Implementation of Articles III.4 and III.5 of the Convention

| Jordan | | | |
|------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Party since 1 March 2001 | | | |
| National Reports submitted: COP12 (2017) | | | |
| Relevant Legislation | | | |
| | <ul style="list-style-type: none">• Environmental Protection Law of Jordan.• Agriculture Law. | | |
| Article III.5 | | | |
| | Laws that Implement the Take Prohibition | | |
| | | Aquatic Mammals | Unknown |
| | | Terrestrial Mammals | Unknown |
| | | Birds | Taking of all Appendix I birds is prohibited, but relevant law is not identified. |
| | | Reptiles | Unknown |
| | | Fish | Unknown |
| | Exceptions to the Take Prohibition | | |
| | | Aquatic Mammals | Unknown |
| | | Terrestrial Mammals | Unknown |
| | | Birds | Unclear. Jordan reports that it has granted exceptions but states that they are for the release of captive-bred Houbara bustards into the wild. If eggs were taken from the wild, then that would require granting an exception. The release of captive-bred birds into the wild, however, does not violate the prohibition against taking. |
| | | Reptiles | Unknown |
| | | Fish | Unknown |
| Article III.4 | | | |
| | Laws to conserve and, where feasible and appropriate, restore habitats of CMS Appendix I species | | |
| | | Jordan has designated several different types of protected areas. However, insufficient information is provided to determine whether any Appendix I species inhabit these areas, and insufficient information is provided to identify the content of any obligations. | |
| | Laws that prevent, remove, compensate for or minimize, as appropriate, the adverse effects of activities or obstacles that seriously impede or prevent the migration of the species | | |
| | Windmills (birds and bats) | Unknown | |

| | | | |
|------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------|
| | | Cell towers (birds and bats) | Unknown |
| | | Dams (fish) | Unknown |
| | | Road construction (mammals) | Unknown |
| | | Train tracks (mammals) | Unknown |
| | | Fishing gear/bycatch (marine mammals, sea turtles, fish) | Unknown |
| | | Shipping (marine mammals) | Unknown |
| | Laws that prevent, reduce or control factors that are endangering or are likely to further endanger the species, including strictly controlling the introduction of or controlling or eliminating, already introduced species. | | |
| | | <p>Jordan lists the following activities:</p> <ul style="list-style-type: none">• Hunting Law enforcement.• Bird Monitoring.• Guidelines for Wind farms Development.• Adopting habitat friendly integration approach into national land use planning.• EIA regulation as part of the Ministry of Environment procedure. <p>However, insufficient information is provided to identify the content of any obligations.</p> | |
| Reservations, territorial inclusions, and territorial exclusions | | | |
| | Reservations | None | |
| | Territorial Scope | “All Jordan”. Thus, the Convention is presumed to apply to all territory, including any overseas territories and semi-autonomous zones. | |
