The deadline for submission of the reports is 24 April 2017. The reporting period is from May 2014 to April 2017.

Parties are encouraged to respond to all questions. Parties are also requested to provide comprehensive answers, including, where appropriate, a summary of activities, information on factors limiting action and details of any assistance required.

The reporting format was agreed by the Standing Committee at its 40th Meeting (Bonn, November 2012) for mandatory use by Parties, for reports submitted to the Eleventh Meeting of the Conference of the Parties (COP11). The 45th meeting of the Standing Committee recommended the use of the same format for reports submitted to COP12, with necessary adjustments to take into account relevant COP11 decisions, in particular amendments to the Appendices and resolutions.

COP Resolution 9.4 adopted at Rome called upon the Secretariats and Parties of CMS Agreements to collaborate in the implementation and harmonization of online reporting implementation. The CMS Family Online Reporting System (ORS) has been successfully implemented and used by AEWA in their last Meeting of the Parties (MOP 5, 2012) reporting cycle. CMS now offers the Convention’s Parties to use the ORS for submitting their national reports for the COP11 (2014) reporting cycle.

Which agency has been primarily responsible for the preparation of this report? Department of Environment

Please list any other agencies that have provided input: Department of Fisheries
I(a). General Information

Please enter the required information in the table below:

**Party**

Date of entry into force of the Convention in your country: 4th January, 2013

Period covered: 01st May, 2014 – 01st April, 2017

Territories to which the Convention applies: Fiji Waters.

**Designated National Focal Point**

Full name of the institution: Department of Environment

Name and title of designated Focal Point: Ms. Sandeep Singh, Director - Department of Environment

Mailing address: P.O Box 2109 Government Building Suva

Involvement of other government departments/NGOs/private sector

1. Which other government departments are involved in activities/initiatives for the conservation of migratory species in your country? (Please list.)
   - Department of Fisheries

2. If more than one government department is involved, describe the interaction/relationship between these government departments:
   - Department of Fisheries is responsible for the technical aspect of the migratory species research and contributes to policy formulation together with the Department of Environment.

3. Has a national liaison system or committee been established in your country?
   - The Species Working Group under the National Biodiversity Strategy and Action Plan (NBSAP) liaises on the species, which includes the migratory species.

   Please select only one option
   □ Yes
   ☑ No

   Please provide contact information

4. List the main non-governmental organizations actively involved in activities/initiatives for the conservation of migratory species in your country, and describe their involvement:
   - World Wildlife Fund for Nature
   - Wildlife Conservation Society

4a. Please provide detail on any devolved government/overseas territory authorities involved.
South Pacific Regional Environment Program (SPREP) assists the country in implementing the regional Marine Species Action Plan which addresses the issues regarding migratory species in the region as well provides in country training and funding assistance.

5. Describe any involvement of the private sector in the conservation of migratory species in your country:

6. Note any interactions between these sectors in the conservation of migratory species in your country:
I(b). Information about involved Authorities
Identify the ministry, agency/department or organization that is responsible for leading actions relating to Appendix I species

1- Birds › Department of Environment

2- Aquatic Mammals › Department of Fisheries/Department of Environment

3- Reptiles › Department of Fisheries/Department of Environment

4- Terrestrial Mammals ›

5- Fish › Department of Fisheries
II. Appendix I species

1. BIRDS

1.1 General questions on Appendix I bird species

1. Is the taking of all Appendix I bird species prohibited by the national implementing legislation cited in Table I(a) (General Information)?

☐ Yes
☐ No

If other legislation is relevant, please provide details:

1a. If the taking of Appendix I bird species is prohibited by law, have any exceptions been granted to the prohibition?

☐ Yes
☐ No

If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7):

2. Identify any obstacles to migration that exist in relation to Appendix I bird species:

☐ By-catch
☐ Electrocution
☐ Habitat destruction
☐ Wind turbines
☐ Pollution
☐ Other

2a. What actions are being undertaken to overcome these obstacles?

2b. Please report on the progress / success of the actions taken.

2c. What assistance, if any, does your country require in order to overcome these obstacles?

3. What are the major pressures to Appendix I bird species (transcending mere obstacles to migration)?

☐ Illegal trade
☐ Poaching
☐ Other

3a. What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger bird species beyond actions to prevent disruption to migrating behaviour?

3b. Please report on the progress / success of the actions taken.
3c. Describe any factors that may limit action being taken in this regard: 

3d. What assistance, if any, does your country require to overcome these factors? 

