

**Format for reports of Parties on implementation of the
Convention on the Conservation of Migratory Species
of Wild Animals (revision of June 2003)**

Reporting format agreed by the Standing Committee at its 26th Meeting (Bonn, June 2003) for mandatory use by Parties, for reports submitted to the Eighth Meeting of the Conference of the Parties (COP8) (Nairobi, 2005).

The questions below combine elements of Resolution 4.1 (Party Reports) adopted by the Fourth Meeting of the Conference of the Parties (Nairobi, June 1994) and Resolution 6.4 (Strategic Plan for the Convention on Migratory Species 2000-2005), adopted by the Sixth Meeting of the Conference of the Parties (Cape Town, November 1999), as well as commitments arising from other operational Resolutions and Recommendations of the Conference of the Parties.

Please refer to the separate instructions on completing the report. Parties are encouraged to respond to all questions, since it cannot be assumed that the absence of a response indicates that no activities taken have place in the current reporting period. Parties are also requested to provide comprehensive answers, including, where appropriate, a summary of activities, information on factors limiting action and details of any assistance required.

II. Appendix I species

1. BIRDS

1.1 General questions on Appendix I bird species

| | |
|----|--|
| 1 | Identify the Ministry, agency/department, or organisation responsible for leading actions relating to Appendix I bird species: Ministry of Ecology and Natural Resources Institute of Zoology, Academy of Science of the Republic of Moldova Moldova State University |
| 2 | Is the taking of all Appendix I bird species prohibited by the national implementing Legislation cited in Table I(a) (General Information)? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If <i>other</i> legislation is relevant, please provide details: |
| 2a | If the taking of Appendix I bird species is prohibited by law, have any exceptions Been granted to the prohibition? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7)): |
| 3 | Identify any obstacles to migration that exist in relation to Appendix I bird species: N/A |
| 3a | What actions are being undertaken to overcome these obstacles? N/A |
| 3b | What assistance, if any, does your country require in order to overcome these obstacles? N/A |
| 4 | What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger bird species, including strictly controlling the introduction of, or controlling or eliminating, already introduced exotic species (Article III(4)(c))? According to the Biological Diversity Conservation National Strategy and Action Plan the The biological diversity of the Republic of Moldova is essentially damaged by the diminution of the genetic fund of plants, animals, microorganisms etc. The intensive use of the territories covered by natural ecosystems has caused the disappearance of a series of populations specific to local habitats. As a result, the species protected by state (269 plant species and 215 animal species), according to Law No.1538-XIII dated 25.02.1998, have a reduced intraspecific genofund represented, as a rule, by a reduced number of populations. The methods of species protection include: – restriction of intensive use of species that could lead to their degradation; – conservation of habitats by establishing and managing protected areas according to the respective requirements; – environmental protection by reducing its pollution and limiting the activities that cause landscapes and habitats destruction. The measures undertaken by the scientific institutions are insufficient and do not provide the necessary results for the organization of specific and intraspecific diversity conservation. In Moldova there are no endemic animal and plant species. Nevertheless, some species taxa constitute sub-endemic and relict elements. The current situation requires the development of certain efficient activities not only for the conservation of the existing species, but also for their restoration by creating best suited conditions for the existence, regeneration and dispersion of the population of the rapidly declining species. |
| 4a | Describe any factors that may limit action being taken in this regard: The research over the last ten years in this area (inventory, cartography and monitoring) has been ceased. A lot of species of international importance are not protected according to the requirements of international organizations on nature protection. The laws on species protection ensure only to a certain extent their conservation, whereas they are not properly observed by the local bodies and the population. The requirements and measures of species conservation included in the <i>Red Book of the Republic of Moldova</i> are not always observed. |
| 4b | What assistance, if any, does your country require to overcome these factors? Conservation of rare and endangered species and communities (according to action plan for species protection – 2.1; |

| | |
|------|---|
| 2.2) | <p>Tasks:</p> <ul style="list-style-type: none"> - Protection of species and communities included in the documents of the European Union on biodiversity and species protection, included as well in the red Book of the Republic of Moldova |

