included in sections 1-5 above, prohibited by the national legislation listed as being implementing legislation in Table I(a) (General Information)? <input type="checkbox"/> Yes <input type="checkbox"/> No If <i>other</i> legislation is relevant, please provide details: |
| 2a | If the taking of Appendix I species belonging to taxa not included in sections 1-5 above is prohibited by law, have any exceptions been granted to the prohibition? <input type="checkbox"/> Yes <input type="checkbox"/> No If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7)): |
| 3 | Identify any obstacles to migration that exist in relation to Appendix I species belonging to taxa not included in sections 1-5 above: Lack of legislation <input type="checkbox"/> Other threats to migration (please provide details) |
| 3a | What actions are being undertaken to overcome these obstacles? |
| 3b | Please report on the progress / success of the actions taken. |
| 3c | What assistance, if any, does your country require in order to overcome these obstacles? |
| 4 | What are the major threats to Appendix I species belonging to taxa not included in sections 1-5 above (transcending mere obstacles to migration)? Other (please specify) |
| 4a | What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species belonging to taxa not included in section 1-5 above beyond actions to prevent disruption to migrating behaviour? |
| 4b | Please report on the progress / success of the actions taken. |
| 4c | Describe any factors that may limit action being taken in this regard: |
| 4d | What assistance, if any, does your country require to overcome these factors? |

6.2 Questions on specific Appendix I species belonging to other taxa

In the following section, using the table format below, please fill in each Appendix I species belonging to taxa not included in sections 1-5 above, for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)

| <i>Species name</i> – Common Name(s) | |
|--------------------------------------|--|
| 1 | Please provide published distribution reference: |

7 LISTING OF OTHER ENDANGERED MIGRATORY SPECIES IN APPENDIX I

| | | | |
|----|---|------------------------------|-----------------------------|
| 1 | Is your country a Range State for any other endangered migratory species ¹ not currently listed in Appendix I? | <input type="checkbox"/> Yes | <input type="checkbox"/> No |
| | If Yes, please provide details: N.B.: States in which a species occurs as a vagrant (i.e. not "on its normal migration route") should not be treated as Range States. Please refer to Article 1 of the Convention for clarification. | | |
| 1a | Is your country taking any steps to propose listing any of these species? | <input type="checkbox"/> Yes | <input type="checkbox"/> No |
| | If Yes, please provide details: | | |
| 1b | What assistance/measures, if any, does your country require to initiate the listing of these species? | | |

¹ according to the latest IUCN red data list

III. Appendix II Species

1. INFORMATION ON APPENDIX II SPECIES

Information pertaining to the conservation of Appendix II species that are the object of CMS Agreements will have been provided in periodic Party reports to those instruments. It will suffice therefore to reference (below), and preferably append, a copy of the latest report that has been submitted to the Secretariat of each of the Agreement/MoUs to which your country is a Party.

2. QUESTIONS ON CMS AGREEMENTS

2.1 Questions on the development of new CMS Agreements relating to birds

| | | |
|---|---|---|
| 1 | In the current reporting period, has your country initiated the development of any new CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II bird species? If Yes, what is the current state of development? | <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No |
| 2 | In the current reporting period, has your country participated in the development of any new CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II bird species? If Yes, please provide details: | <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No |
| 3 | If your country has initiated or is participating in the development of a new Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development? | |
| 4 | Is the development of any CMS Agreement for birds, including Memoranda of Understanding, planned by your country in the foreseeable future? If Yes, please provide details: | <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No |

2.2 Questions on the development of new CMS Agreements relating to marine mammals

| | | |
|---|--|---|
| 1 | In the current reporting period, has your country initiated the development of any new CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II marine mammal species? If Yes, what is the current state of development? | <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No |
| 2 | In the current reporting period, has your country participated in the development of any new CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II marine mammal species? If Yes, please provide details: | <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No |
| 3 | If your country has initiated or is participating in the development of a new Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development? | |
| 4 | Is the development of any CMS Agreement for marine mammals, including Memoranda of Understanding, planned by your country in the foreseeable future? If Yes, please provide details: | <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No |