1.2 Questions on specific Appendix I bird species
In the following section, using the table format below, please fill in each Appendix I bird species for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)

**Species name: Numenius tahitiensis**

1. Please provide published distribution reference: 

2a. Summarise information on population size (if known):

   - Please select only one option
   - ☐ increasing ›
   - ☐ decreasing ›
   - ☐ stable ›
   - ☐ not known ›
   - ☐ unclear

2b. Summarise information on distribution (if known):

   - Please select only one option
   - ☐ increasing ›
   - ☐ decreasing ›
   - ☐ stable ›
   - ☐ not known ›
   - ☐ unclear

3. Indicate and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available):

   - ☐ Research
   - ☐ Identification and establishment of protected areas
   - ☐ Monitoring
   - ☐ Education/awareness rising
   - ☐ Species protection
   - ☐ Control hunting / poaching
   - ☐ Species restoration
   - ☐ Habitat protection
   - ☐ Habitat restoration
1. If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?

2. Describe any future activities that are planned for this species:

**Species name: Numenius madagascariensis**

1. Please provide published distribution reference:

2a. Summarise information on population size (if known):

   Please select only one option
   - increasing
   - decreasing
   - stable
   - not known
   - unclear

2b. Summarise information on distribution (if known):

   Please select only one option
   - increasing
   - decreasing
   - stable
   - not known

3. Indicate and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available):

   - Research
   - Identification and establishment of protected areas
   - Monitoring
   - Education/awareness rising
   - Species protection
   - Control hunting / poaching
   - Species restoration
   - Habitat protection
1. If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?

2. Describe any future activities that are planned for this species:

Miscellaneous information or comments on Appendix I birds in general:

### 2. AQUATIC MAMMALS

#### 2.1 General questions on Appendix I aquatic mammals

1. Is the taking of all Appendix I aquatic mammals species prohibited by the national implementing legislation cited in Table I(a) (General Information)?
   - Please select only one option
     - ☐ Yes
     - ☐ No

   If other legislation is relevant, please provide details:

1a. If the taking of Appendix I aquatic mammals species is prohibited by law, have any exceptions been granted to the prohibition?
   - Please select only one option
     - ☐ Yes
     - ☐ No

   If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7):

2. Identify any obstacles to migration that exist in relation to Appendix I aquatic mammals:

   - ☐ By-catch
   - ☐ Collision with fishing traffic
   - ☐ Pollution
   - ☐ Illegal hunting
   - ☐ Other

2a. What actions are being undertaken to overcome these obstacles?

2b. Please report on the progress / success of the actions taken.

2c. What assistance, if any, does your country require in order to overcome these obstacles?

3. What are the major pressures to Appendix I aquatic mammals species (transcending mere obstacles to migration)?

   - ☐ Pollution
   - ☐ By-catch
   - ☐ Other
3a. What actions have been taken to prevent, reduce or control factors that are endangering or are likely to
further endanger aquatic mammals species beyond actions to prevent disruption to migrating behaviour?

3b. Please report on the progress / success of the actions taken.

3c. Describe any factors that may limit action being taken in this regard:

3d. What assistance, if any, does your country require to overcome these factors?

2.2 Questions on specific Appendix I aquatic mammals
In the following section, using the table format below, please fill in each Appendix I aquatic mammal species for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)

   Please select only one option
   - increasing
   - decreasing
   - stable
   - not known
   - unclear

2b. Summarise information on distribution (if known):

   Please select only one option
   - increasing
   - decreasing
stable

not known

X unclear
3. Indicate and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available):

☐ Research
☐ Identification and establishment of protected areas
☐ Monitoring
☐ Education / awareness rising
☐ Species protection
☐ Control hunting / poaching
☐ Species restoration
☐ Habitat protection
☐ Habitat restoration
☐ Other

1. If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?
   No research or monitoring took place during the reporting period due to lack of funding for the dedicated systematic surveys. Draft Whale and Dolphin Action Plan has been prepared and is in consultation processes at the moment.

2. Describe any future activities that are planned for this species:
   Plans are proposed to document the migratory movement of these species through Fiji waters over the next few years. One of the sites that from previous surveys have been indicated as an important area for breeding and calving of this species has been proposed to be listed as an Important Marine Mammal Area.