4 TERRESTRIAL MAMMALS (OTHER THAN BATS)

4.1 General questions on Appendix I terrestrial mammals (other than bats)

| | |
|----|---|
| 1 | Identify the Ministry, agency/department, or organisation responsible for leading actions relating to Appendix I listed terrestrial mammals (other than bats): Ministry of Ecology and Natural Resources, Institute of Zoology, Academy of Science of the Republic of Moldova, Moldova State University. |
| 2 | Is the taking of all Appendix I terrestrial mammals (other than bats) prohibited by The national implementing legislation cited in Table I(a) (General Information)? <input type="checkbox"/> Yes <input type="checkbox"/> No If <i>other</i> legislation is relevant, please provide details: Biological Diversity Conservation National Strategy and Action Plan (2002) |
| 2a | If the taking of Appendix I terrestrial mammals (other than bats) is prohibited by Law, have any exceptions been granted to the prohibition? <input type="checkbox"/> Yes <input type="checkbox"/> No If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7)): |
| 3 | Identify any obstacles to migration that exist in relation to Appendix I terrestrial mammals (other than bats): Need for extension of natural protected areas. |
| 3a | What actions are being undertaken to overcome these obstacles? Need for identification of the significant migration routes. |
| 3b | What assistance, if any, does your country require in order to overcome these obstacles? Establishment of the National Ecological Network (according to the action plan for establishing the National Ecological Network – 2.1; 2.3; 2.4; 2.5.) Tasks: - Elaboration of the concept and scheme of the Ecological Network at national level (scale 1:200000) and county level (scale 1:100000). Identification of the ecologically significant habitats and their connection to the European Ecological Network. |
| 4 | What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species of terrestrial mammal (other than bats), including strictly controlling the introduction of, or controlling or eliminating, already introduced exotic species (Article III(4)(c))? |
| 4a | Describe any factors which limit action being taken in this regard: Lack of financial assistance. |
| 4b | What assistance, if any, does your country require to overcome these factors? International financial support. |

4.2 Questions on specific Appendix I terrestrial mammals (other than bats)

If you have information indicating that your country should be considered a Range State for any terrestrial mammal species (other than bats) that is listed in CMS Appendix I, please complete a table (provided below) for each species.

2. QUESTIONS ON CMS AGREEMENTS

2.1 Questions on the development of new CMS Agreements relating to birds

| | | |
|---|---|--|
| 1 | In the current reporting period, has your country initiated the development of any CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II bird species? If Yes, what is the current state of development? | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| 2 | In the current reporting period, has your country participated in the development of any CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II bird species? If Yes, please provide details: | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| 3 | If your country has initiated or is participating in the development of an Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development? | |
| 4 | Is the development of any CMS Agreement for birds, including Memoranda of Understanding, planned by your country in the foreseeable future? If Yes, please provide details: | <input type="checkbox"/> Yes <input type="checkbox"/> No |

2.2 Questions on the development of new CMS Agreements relating to marine mammals

| | | |
|---|--|--|
| 1 | In the current reporting period, has your country initiated the development of any CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II marine mammal species? If Yes, what is the current state of development? | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| 2 | In the current reporting period, has your country participated in the development of any CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II marine mammal species? If Yes, please provide details: | <input type="checkbox"/> Yes <input type="checkbox"/> No |

| | | |
|---|--|--|
| 3 | If your country has initiated or is participating in the development of an Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development? | |
| 4 | Is the development of any CMS Agreement for marine mammals, including Memoranda of Understanding, planned by your country in the foreseeable future? If Yes, please provide details: | <input type="checkbox"/> Yes <input type="checkbox"/> No |

2.3 Questions on the development of new CMS Agreements relating to marine turtles

| | | |
|---|---|--|
| 1 | In the current reporting period, has your country initiated the development of any CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II marine turtles? If Yes, what is the current state of development? | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| 2 | In the current reporting period, has your country participated in the development of any CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II marine turtles? If Yes, please provide details: | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| 3 | If your country has initiated or is participating in the development of an Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development? | |
| 4 | Is the development of any CMS Agreement for marine turtles, including Memoranda of Understanding, planned by your country in the foreseeable future? If Yes, please provide details: | <input type="checkbox"/> Yes <input type="checkbox"/> No |

2.4 Questions on the development of new CMS Agreements relating to terrestrial mammals (other than bats)

| | | |
|---|---|--|
| 1 | In the current reporting period, has your country initiated the development of any CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II terrestrial mammal species (other than bats)? If Yes, what is the current state of development? | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| 2 | In the current reporting period, has your country participated in the development of any CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II terrestrial mammal species (other than bats)? If Yes, please provide details: | <input type="checkbox"/> Yes <input type="checkbox"/> No |
| 3 | If your country has initiated or is participating in the development of an Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development? | |
| 4 | Is the development of any CMS Agreement for terrestrial mammals (other than bats), including Memoranda of Understanding, planned by your country in the foreseeable future? If Yes, please provide details: | <input type="checkbox"/> Yes <input type="checkbox"/> No |

