### Implementation of Articles III.4 and III.5 of the Convention

Slovenia		
Party since 1 February 1999		
National Reports submitted: COP12 (2017), COP10 (2011), COP9 (2008)		
Relevant Legislation		
	<ul style="list-style-type: none"> <li>• Nature Conservation Act.</li> <li>• Wild Game and Hunting Act.</li> <li>• Decree on the protection of wild animal species.</li> <li>• Decree on the management and the protection methods in trade in animal and plant species.</li> <li>• Decree on special conservation areas (Natura 2000 areas).</li> <li>• Decree on ecologically important areas.</li> <li>• EC Regulation 337/98.</li> </ul>	
Article III.5		
	Laws that Implement the Take Prohibition	
	Aquatic Mammals	Taking of all Appendix I aquatic mammals is prohibited, but relevant law is not identified.
	Terrestrial Mammals	Unknown.
	Birds	Taking of all Appendix I birds is prohibited, but relevant law is not identified.
	Reptiles	Taking of all Appendix I reptiles is prohibited, but relevant law is not identified.
	Fish	Unknown.
	Exceptions to the Take Prohibition	
	Aquatic Mammals	None granted, but no law is identified to determine the scope of permissible exceptions.
	Terrestrial Mammals	Unknown.
	Birds	None granted, but no law is identified to determine the scope of permissible exceptions.
	Reptiles	None granted, but no law is identified to determine the scope of permissible exceptions.
	Fish	Unknown.
Article III.4		
	Laws to conserve and, where feasible and appropriate, restore habitats of CMS Appendix I species	

		Slovenia has designated various protected areas, including national parks, national monuments, nature reserves, and Natura 2000 sites. Some of these sites have been designated or include Appendix I species, including the ferruginous duck. However, insufficient information is provided to determine whether any Appendix I species inhabit most of these areas, and insufficient information is provided to identify the content of any obligations arising from these protected area designations.
	Laws that prevent, remove, compensate for or minimize, as appropriate, the adverse effects of activities or obstacles that seriously impede or prevent the migration of the species	
	Windmills (birds and bats)	Environmental Impact Assessment is implemented consistent with EU legislation.
	Cell towers (birds and bats)	Unknown
	Dams (fish)	Unknown
	Road construction (mammals)	Unknown
	Train tracks (mammals)	Unknown
	Fishing gear/bycatch (marine mammals, sea turtles, fish)	National measures are implemented when implementing the European Community fisheries legislation.
	Shipping (marine mammals)	Unknown
	Laws that prevent, reduce or control factors that are endangering or are likely to further endanger the species, including strictly controlling the introduction of or controlling or eliminating, already introduced species.	
	<ul style="list-style-type: none"> <li>• Management plans are developed for protected areas.</li> <li>• Environmental Impact Assessment is implemented consistent with EU legislation.</li> <li>• Artificial perches and nesting boxes have been set in one site for an Appendix I bird species.</li> </ul>	
Reservations, territorial inclusions, and territorial exclusions		
	Reservations	None
	Territorial Scope	“Whole country”. Thus, the Convention is presumed to apply to all territory, including any overseas territories and semi-autonomous zones.
