

EGYPT / EGYPTE / EGIPTO

National Report of the Arab Republic of Egypt to the Convention of Migratory Species of Wild Animals (CMS)¹

**Nature Conservation Sector (NCS)
Egyptian Environmental Affairs Agency (EEAA)**

July 2002

Prepared by:

Mohamed Ibrahim Mohamed, Director General, Natural Protectorates Dept. Nature Conservation Sector (NCS), EEAA.

Dr. Shrief Baha el-Din, Advisor, Nature Conservation Sector (NCS), EEAA

Revised by:

Dr. Moustafa Fouda, Director Natural Conservation Sector (NCS)-(EEAA).

¹ According to reporting format agreed by the Standing Committee at its 23rd meeting (Bonn, December 2001)

Which agency has been primarily responsible for the preparation of this report?
 Nature Conservation Sector (NCS), Egyptian Environmental Affairs Agency (EEAA)
 List any other agencies that have provided input:
 Nil

I(a). General Information

Please complete any unfilled boxes and amend and/or update as appropriate the information provided in the table below:

Reports submitted:	Egyptian Environmental Affairs Agency (EEAA)
Period covered by this report:	99 / 2002
Date of entry into force of the Convention in Egypt:	1 - 11 -1983
Territory to which the Convention applies:	Arab Republic of Egypt, its territories and territorial waters.
Reservations (against species listings):	None
Designated Focal Point: Nature Conservation Sector (NCS) Address: 30 Misr Helwan- Zyrae Rd. Maadi, Cairo, Egypt. Tel: (00202) 5248792, 5271391 Fax: (00202) 5248792, 5256490 E-mail: eeaa4@idsc-gov.eg	Appointment to the Scientific Council: Dr. Moustafa Fouada Director, Nature Conservation Sector (NCS), EEAA (00202) 5248792 5271391 E-mail: eeaa4@idsc-gov.eg
Membership of the Standing Committee:	
Competent authority:	EEAA
Implementing legislation:	- The law for Natural Protectorates 102/1983 - The law for the Environment 4/1994 - the Law of Catching fishing and aquatic life 124/1983 - The law of Agriculture 33/1966.
Other relevant conventions/agreements (apart from CMS) to which Egypt is a Party:	Convention on Biological Diversity (CBD) 1992. Convention on International Trade in Endangered Species of Wild Flora and Fauna (CITES) 1973. International Convention for the Regulation of Whaling (ICRW) 1946. Convention on Wetlands (Ramsar, Iran, 1971) United Nations Framework Convention on Climate Change, 1992. United Nations Convention on Law of the Sea (UNCLOS), 1982. Convention for the conservation of the Red Sea and Gulf of Aden Environment, 1982. Convention for the protection of the Mediterranean Sea Against pollution, 1976.
National policy instruments (e.g. national biodiversity strategy, etc.):	National Strategy and Action Plan for the Conservation of Biological Diversity

Wadden Sea Seals: Party Signed but not yet entered force **Non-party**

National Focal Point/Competent authority Name: Address: Tel: Fax: E-mail:	Membership of the trilateral Seal Expert Group Name: Address: Tel: Fax: E-mail:
Siberian Crane MoU: <input type="checkbox"/> Party <input type="checkbox"/> Signed but not yet entered force <input checked="" type="checkbox"/> Non-party

Designated Authority Name: Address: Tel: Fax: E-mail:	National Contact Point Name: Address: Tel: Fax: E-mail:
Membership of Advisory Committee	Name: Address: Tel: Fax: E-mail:

I(b). Additional General Information

1	<p>Which other government departments are involved in activities/initiatives for the conservation of migratory species in your country?</p> <p>With responsibilities for law 102/1983, law 4/1994 and international Environmental Conventions, the Egyptian Environmental Affairs Agency (EEAA) is the main governmental body responsible for nature conservation in Egypt. While the EEAA has been overseeing the Management of the wildlife after restructuring of the agency in 1991 that a Natural protectorates Department (NPD) was established and a national Biodiversity Unit (NBU) was established in 1992 with the passing of law in 1994, the EEAA was given responsibilities for hunting management in Egypt and has been following-up on hunting related issues. The structure of EEAA was also reorganized in 1994 and the Nature Conservation Sector became the body responsible for Conservation of Natural Resources.</p> <ul style="list-style-type: none"> ▪ The Ministry of Agriculture is the largest body responsible for agriculture, land reclamation and fisheries. There are reversal bodies which have responsibilities for hunting management. The veterinary Authority is responsible about monitoring of all animal coming into and leaving the country and can also issue licenses to hunt species for scientific and touristic interests. The Egyptian wildlife service (EWS) has responsibilities previously for issuing CITES permits since 1978 for import and export of wild animals, but now that is the responsibility of the National Committee for implementing CITES. The General Authority for the Development of Fish Resources (GADFR) is responsible for the management of fisheries in Egypt and the implementation of law 124/1983 pertaining to the catching of fish and aquatic life. ▪ Ministry of Tourism (an Environment Department) has played a decisive role in organizing game bird hunting for tourism and authority bird hunting tours and also issues permits for desert safari tours. ▪ Ministry of Interior (Water Surface & Environment Police, Port police, Tourist police - Customs police) are the main bodies for law enforcement and are responsible for arresting violators of the laws and can also issue permits for guns. ▪ Ministry of Defense (Border Guard Forces) play a more active role as it has jurisdiction over boarder areas and remote regions of the country, where hunting is known to take place. The border and coast guards should monitor hunting and fishing activities in areas under their control, either at the checkpoint or periodic spot check of boats and vehicles. ▪ Ministry of Justice is responsible for prosecuting law violations concerning hunting and wildlife protection. ▪ Ministry of Finance is responsible for customs and monitors goods being imported and exported from the country. Supreme Council of Youth and Sports & Ministry of Social Affairs are responsible for approving the establishment of sporting clubs and non-governmental organizations and supervising them and monitoring shooting clubs and associations to check that these organizations are abiding by the regulations.
1a	<p>If more than one government department is involved, describe the interaction/relationship between these government departments:</p> <p>Ministry of Agriculture is currently responsible for overseeing CITES regulations.</p> <p>Environment and Water Police and the Border Guard Forces are both implementing bodies.</p>
2	<p>List the main non-governmental organizations actively involved in initiatives for the conservation of migratory species in your country, and describe their involvement:</p> <p>Wetlands International MedWet BirdLife International</p> <p>Non-Governmental Organizations (NGOs). There are two main NGOs in Egypt involved in or concerned about hunting management and conservation of wildlife.</p> <ol style="list-style-type: none"> 1- Shooting clubs and Associations are supervised by Supreme Council of Youth and Sports, while the associations fall under the jurisdiction of the Ministry of Social Affairs. A number of clubs issue hunting regulations and guidelines to be followed by their members. 2- Environmental Societies have been involved in bringing public attention to hunting and wildlife protection issues. National and International NGOs have launched campaigns aimed at encouraging the authorities to control illegal hunting and trade in wildlife. Workshops have been organised by societies to discuss the problems associated with hunting and protection of wildlife in Egypt. One of the main factors contributing to the miss management of wildlife resources is the fact that there is little awareness about wildlife and its values such as biological control and ecotourism attractions.
3	<p>Describe any involvement of the private sector in the conservation of migratory species in your country:</p> <p>The role of tourism companies in implementing the annual instructions for regulating the hunting rules.</p>
4	<p>Note any interactions between these sectors in the conservation of migratory species in your country:</p>