2.3 Questions on the development of new CMS Agreements relating to marine turtles

| | | |
|---|---|---|
| 1 | In the current reporting period, has your country initiated the development of any new CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II marine turtles? If Yes, what is the current state of development? | <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No |
| 2 | In the current reporting period, has your country participated in the development of any new CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II marine turtles? If Yes, please provide details: | <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No |
| 3 | If your country has initiated or is participating in the development of a new Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development? | |
| 4 | Is the development of any CMS Agreement for marine turtles, including Memoranda of Understanding, planned by your country in the foreseeable future? If Yes, please provide details: | <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No |

2.4 Questions on the development of new CMS Agreements relating to terrestrial mammals (other than bats)

| | | | |
|---|---|------------------------------|--|
| 1 | In the current reporting period, has your country initiated the development of any new CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II terrestrial mammal species (other than bats)? If Yes, what is the current state of development? | <input type="checkbox"/> Yes | <input checked="" type="checkbox"/> No |
| 2 | In the current reporting period, has your country participated in the development of any new CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II terrestrial mammal species (other than bats)? If Yes, please provide details: | <input type="checkbox"/> Yes | <input checked="" type="checkbox"/> No |
| 3 | If your country has initiated or is participating in the development of a new Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development? | | |
| 4 | Is the development of any CMS Agreement for terrestrial mammals (other than bats), including Memoranda of Understanding, planned by your country in the foreseeable future? If Yes, please provide details: | <input type="checkbox"/> Yes | <input checked="" type="checkbox"/> No |

2.5 Questions on the development of new CMS Agreements relating to bats

| | | | |
|---|--|------------------------------|--|
| 1 | In the current reporting period, has your country initiated the development of any new CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II bat species? If Yes, what is the current state of development? | <input type="checkbox"/> Yes | <input checked="" type="checkbox"/> No |
| 2 | In the current reporting period, has your country participated in the development of any new CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II bat species? If Yes, please provide details: | <input type="checkbox"/> Yes | <input checked="" type="checkbox"/> No |
| 3 | If your country has initiated or is participating in the development of a new Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development? | | |
| 4 | Is the development of any CMS Agreement for bats, including Memoranda of Understanding, planned by your country in the future? If Yes, please provide details: | <input type="checkbox"/> Yes | <input checked="" type="checkbox"/> No |

2.6 QUESTIONS ON THE DEVELOPMENT OF NEW CMS AGREEMENTS RELATING TO OTHER TAXA

| | | | |
|---|---|------------------------------|--|
| 1 | In the current reporting period, has your country initiated the development of any new CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II species belonging to taxa not included in sections 1-6 above? If Yes, what is the current state of development? | <input type="checkbox"/> Yes | <input checked="" type="checkbox"/> No |
| 2 | In the current reporting period, has your country participated in the development of any new CMS Agreements, including Memoranda of Understanding, which address the conservation needs of species belonging to taxa not included in sections 1-6 above? If Yes, please provide details: | <input type="checkbox"/> Yes | <input checked="" type="checkbox"/> No |
| 3 | If your country has initiated or is participating in the development of a new Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development? | | |
| 4 | Is the development of any CMS Agreement for other taxa, including Memoranda of Understanding, planned by your country in the foreseeable future? If Yes, please provide details: | <input type="checkbox"/> Yes | <input checked="" type="checkbox"/> No |

3. LISTING OF MIGRATORY SPECIES IN APPENDIX II

| | | | |
|----|---|------------------------------|--|
| 1 | <p>Is your country a Range State for any migratory species that has an unfavourable conservation status, but is <u>not</u> currently listed in Appendix II and could benefit from the conclusion of an Agreement for its conservation?</p> <p>If Yes, please provide details:</p> <p>N.B.: States in which a species occurs as a vagrant (i.e. not "on its normal migration route") should not be treated as Range States. Please refer to Article 1 of the Convention for clarification.</p> | <input type="checkbox"/> Yes | <input checked="" type="checkbox"/> No |
| 1a | <p>Is your country taking any steps to propose the listing of this/these species in Appendix II?</p> <p>If Yes, please provide details:</p> | <input type="checkbox"/> Yes | <input checked="" type="checkbox"/> No |
| 1b | <p>What assistance, if any, does your country require to initiate the listing of this/these species?</p> | | |