**Species name: Physeter macrocephalus**

1. Please provide published distribution reference:

2a. Summarise information on population size (if known):
   Please select only one option
   - increasing
   - decreasing
   - stable
   - not known

   ☑ unclear

2b. Summarise information on distribution (if known):
   Please select only one option
   - increasing
   - decreasing
   - stable
   - not known
3. Indicate and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available):

☐ Research
☐ Identification and establishment of protected areas
☐ Monitoring
☐ Education / awareness raising
☐ Species protection
☐ Control hunting / poaching
☐ Species restoration
☐ Habitat protection
☐ Habitat restoration
☐ Other

1. If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?

2. Describe any future activities that are planned for this species:

Miscellaneous information or comments on Appendix I marine mammals in general:

Funding is an issue to carry out marine mammal research in the country.

3. REPTILES

3.1 General questions on Appendix I reptiles

1. Is the taking of all Appendix I reptile species prohibited by the national implementing legislation cited in Table I(a) (General Information)?

Please select only one option
☑ Yes
☐ No

If other legislation is relevant, please provide details:

☑ 10 Year Moratorium on Turtles from 2009 - 2018. This prohibits the keep, sale, molest or harvest of any species of turtles in Fiji without a permit for traditional purposes only.

1a. If the taking of Appendix I reptile species is prohibited by law, have any exceptions been granted to the prohibition?

Please select only one option
☑ Yes
☐ No

If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7):
2. Identify any obstacles to migration that exist in relation to Appendix I reptiles species: ☑ By-catch ☑ Pollution ☑ Other
   ☑ Illegal harvests that are not being monitored on outer islands around Fiji.

2a. What actions are being undertaken to overcome these obstacles?
   Community awareness on the outer islands have been increased to widespread the information regarding the moratorium. Training of the fish wardens to assist the Department in the monitoring of these illegal take and poachers, took place.

2b. Please report on the progress / success of the actions taken.

2c. What assistance, if any, does your country require in order to overcome these obstacles?

3. What are the major pressures to Appendix I reptiles species (transcending mere obstacles to migration)?

☐ Collection of eggs  ☐ Predation of eggs  ☑ Destruction of nesting beaches  ☐ Other

3a. What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger reptiles species beyond actions to prevent disruption to migrating behaviour?
   An Environment Impact Assessment (EIA) is carried out for any coastal development and nesting habitats are taken into consideration before issuing permits for development of an area.

3b. Please report on the progress / success of the actions taken.

3c. Describe any factors that may limit action being taken in this regard:

3d. What assistance, if any, does your country require to overcome these factors?

3.2 Questions on specific Appendix I reptiles
In the following section, using the table format below, please fill in each Appendix I reptiles species for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)

**Species name: Caretta caretta**

1. Please provide published distribution reference:

2a. Summarise information on population size (if known):
   Please select only one option
   ☐ increasing
☐ decreasing

x☐ stable

☐ X not known

☐ unclear

2b. Summarise information on distribution (if known): *Caretta caretta* has been reported from the Northern division of Fiji, an island called Yadua taba.

*Please select only one option*
3. Indicate and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available):

- Research
- Identification and establishment of protected areas
- Monitoring
- Education/awareness rising
- Species protection
- Control hunting / poaching
- Species restoration
- Habitat protection
- Habitat restoration
- Other

1. If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?

2. Describe any future activities that are planned for this species:

**Species name: Chelonia mydas**

1. Please provide published distribution reference:

2a. Summarise information on population size (if known):
Chelonia mydas is found mainly in the Northen outer islands such as the Ringgold Isles, and islands in the Eastern island groups such as Lomaiviti Islands, the Lau group and Kadavu.

*Please select only one option*

- increasing

Miscellaneous information or comments on Appendix I marine turtles in general:

**5. FISH**

**5.1 General questions on Appendix I fish species**
IMPLEMENTATION OF THE CONVENTION ON THE CONSERVATION OF MIGRATORY SPECIES OF WILD ANIMALS
[Party: Fiji]
1. Is the taking of all Appendix I fish species prohibited by the national legislation listed as being implementing legislation in Table I(a) (General Information)?
   - Please select only one option
     - Yes
     - No

   If other legislation is relevant, please provide details:

1a. If the taking of Appendix I fish species is prohibited by law, have any exceptions been granted to the prohibition?
   - Please select only one option
     - Yes
     - No

   If Yes, please provide details (Include the date on which the exception was notified to the CMS Secretariat pursuant to CMS Article III(7):

2. Identify any obstacles to migration that exist in relation to Appendix I fish species:
   - Lack of legislation
   - Other

2a. What actions are being undertaken to overcome these obstacles?