2.5 Questions on the development of new CMS Agreements relating to bats

| | | |
|---|--|---|
| 1 | In the current reporting period, has your country initiated the development of any CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II bat species? If Yes, what is the current state of development? | <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No |
| 2 | In the current reporting period, has your country participated in the development of any CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II bat species? If Yes, please provide details: | <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No |

| | |
|---|--|
| 3 | If your country has initiated or is participating in the development of an Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development? |
| 4 | Is the development of any CMS Agreement for bats, including Memoranda of Understanding, planned by your country in the future? <input type="checkbox"/> Yes <input type="checkbox"/> No If Yes, please provide details: |

2.6 Questions on the development of new CMS Agreements relating to other taxa

| | |
|---|--|
| 1 | In the current reporting period, has your country initiated the development of any CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II species belonging to taxa not Included in sections 1-6 above? <input type="checkbox"/> Yes <input type="checkbox"/> No If Yes, what is the current state of development? |
| 2 | In the current reporting period, has your country participated in the development of any CMS Agreements, including Memoranda of Understanding, which address the conservation needs of species belonging to taxa not included in sections 1-6 above? <input type="checkbox"/> Yes <input type="checkbox"/> No If Yes, please provide details: |
| 3 | If your country has initiated or is participating in the development of an Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development? |
| 4 | Is the development of any CMS Agreement for other taxa, including Memoranda of Understanding, planned by your country in the foreseeable future? <input type="checkbox"/> Yes <input type="checkbox"/> No If Yes, please provide details: |

3. LISTING OF MIGRATORY SPECIES IN APPENDIX II

| | |
|----|--|
| 1 | Is your country a Range State for any migratory species that has an unfavorable conservation status, but is <u>not</u> currently listed in Appendix II and could benefit from the conclusion of an Agreement for its conservation? <input type="checkbox"/> Yes <input type="checkbox"/> No If Yes, please provide details: |
| 1a | Is your country taking any steps to propose the listing of this/these species in Appendix II? <input type="checkbox"/> Yes <input type="checkbox"/> No If Yes, please provide details: |
| 1b | What assistance, if any, does your country require to initiate the listing of this/these species? |

IV. National and Regional Priorities

| 1 | What priority does your country assign to the conservation and, where applicable, sustainable use of migratory species in comparison to other biodiversity-related issues? | <input type="checkbox"/> Low <input type="checkbox"/> Medium <input type="checkbox"/> High | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | |

VI. Policies on Satellite Telemetry

| | |
|---|---|
| 1 | In the current reporting period, has your country undertaken Conservation/research projects that use satellite telemetry? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If Yes, please provide details (Indicate <i>inter alia</i> the scientific justification for the research, describe briefly the measures taken to ensure that risks to the welfare of individual animals and – in the case of severely depleted populations – to the species are minimised, and summarise the results obtained): |
| 2 | Are any future conservation/research projects planned that will use Satellite telemetry? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If Yes, please provide details (including the expected timeframe for these projects): If No, please explain any impediments or requirements in this regard: |

VII. Membership

| | |
|----|---|
| 1 | Have actions been taken by your country to encourage non-Parties To join CMS and its related Agreements? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If Yes, please provide details. (In particular, describe actions taken to recruit the non-Parties that have been identified by the Standing Committee as high priorities for recruitment.) |
| 1a | Identify the agency, department or organization responsible for leading on this action in your country: |

VIII. Global and National Importance of CMS

| | |
|---|---|
| 1 | Have actions been taken by your country to increase national, regional And/or global awareness of the relevance of CMS and its global importance In the context of biodiversity conservation? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If Yes, please provide details: |
| 2 | Identify the agency, department or organization responsible for leading on this action in your country: |

IX. Mobilization of Resources

| | |
|---|--|
| 1 | Has your country made financial resources available for conservation activities having Direct benefits for migratory species in your country? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If Yes, please provide details (Indicate the migratory species that have benefited from these activities): |
| 2 | Has your country made voluntary contributions to the CMS Trust Fund to support Requests from developing countries and countries with economies in transition? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If Yes, please provide details: |
| 3 | Has your country made other voluntary financial contributions to support Conservation activities having direct benefits for migratory species in other Countries (particularly developing countries)? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If Yes, please provide details (Indicate the migratory species that have benefited from these activities): |

All species of each of the Families below are listed in Appendix II. If your country is a Range State for any of the species in these Families, please enter the species name in the first column, under the relevant Family heading. Please indicate (with a 'X') whether your country is a Range State or the species is extinct and, where appropriate, please provide published distribution references. (Space is provided for ten species in each Family. If additional lines are required, please attach the information as an annex.)