IV. National and Regional Priorities

| | | |
|---|--|---|
| 1 | What priority does your country assign to the conservation and, where applicable, sustainable use of migratory species in comparison to other biodiversity-related issues | <input type="checkbox"/> Low <input type="checkbox"/> Medium <input checked="" type="checkbox"/> High |
| 2 | <p>Are migratory species and their habitats addressed by your country's national biodiversity strategy or action plan? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If Yes, please indicate and briefly describe the extent to which it addresses the following issues:</p> <p><input type="checkbox"/> Conservation, sustainable use and/or restoration of migratory species</p> <p><input checked="" type="checkbox"/> Conservation, sustainable use and/or restoration of the habitats of migratory species, including protected areas Designation of specially protected zones for the European Ecological Network NATURA 2000 and restoration of the habitats. In period 2008 - 2011 adopted four new areas (Natura 2000). Increase the network of birds with 244935.06 ha. In Bulgaria has implemented the projects: Of mapping and determining the conservation status of natural habitats and species and minimize risks to wild birds; Update of the National Action Plan for conservation of wetlands: The update of the Bulgarian national action plan for conservation of wetlands is included as specific action in the implementation of LIFE08 NAT/BG/000277 Ensuring Conservation of Priority Bird Species and Coastal Habitats at the Bourgas Natura 2000 Wetland Sites project; Within the GEF/World Bank project "Pomorie Lake – Conservation, Restoration and Sustainable management" following activities were undertaken: detailed design and restoration of sea-lake canal, detailed design was developed for the freshwater drainage canal and system, detailed design for restoration of nesting habitat for threatened water birds, development of a management plan, establishment of Pomorie Lake Visitor Centre, implementation of environmental education and CEPA program. Management plan is developed but pending approval by relevant authority – MOEW. Detailed design for restoration of nesting habitat for water birds is developed and its execution is planned for 2011. Funding is assured by Operative Program Environment. Creation of nesting islets and platforms are planned and funding by LIFE+ is pending. Same situation is with clearing of invasive species (<i>Amorpha fruticosa</i>); Conservation and recovering of 11 habitats – wetlands (Natura 2000) in forestry territories (LIFE08NAT/BG/000281); Conservation of wintering population of <i>Branta ruficollis</i> in Bulgaria.</p> <p>Finish procedure for notification of new wetland "Dragoman Marsh Karst Complex". In Bulgaria has 11 wetlands by the criteria of Ramsar Convention on wetlands.</p> <p><input type="checkbox"/> Actions to prevent, reduce or control factors that are endangering or are likely to further endanger migratory species (e.g. alien invasive species or by-catch)</p> <p><input checked="" type="checkbox"/> Minimizing or eliminating barriers or obstacles to migration By orders of the ministry banned the construction of wind farms in 6 zones of the Black Sea coast habitats of migratory birds. Elaboration of sensitivity maps for birds to wind farm developments - project of Bulgarian Society for the Protection of Birds / BirdLife Bulgaria.</p> <p>Electrocution: Bulgarian Society for the Protection of Birds (BSPB) together with electricity companies started to replace dangerous electricity lines with safety ones in the most problematic areas in Southern Bulgaria in 2010;</p> <p>Habitat destruction: NGOs report to the government for any project that is dangerous for migratory birds because of habitat destruction; MoEW ask for an EIA procedure when risk of significant impacts on birds is possible to exist;</p> <p>Wind turbines: Internal instructions have been developed by MoEW for assessment of wind farm projects; Strategic Environmental Assessment of the National Action Plan on Renewable Energy Development 2010 – 2020 is elaborated (procedure is not finalized). Large national-scale project started in 2011 for minimizing risks for wild birds due to windfarm development, including elaboration of a sensitivity map .</p> <p><input checked="" type="checkbox"/> Research and monitoring of migratory species In Bulgaria work the National Monitoring System on biodiversity. Monitoring of migratory species takes place during the month of January - 2008, 2009, 2010 and 2011.</p> <p><input type="checkbox"/> Transboundary co-operation</p> | |