2b. Please report on the progress / success of the actions taken.

2c. What assistance, if any, does your country require in order to overcome these obstacles?

3. What are the major threats to Appendix I fish species (transcending mere obstacles to migration)?
   - Other

3a. What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger fish species beyond actions to prevent disruption to migrating behaviour?

3b. Please report on the progress / success of the actions taken.

3c. Describe any factors that may limit action being taken in this regard:

3d. What assistance, if any, does your country require to overcome these factors?

5.2 Questions on specific Appendix I fish species

In the following section, using the table format below, please fill in each Appendix I fish species, for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)

**Species name: Carcharodon carcharias**
1. Please provide published distribution reference: ›

2a. Summarise information on population size (if known):
1. If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?

2. Describe any future activities that are planned for this species:
Species name: Manta alfredi

IMPLEMENTATION OF THE CONVENTION ON THE CONSERVATION OF MIGRATORY SPECIES OF WILD ANIMALS
[Party: Fiji]
1. If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?

2. Describe any future activities that are planned for this species: Regulation to be formalised soon from 2017.

Miscellaneous information or comments on Appendix I bats in general:

6. LISTING OF OTHER ENDANGERED MIGRATORY SPECIES IN APPENDIX I

1. Is your country a Range State for any other endangered migratory species currently listed in Appendix I? (according to the latest IUCN red data list). N.B.: States in which a species occurs as a vagrant (i.e. not "on its normal migration route") should not be treated as Range States. Please refer to Article 1 of the Convention for clarification.

   Please select only one option

   ☐ Yes
   ☐ No

   If Yes, please provide details:

1a. Is your country taking any steps to propose listing any of these species?

   Please select only one option

   ☐ Yes
   ☐ No

   If yes, please provide details:

1b. What assistance/measures, if any, does your country require to initiate the listing of these species?
III. Appendix II Species

1. INFORMATION ON APPENDIX II SPECIES
Information pertaining to the conservation of Appendix II species that are the object of CMS Agreements will have been provided in periodic Party reports to those instruments. It will suffice therefore to reference (below), and preferably append, a copy of the latest report that has been submitted to the Secretariat of each of the Agreement/MoUs to which your country is a Party.

2. QUESTIONS ON CMS AGREEMENTS

Questions on the development of new CMS Agreements relating to Bird Species

1. In the current reporting period, has your country initiated the development of any CMS Agreements, including Memoranda of Understanding, to address the needs of Appendix II Bird Species?

☐ Yes
☐ No

If Yes, what is the current state of development?

2. In the current reporting period, has your country participated in the development of any new CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II Bird Species?

☐ Yes
☐ No

If Yes, please provide details:

1. If your country has initiated or is participating in the development of a new Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument’s development?

☐ Yes
☐ No

2. Is the development of any CMS Agreement for Bird Species, including Memoranda of Understanding, planned by your country in the foreseeable future?

☐ Yes
☐ No

4.1. If Yes, please provide details:

Questions on the development of new CMS Agreements relating to Marine Mammal Species

1. In the current reporting period, has your country initiated the development of any CMS Agreements, including Memoranda of Understanding, to address the needs of Appendix II Marine Mammal Species?

☐ Yes
☐ No
If Yes, what is the current state of development?

2. In the current reporting period, has your country **participated** in the development of any new CMS.
Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II Marine Mammal Species?

Please select only one option
☐ Yes
☐ No

If Yes, please provide details:

1. If your country has initiated or is participating in the development of a new Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument development?

2. Is the development of any CMS Agreement for Marine Mammal Species, including Memoranda of Understanding, planned by your country in the foreseeable future?

Questions on the development of new CMS Agreements relating to Marine Turtle Species

1. In the current reporting period, has your country initiated the development of any CMS Agreements, including Memoranda of Understanding, to address the needs of Appendix II Marine Turtle Species?

Please select only one option
☐ Yes
☐ No

If Yes, what is the current state of development?

2. In the current reporting period, has your country participated in the development of any new CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II Marine Turtle Species?

Please select only one option
☐ X Yes
☐ No

If Yes, please provide details:

1. If your country has initiated or is participating in the development of a new Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument’s development?

