Implementation of Articles III.4 and III.5 of the Convention

		Czech Republic		
Party since 1 May 1994				
National Reports submitted: COP12 (2017), COP11 (2014), COP10 (2011), COP9 (2008)				
Relevant Legislation				
Act 114/1992 on Nature Conservation and Landscape Protection.				
Article III.5				
Laws that Implement the Take Prohibition				
	Aquatic Mammals	Unknown		
	Terrestrial Mammals	Unknown		
	Birds	Taking of all Appendix I birds is prohibited by Act 114/1992 on Nature Conservation and Landscape Protection.		
	Reptiles	Unknown		
	Fish	Taking of all Appendix I fish is prohibited by Act 114/1992 on Nature		
		Conservation and Landscape Protection.		
Exceptions to the Take Prohibition				
	Aquatic Mammals	Unknown		
	Terrestrial Mammals	Unknown		
	Birds	None granted, but no law is identified to determine the scope of permissible exceptions.		
	Reptiles	Unknown		
	Fish	None granted, but no law is identified to determine the scope of permissible exceptions.		
Article III.4				
Laws to conserve and, where feasible and appropriate, restore habitats of CMS Appendix I species				
		eclared by individual decrees of the Government of the Czech Republic. Potential		
	Sites of Community Importance (pSCI), proposed according to the European Council Directive on the Conservation of Natural Habitats and of Wild Fauna and Flora 92/40/EEC, cover also localities of important animal species (listed in the Annex II and IV of the Habitats Directive), incl. bats. Altogether 1075 SCIs are included in the European list at present. However, insufficient information is provided to identify the content of any obligations for these activities.			

The Czech Republic has designated 25 Protected Landscape Areas, 236 National Nature National Nature Monuments and 2074 Nature Reserves and Nature Monuments. However information is provided to identify the content of any obligations for these activities. Laws that prevent, remove, compensate for or minimize, as appropriate, the adverse effects of activities or of seriously impede or prevent the migration of the species Windmills (birds and bats)