V. Protected Areas

| | |
|----|--|
| 1 | <p>Are migratory species taken into account in the selection, establishment and management of protected areas in your country? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If Yes, please provide details: : All sites in great national and international importance are already in the frame of National Ecological Network. for the the international</p> |
| 1a | <p>Please identify the most important national sites for migratory species and their protection status: List of sites of international importance for Birds species:</p> <ol style="list-style-type: none"> 1. Atanasovsko Lake - date of designation as Ramsar sites 28/11/84; Close to the town of Burgas; 1,404 ha; 42°34'N 027°28'E. Partially Maintained Reserve. 2. Belene Islands Complex. - date of designation as Ramsar sites 24/09/02; Pleven District; 6,898 ha; 43°40'N 025°11'E. Reserve, Natural Monument, Natural Park. 3. Durankulak Lake - date of designation as Ramsar sites 28/11/84; Varna District; 350 ha; 43°42'N 028°30'E. 4. Ibisha Island- date of designation as Ramsar sites 24/09/02. Montana District; 372 ha. 43°49'N 023°31'E. Partially Maintained Reserve. 5. Lake Shabla - date of designation as Ramsar sites 19/03/96; 404 ha; 43°35'N 028°33'E. Shablensko ezero (Shabla Lake), Protected Area. 6. Poda - date of designation as Ramsar sites 24/09/02; near the town of Burgas; 307 ha; 42°27'N 027°27'E. Partially Protected Area. 7. Pomorie Wetland Complex - date of designation as Ramsar sites 24/09/02; Burgas District; 814 ha; 42°35'N 027°37'E. Partially Protected Area. 8. Ropotamo Complex (formerly called 'Arkoutino') - date of designation as Ramsar sites 24/09/75; Burgas District; 5,500 ha; 42°19'N 027°45'E. Partially Reserve, Natural Monument, Maintained Reserve and Protected Area. 9. Srebarna- date of designation as Ramsar sites 24/09/75; Silistra District; 1,357 ha; 44°06'N 027°04'E. World Heritage Site, Biosphere Reserve, Maintained Reserve. 10. Vaya Lake - date of designation as Ramsar sites 11/11/02; Close to the town of Burgas; 2,900 ha; 42°30'N 027°25'E. Partially Protected Area. 11. Varna - Beloslav lakes complex -year of designation as Korine Site 1998, Important Bird Area 1997; Close to the town of Varna; 4 681,8 ha; 43°11'N 027°48'E. Partially Protected Area. EU Ecological Network Natura 2000'. 12. Pozharevo island -year of designation as Korine Site 1998, Important Bird Area 1997; Close to the town of village Pozharevo, island of river Dunav ; 975,9 ha; 44°3'N 026°4'E. Partially Protected Area. EU Ecological Network Natura 2000'. 13. Orsoya fish - ponds - year of designation as Korine Site 1998, Important Bird Area 1997; Close to the town of the village Orsoya; 475,5 ha; 43°27'N 023°5'E. EU Ecological Network Natura 2000'. 14. Pyasachnik reservoir - year of designation as Korine Site 1998, Important Bird Area 1997; Close to the town of village Ljuben, Plovdiv District ; 3179,0 ha; 42°25'N 024°33'E. EU Ecological Network Natura 2000'. 15. Studen kladenets - year of designation as Korine Site 1998, Important Bird Area 1989; Between the town of Kurdzhali and Studen kladenets ; 15 995,6 ha; 41°37'N 025°31'E. Partially Protected Area. EU Ecological Network Natura 2000' 16. Plovdiv fish - ponds - year of designation as Important Bird Area 1997; Plovdiv District ; 145,8 ha; 42°11'N 024°45'E. EU Ecological Network Natura 2000' 17. Vardim island - year of designation as Korine Site 1998, Important Bird Area 1989; island of river Dunav, Svishtov District; 1 284,1 ha; 42°9'N 025°53'E. Partially Protected Area. EU Ecological Network Natura 2000' 18. Rozov kladents rezervoir - year of designation as Korine Site 1998, Important Bird Area 1997; Galabovo District; 1 168,0 ha; 43°37'N 025°28'E. Protected Area. EU Ecological Network Natura 2000' 19. Ovcharitsa rezervoir - year of designation as Korine Site 1998, Important Bird Area 1997; Radnevo District; 4 304,5 ha; 42°15'N 026°11'E. Protected Area. EU Ecological Network Natura 2000'. 20. Mechka fish - ponds - year of designation as Korine Site 1998, Important Bird Area 1997; Close to the town of the village Mechka; Ruse District; fish - ponds + 2 island of river Dunav ; 4 304,5 ha; 42°15'N 026°11'E. EU Ecological Network Natura 2000'. 21. Malko Sharkovo reservoir- year of designation as Korine Site 1998, Important Bird Area 1989; Close to the town of the village Malko Sharkovo; Yambol District; 1 662,69 ha; 42°6'N 026°51'E. EU Ecological Network Natura 2000'. 22. Kalimok complex - year of designation as Korine Site 1998, Important Bird Area 1989; Close to the town of the village Nova cherna; Ruse and Silistra Districts; fish - ponds + island + site of river Dunav; 9 431,8 ha; |