2. Is the development of any CMS Agreement for Marine Turtle Species, including Memoranda of Understanding, planned by your country in the foreseeable future?

Questions on the development of new CMS Agreements relating to Terrestrial Mammal (other than bats) Species

4.1. If Yes, please provide details:

1. If your country has initiated or is participating in the development of a new Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument’s development?

2. Is the development of any CMS Agreement for Terrestrial Mammal (other than bats) Species, including Memoranda of Understanding, planned by your country in the foreseeable future?
1. In the current reporting period, has your country **initiated** the development of any CMS Agreements, including Memoranda of Understanding, to address the needs of Appendix II Terrestrial Mammal (other than bats) Species?
Please select only one option
☐ Yes
☐ No

If Yes, what is the current state of development? ›

2. In the current reporting period, has your country **participated** in the development of any new CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix IITerrestrial Mammal (other than bats) Species?

Questions on the development of new CMS Agreements relating to Fish

1. In the current reporting period, has your country \textit{initiated} the development of any CMS Agreements, including Memoranda of Understanding, to address the needs of Appendix II Fish?  
\begin{itemize}
  \item \textbf{Yes}
  \item \textbf{No}
\end{itemize}

If Yes, what is the current state of development? \textbullet \\

2. In the current reporting period, has your country \textit{participated} in the development of any new CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II Fish?  
\begin{itemize}
  \item \textbf{Yes}
  \item \textbf{No}
\end{itemize}

If Yes, please provide details: \textbullet \\

1. If your country has initiated or is participating in the development of a new Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument’s development? \textbullet \\

2. Is the development of any CMS Agreement for Fish, including Memoranda of Understanding, planned by your country in the foreseeable future?  
\begin{itemize}
  \item \textbf{Yes}
  \item \textbf{No}
\end{itemize}

4.1. If Yes, please provide details: \textbullet \\

3. LISTING OF MIGRATORY SPECIES IN APPENDIX II

1. Is your country a Range State for any migratory species that has an unfavourable conservation status, but is not currently listed in Appendix II and could benefit from the conclusion of an Agreement for its conservation?  
\begin{itemize}
  \item \textbf{Yes}
  \item \textbf{No}
\end{itemize}

If Yes, please provide details: \textbullet \\

1a. Is your country taking any steps to propose the listing of this/these species in Appendix II?  
\begin{itemize}
  \item \textbf{Yes}
  \item \textbf{No}
\end{itemize}

If Yes, please provide details: \textbullet \\

1b. What assistance, if any, does your country require to initiate the listing of this/these species? \textbullet 
IV. National and Regional Priorities

1. What priority does your country assign to the conservation and, where applicable, sustainable use of migratory species in comparison to other biodiversity-related issues?

*Please select only one option*

☐ Low
☐ Medium
☐ High

2. Are migratory species and their habitats addressed by your country’s national biodiversity strategy or action plan?

*Please select only one option*

☑ Yes
☐ No

2.1. If Yes, please indicate and briefly describe the extent to which it addresses the following issues:

☐ Conservation, sustainable use and/or restoration of migratory species
☐ Conservation, sustainable use and/or restoration of the habitats of migratory species, including protected areas
☐ Actions to prevent, reduce or control factors that are endangering or are likely to further endanger migratory species (e.g. alien invasive species or by-catch)
☐ Minimizing or eliminating barriers or obstacles to migration
☑ Research and monitoring of migratory species
☐ The
☐ Transboundary co-operation

3. Does the conservation of migratory species currently feature in any other national or regional policies/plans (apart from CMS Agreements)?

*Please select only one option*

☐ Yes
☐ No

3.1. If Yes, please provide details:

3a. Do these policies/plans cover the following areas?

Exploitation of natural resources (e.g. fisheries, hunting, etc.)

*Please select only one option*

☐ Yes
☐ No

If Yes, please provide details

Economic development

*Please select only one option*

☐ Yes
☐ No
If Yes, please provide details

Land-use planning

Please select only one option
☐ Yes
☐ No

If Yes, please provide details
Pollution control
Please select only one option
☐ Yes
☐ No
If Yes, please provide details

Designation and development of protected areas
Please select only one option
☐ Yes
☐ No
If Yes, please provide details

Development of ecological networks
Please select only one option
☐ Yes
☐ No
If Yes, please provide details

Planning of power lines
Please select only one option
☐ Yes
☐ No
If Yes, please provide details

Planning of fences
Please select only one option
☐ Yes
☐ No
If Yes, please provide details

Planning of dams
Please select only one option
☐ Yes
☐ No
If Yes, please provide details

Other
Please select only one option
☐ Yes
☐ No
If Yes, please provide details

4. Results - please describe the positive outcomes of any actions taken.
V. Protected Areas

1. Are migratory species taken into account in the selection, establishment and management of protected areas in your country?

