

# 2014 NATIONAL REPORT OF PARTIES ON THE IMPLEMENTATION OF THE CONVENTION ON THE CONSERVATION OF MIGRATORY SPECIES OF WILD ANIMALS

**The deadline for submission of the reports is 1 May 2014. The reporting period is 15 June 2011 to 1 May 2014.**

Parties are encouraged to respond to all questions. Parties are also requested to provide comprehensive answers, including, where appropriate, a summary of activities, information on factors limiting action and details of any assistance required.

Reporting format agreed by the Standing Committee at its 40th Meeting (Bonn, November 2012) for mandatory use by Parties, for reports submitted to the Eleventh Meeting of the Conference of the Parties (COP11) 2014.

The questions below combine elements of Resolution 4.1 (Party Reports) adopted by the Fourth Meeting of the Conference of the Parties (Nairobi, June 1994) and Resolution 6.4 (Strategic Plan for the Convention on Migratory Species 2000-2005), adopted by the Sixth Meeting of the Conference of the Parties (Cape Town, November 1999), the COP8 Strategic Plan 2006-2011 and Resolution 8.24 adopted by the Conference of the Parties (Nairobi 2005), as well as commitments arising from other operational Resolutions and Recommendations of the Conference of the Parties.

COP Resolution 9.4 adopted at Rome called upon the Secretariats and Parties of CMS Agreements to collaborate in the implementation and harmonization of online reporting implementation. The CMS Family Online Reporting System (ORS) has been successfully implemented and used by AEWA in their last Meeting of the Parties (MOP 5, 2012) reporting cycle. CMS now offers the Convention's Parties to use the ORS for submitting their national reports for the COP11 (2014) reporting cycle.

- > financiancia suport

## 4. TERRESTRIAL MAMMALS

### 4.1 General questions on Appendix I terrestrial mammals

1a. If the taking of Appendix I terrestrial mammals species is prohibited by law, have any exceptions been granted to the prohibition?

No

2. Identify any obstacles to migration that exist in relation to Appendix I terrestrial mammals species:

- Lack of information
- Lack of trans-boundary management
- Man-made barriers

### 4.2 Questions on specific Appendix I terrestrial mammals

In the following section, using the table format below, please fill in each Appendix I terrestrial mammal species for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)

#### **Species name: Acinonyx jubatus (except populations in Botswana, Namibia and Zimbabwe)**

1. Please provide published distribution reference:

> no

2a. Summarise information on population size (if known):

unclear

2b. Summarise information on distribution (if known):

not known

3. Indicate and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available):

- Identification and establishment of protected areas
- Monitoring
- Habitat protection

4. If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?

> the question is not clear.

5. Describe any future activities that are planned for this species:

- > 1. permanent protection.
- 2. researches .
- 3. monitoring

#### **Species name: Equus grevyi**

1. Please provide published distribution reference:

> no

2a. Summarise information on population size (if known):

unclear

> no information gathering done now days

2b. Summarise information on distribution (if known):

not known

3. Indicate and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available):

Research

Monitoring

Habitat restoration

4. If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?

> the aim of the question is not clear

5. Describe any future activities that are planned for this species:

> a lot of like ,protection ,assessments,controlling

## **6. LISTING OF OTHER ENDANGERED MIGRATORY SPECIES IN APPENDIX I**

If Yes, please provide details:

> Gezales

1a. Is your country taking any steps to propose listing any of these species?

Yes

If yes, please provide details:

> we provided inflammations to the government and to the Internationale organizations

1b. What assistance/measures, if any, does your country require to initiate the listing of these species?

> We need assistance's to make surveys and to find aspect of solutions for the extinction

## III. Appendix II Species

### 1. INFORMATION ON APPENDIX II SPECIES

Information pertaining to the conservation of Appendix II species that are the object of CMS Agreements will have been provided in periodic Party reports to those instruments. It will suffice therefore to reference (below), and preferably append, a copy of the latest report that has been submitted to the Secretariat of each of the Agreement/MoUs to which your country is a Party.