| | |
|----|--|
| | <p>44°01'N 026°25'E. Partially Protected Area. EU Ecological Network Natura 2000'.</p> <p>23. Partially Protected Area. EU Ecological Network Natura 2000'.</p> <p>24. Kaliakra - year of designation as Korine Site 1998, Important Bird Area 1989; Close to the town of site of Black sea ; Kavarna and Shabla Districts; 16 172,3 ha; 43°24'N 028°26'E. Partially Protected Area. EU Ecological Network Natura 2000'.</p> |
| 1b | <p>Do these protected areas cover the following areas? (If Yes, please provide details and include the amount of protected areas coverage and the number of protected areas):</p> <p>Yes No</p> <p><input checked="" type="checkbox"/> <input type="checkbox"/> Terrestrial</p> <p><input checked="" type="checkbox"/> <input type="checkbox"/> Aquatic</p> <p><input type="checkbox"/> <input type="checkbox"/> Marine</p> |
| 1c | Identify the agency, department or organization responsible for leading on this action in your country: Ministry of Environment and Water |
| 2 | Results – please describe the positive outcomes of any actions taken |

VI. Policies on Satellite Telemetry

| | |
|---|---|
| 1 | <p>In the current reporting period, has your country undertaken conservation/research projects that use satellite telemetry? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p style="text-align: center;"><input type="checkbox"/> In preparation <input type="checkbox"/> on-going <input type="checkbox"/> completed</p> |
| 2 | <p>Are any future conservation/research projects planned that will use satellite telemetry? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If Yes, please provide details (including the expected timeframe for these projects):</p> <p>If No, please explain any impediments or requirements in this regard:</p> |
| 3 | Results – please describe the positive outcomes of any actions taken |

VII. Membership

| | |
|----|---|
| 1 | <p>Have actions been taken by your country to encourage non- Parties to join CMS and its related Agreements? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If Yes, please provide details. (In particular, describe actions taken to recruit the non-Parties that have been identified by the Standing Committee as high priorities for recruitment.)</p> |
| 1a | Identify the agency, department or organization responsible for leading on this action in your country: |
| 2 | Results – please describe the positive outcomes of any actions taken |

VIII. Global and National Importance of CMS

| | |
|---|---|
| 1 | <p>Have actions been taken by your country to increase national, regional and/or global awareness of the relevance of CMS and its global importance in the context of biodiversity conservation? <input type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If Yes, please provide details:</p> |
| 2 | Identify the agency, department or organization responsible for leading on this action in your country: |
| 3 | Results – please describe the positive outcomes of any actions taken |

IX. Mobilization of Resources

| | |
|---|---|
| 1 | <p>Has your country made financial resources available for conservation activities having direct benefits for migratory species in your country? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, please provide details (Indicate the migratory species that have benefited from these activities):</p> |
| 2 | <p>Has your country made voluntary contributions to the CMS Trust Fund to support requests from developing countries and countries with economies in transition? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, please provide details:</p> |
| 3 | <p>Has your country made other voluntary financial contributions to support conservation activities having direct benefits for migratory species in other countries (particularly developing countries)? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, please provide details (Indicate the migratory species that have benefited from these activities):</p> |
| 4 | <p>Has your country provided technical and/or scientific assistance to developing countries to facilitate initiatives for the benefit of migratory species? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, please provide details (Indicate the migratory species that have benefited from these activities):</p> |
| 5 | <p>Has your country received financial assistance/support from the CMS Trust Fund, via the CMS Secretariat, for national conservation activities having direct benefits for migratory species in your country? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, please provide details (Indicate the migratory species that have benefited from these activities):</p> |
| 6 | <p>Has your country received financial assistance/support from sources other than the CMS Secretariat for conservation activities having direct benefit for migratory species in your country? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If Yes, please provide details (Indicate the migratory species that have benefited from these activities): Project for conservation of Phalacrocorax pygmeus habitats on the territory of South Bulgaria. Project founded by MATRA and was implemented in 2007 by Green Balkans NGO.</p> <p>Project: "Partnerships for the European natural heritage". Project founded by European Commission and will be implemented in 2008 by Green Balkans NGO.</p> <p>Project: "Reconnecting the Danube and its People". Project founded by WWF and will be implemented 2008-2012.</p> <p>Different projects of LIFE + and Operational Program Environment.</p> |

X. Implementation of COP Resolutions and Recommendations

Please provide information about measures undertaken by your country relating to recent Resolutions and Recommendations since the last Report. For your convenience please refer to the list of COP Resolutions and Recommendations listed below.