Please select only one option

☐ Yes
☐ No

If Yes, please provide details:

Migratory species are both protected within the Laws of Fiji, both enshrined and protected within the Endangered and Protected Species Act (Environment Ministry) and within the Fisheries Act (Cap 158), the Offshore Fisheries Management Decree (2012) and the Offshore Fisheries Management Regulation (2014) - and this include National Policy documents such as NPOA on Sharks and IUU.

1a. Please identify the most important national sites for migratory species and their protection status:

1b. Do these protected areas cover the following areas?

Terrestrial

Please select only one option

☐ Yes
☐ No

If Yes, please provide details and include the amount of protected areas coverage and the number of protected areas.

Aquatic

Please select only one option

☐ Yes
☐ No

If Yes, please provide details and include the amount of protected areas coverage and the number of protected areas.

Marine

Please select only one option

☐ Yes
☐ No

If Yes, please provide details and include the amount of protected areas coverage and the number of protected areas.

1c. Identify the agency, department or organization responsible for leading on this action in your country:

2. Results - please describe the positive outcomes of any actions taken.
VI. Policies on Satellite Telemetry

1. In the current reporting period, has your country undertaken conservation/research projects that use satellite telemetry?

   Please select only one option

   ☑ Yes
   ☐ No

   If yes what is the state of those projects

   Please select only one option

   ☐ In preparation  ☐ on-going
   ☐ completed

   Please provide details

2. Are any future conservation/research projects planned that will use satellite telemetry?

   Please select only one option

   ☑ Yes
   ☐ No

   If Yes, please provide details (including the expected timeframe for these projects):

   › SEA TURTLES (loggerhead, hawksbill, and greens).

   If No, please explain any impediments or requirements in this regard:

3. Results - please describe the positive outcomes of any actions taken
VII. Membership

1. Have actions been taken by your country to encourage non- Parties to join CMS and its related Agreements?
   
   Please select only one option
   
   ☐ Yes
   ☐ No

   If Yes, please provide details. (In particular, describe actions taken to recruit the non-Parties that have been identified by the Standing Committee as high priorities for recruitment.)

   1a. Identify the agency, department or organization responsible for leading on this action in your country: Both Fisheries and Environment Department.

   2. Results - please describe the positive outcomes of any actions taken
VIII. Global and National Importance of CMS

1. Have actions been taken by your country to increase national, regional and/or global awareness of the relevance of CMS and its global importance in the context of biodiversity conservation?

Please select only one option

☐ Yes
☐ No

If Yes, please provide details: champion the listing of a few species, including both Manta Ray, all Mobula Ray species, and some shark species.

1. Identify the agency, department or organization responsible for leading on this action in your country: Fisheries and Environment Department.

2. Results - please describe the positive outcomes of any actions taken: greater impact on conservation and protection of these oceanic and coastal fish, sea turtles and mammal species (whales and dolphins).
IX. Mobilization of Resources

1. Has your country made financial resources available for conservation activities having direct benefits for migratory species in your country?
   Please select only one option
   ☐ Yes
   ☐ No

   If Yes, please provide details (Indicate the migratory species that have benefited from these activities):

2. Has your country made voluntary contributions to the CMS Trust Fund to support requests from developing countries and countries with economies in transition?
   Please select only one option
   ☐ Yes
   ☐ No

   If Yes, please provide details:

3. Has your country made other voluntary financial contributions to support conservation activities having direct benefits for migratory species in other countries (particularly developing countries)?
   Please select only one option
   ☐ Yes
   ☐ No

   If Yes, please provide details (Indicate the migratory species that have benefited from these activities):

4. Has your country provided technical and/or scientific assistance to developing countries to facilitate initiatives for the benefit of migratory species?
   Please select only one option
   ☐ Yes
   ☐ No

   If Yes, please provide details (Indicate the migratory species that have benefited from these activities):

5. Has your country received financial assistance/support from the CMS Trust Fund, via the CMS Secretariat, for national conservation activities having direct benefits for migratory species in your country?
   Please select only one option
   ☐ Yes
   ☐ No