Resolutions

Resolution 6.2 – By-catch, and Recommendation 7.2 – Implementation of Resolution 6.2 on By-catch

Resolution 6.3 – Southern Hemisphere Albatross Conservation

Resolution 7.2 – Impact Assessment and Migratory Species

Resolution 7.3 – Oil Pollution and Migratory Species

Resolution 7.4 – Electrocutation of Migratory Birds

Resolution 7.5 – Wind Turbines and Migratory Species

Resolution 7.9 – Cooperation with Other Bodies and Processes

Resolution 7.15 – Future Action on the Antarctic Minke, Bryde's and Pygmy Right Whales under the Convention on Migratory Species

Resolution 8.1 – Sustainable Use

Resolution 8.2 – CMS Strategic Plan 2006-2011

Resolution 8.5 - Implementation of Existing Agreements and Development of Future Agreements

Resolution 8.7 - Contribution of CMS in Achieving the 2010 Biodiversity Target

Resolution 8.9 - Review of GROMS (Global Register on Migratory Species)

Resolution 8.11 - Co-operation with other Conventions

Resolution 8.13 - Climate Change and Migratory Species

Resolution 8.14 – By-Catch

Resolution 8.22 - Adverse Human Induced Impacts on Cetaceans

Resolution 8.24 - National Reports for the Eighth and Ninth Meetings of the Conference of the Parties

Resolution 8.27 - Migratory Species and Highly Pathogenic Avian Influenza

Resolution 8.29 - Concerted Actions for Appendix I Species

Resolution 9.1 – Concerted and Cooperative Actions

Resolution 9.2 – Priorities for CMS Agreements

Resolution 9.3 – CMS Information Priorities

Resolution 9.5 – Outreach and Communication Issues

Resolution 9.7 – Climate Change Impacts on Migratory Species

Resolution 9.9 – Migratory Marine Species

Resolution 9.12 – Capacity Building Strategy

Resolution 9.18 – By-catch

Resolution 9.19 – Adverse Anthropogenic Marine/Ocean Noise Impacts on Cetaceans and other Biota

Resolution 9.20 – the Saker Falcon

Recommendations

Recommendation 7.5 – Range State Agreement for Dugong (*Dugong dugon*) Conservation

Recommendation 7.6 – Improving the Conservation Status of the Leatherback Turtle (*Dermochelys coriacea*)

Recommendation 7.7 – America Pacific Flyway Programme

Recommendation 8.12 - Improving the conservation status of raptors and owls in the African Eurasian region

Recommendation 8.16 – Migratory Sharks

Recommendation 8.17 – Marine Turtles

Recommendation 8.23 - Central Eurasian and Aridland Mammals

Recommendation 8.26 - Grassland Bird Species and their Habitats in Southern South America

Recommendation 8.28 - Cooperative Actions for Appendix II Species

Recommendation 9.1 – Central Eurasian Aridland Mammals

Recommendation 9.2 – Sahelo-Saharan Megafauna

Recommendation 9.3 – Tigers and Other Asian Big Cats

Recommendation 9.5 – Cooperative Action for the Elephant (*Loxodonta africana*) in Central Africa

Other resolutions/recommendations:

Other remarks:

Annex: Updating Data on Appendix II Species

The tables below contain the list of all species listed in Appendix II.

New Parties which have acceded since COP9 in 2008 and Parties which did not submit a National Report in 2008 are requested to complete the entire form.

Parties that did submit a report in 2008 need only which information has changed (e.g. new published distribution references and details concerning species added to Appendix II at COP8 and COP9).

| Species | Range State | Extinct at National level | No information available | Published distribution reference |

All species of each of the Families below are listed in Appendix II. If your country is a Range State for any of the species in these Families, please enter the species name in the first column, under the relevant Family heading. Please indicate (with a 'X') whether your country is a Range State or the species is extinct and, where appropriate, please provide published distribution references. (Space is provided for ten species in each Family. If additional lines are required, please attach the information as an annex).