   If Yes, please provide details (Indicate the migratory species that have benefited from these activities):

6. Has your country received financial assistance/support from sources other than the CMS Secretariat for conservation activities having direct benefit for migratory species in your country?
   Please select only one option
   ☐ Yes
   ☐ No

   If Yes, please provide details (Indicate the migratory species that have benefited from these activities):
X. Implementation of COP Resolutions and Recommendations

Please provide information about measures undertaken by your country relating to recent Resolutions and Recommendations since the last Report. For your convenience please refer to the list of COP Resolutions and Recommendations listed below:

Strategic and Institutional Matters
Capacity Building Strategy (Res. 9.12 / Res. 10.6)
Strategic Plan for Migratory Species 2015-2023 (Res. 11.2)
Financial and Administrative Matters and Terms of Reference for the Administration of the Trust Fund (Res. 11.1)
Relationship between the CMS Family and the Civil Society (Res. 11.11)
World Migratory Bird Day (Res. 11.9)
Outreach and Communication Issues (Res. 11.8)
Development of CMS Agreements (Res. 11.12)
Concerted and Cooperative Actions (Res. 11.13)
Synergies and Partnerships / Cooperation with other Conventions (Res. 11.10)
Future strategies of the CMS Family / “Future Shape” (Res. 10.9)

Other resolutions/recommendations:

Avian Species and Issues
Electrocution of Migratory Birds (Res. 7.04 / Res. 10.11)
Southern Hemisphere Albatross Conservation (Res. 6.3)
Migratory Landbirds in the African Eurasian Region (Res. 11.17)
Global Flyway Conservation (Res. 10.10 / Res. 11.14)
Saker Falcon (Res. 11.18)
Illegal Killing, Taking and Trade of Migratory Birds (Res. 11.16)
Migratory Species and Highly Pathogenic Avian Influenza (Res. 8.27 / Res. 9.8 / Res. 10.22)
Poisoning Migratory Birds (Res. 11.15)

**Aquatic Species and Issues**
- Migratory Marine Species (Res. 9.9 / Res. 10.15)
- Conservation of Migratory Sharks and Rays (Res. 11.20)
- Live capture of Cetacean from the Wild (Res. 11.22)
- Adverse Anthropogenic Impacts on Cetaceans and other Biota (Res. 9.19 / Res. 10.24)
- Loggerhead Turtle in the South Pacific Ocean (Res. 11.21)
- Conservation Implications of Cetacean Culture (Res. 11.23)
- Improving the Conservation Status of the Leatherback Turtle (Dermochelys coriacea) (Rec. 7.6)
- Antarctic Minke, Bryde’s and Pygmy Right Whales (Res. 7.15)
- Migratory Freshwater Fish (Res. 10.12)

**Terrestrial Species and Issues**
- Sahelo-Saharan Megafauna (Rec. 9.2)
- Tigers and other Asian Big Cats (Rec. 9.3)
- Conservation of the African Lion (Res. 11.32)

**Cross-cutting Issues**
- Marine Debris (Res. 10.4 / Res. 11.30)
- Bycatch (incl. Recommendation) (Res. 6.2 / Rec. 7.2 / Res. 8.14 / Res. 9.18 / Res. 10.14)
- Wildlife Crime (Res. 11.31)
- Ecological Networks (Res. 10.3 / Res. 11.25)
- Climate Change Impacts on Migratory Species (Res. 7.5 / Res. 11.26)
- Modus Operandi for Conservation Emergencies (Res. 10.2)
- Marine Wildlife Watching (Res. 11.29)
Oil Pollution and Migratory Species (Res. 7.3)
› Impact Assessment and Migratory Species (Res. 7.2)

Invasive Alien Species and Migratory Species (Res. 11.28)
› Renewable Energy and Migratory Species (Res. 7.5 / Res. 11.27)

Other remarks:
Annex: Updating Data on Appendix II Species

1. The drop-down lists below contain the list of all species listed in Appendix II. Parties which did not submit a National Report in 2014 are requested to complete the entire form. Parties that did submit a report in 2014 are requested to review and update the data (e.g. new published distribution references and details concerning species added to Appendix II at COP11).

**Chiroptera**

**Eidolon helvum (African populations)**

Please choose the one that applies.

*Please select only one option*

☐ Range State  
☐ Not a Range State  
☐ Extinct at National level