II. Appendix I species

1. BIRDS

1.1 General questions on Appendix I bird species

1	Identify the Ministry, agency/department, or organisation responsible for leading actions relating to Appendix I bird species: Nature Conservation Sector (NCS), Egyptian Environmental Affairs Agency (EEAA).
2	Is the taking of all Appendix I bird species prohibited by the national implementing legislation cited in Table I(a) (General Information)? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If <i>other</i> legislation is relevant, please provide details:
2a	If the taking of Appendix I bird species is prohibited by law, have any exceptions been granted to the prohibition? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If Yes, please provide details:
3	Identify any obstacles to migration that exist in relation to Appendix I bird species: Illegal hunting lack of awareness lack of specialised body for enforcement of hunting legislation.
3a	What actions are being undertaken to overcome these obstacles? Reinforcing the implementation of regulations Public awareness campaigns Community development at critical sites Implementation of legislation, public awareness about the wildlife and its value.
3b	What assistance, if any, does your country require in order to overcome these obstacles? Financial and technical assistance in public awareness and education programmes, and in community development Financial and Technical support for public awareness and community development.
4	What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger bird species, including strictly controlling the introduction of, or controlling or eliminating, already introduced exotic species (Article III(4)(c))? All CMS listed migratory bird species to which Egypt is a range state are protected under law 4/1994 and Ministerial decrees. Establishing National Committee to issue annual instructions for shooting Game birds. Issuing annual regulations for shooting Game birds and water birds and also wild animals, campaigns against violators and Markets trade in wildlife, public awareness, Education.
4a	Describe any factors that may limit action being taken in this regard: Violation on natural resources to increase income. Illegal shooting and hunting, Ignorance by laws.
4b	What assistance, if any, does your country require to overcome these factors? Financial & Technical assistance.

1.2 Questions on specific Appendix I bird species

<i>Species Pelecanus crispus</i> – Common Name(s) Dalmatian Pelican	
1	Is your country a Range State for this species? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
2	Please provide published distribution reference: Goodman & Meininger (1989)
3	Summarise information on population size, trends and distribution (if known): Rare in Egypt. A former winter visitor. Last reported in 1982, not recorded since.
4	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input type="checkbox"/> Research <input type="checkbox"/> Monitoring <input checked="" type="checkbox"/> Habitat protection: Habitat protection: Nile Islands and Burullus Protected Areas have been declared, where this species winters or occurs on passage <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? N/A
6	Describe any future activities that are planned for this species: N/A

<i>Species Pelecanus onocrotalus</i> – Common Name(s) White Pelican	
1	Is your country a Range State for this species? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
2	Please provide published distribution reference: Goodman & Meininger (1989), Meininger & Atta (1994), Baha El Din (1999)
3	Summarise information on population size, trends and distribution (if known): An uncommon passage and winter visitor. Over 2000 were counted on passage at Zaranik Protected Area in North Sinai. Lake Nasser now represents an important wintering wetland. 1175 were found wintering there in 1995 (Baha El Din 1999).
4	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input type="checkbox"/> Research <input checked="" type="checkbox"/> Monitoring: Regular counts are conducted at Zaranik Protected Area during autumn migration <input checked="" type="checkbox"/> Habitat protection: Nile Islands and Burullus Protected Areas have been declared, where this species winters or occurs on passage <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? N/A
6	Describe any future activities that are planned for this species: N/A

<i>Species Marmaronetta angustirostris</i> – Common Name(s) Marbled Teal	
1	Is your country a Range State for this species? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
2	Please provide published distribution reference: Goodman & Meininger (1989), Meininger & Atta (1994), Baha El Din (1999)
3	Summarise information on population size, trends and distribution (if known): Very rare passage and winter visitor. Last recorded on passage at Zaranik PA in the 1990s. No current populations

	known to breed.
4	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input type="checkbox"/> Research <input type="checkbox"/> Monitoring <input checked="" type="checkbox"/> Habitat protection: Habitat protection: Nile Islands and Burullus Protected Areas have been declared, where this species winters or occurs on passage <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? N/A
6	Describe any future activities that are planned for this species: N/A

<i>Species</i> <i>Aythya nyroca</i> – Common Name(s) Ferruginous Duck	
1	Is your country a Range State for this species? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
2	Please provide published distribution reference: Goodman & Meininger (1989), Meininger & Atta (1994), Baha El Din (1999)
3	Summarise information on population size, trends and distribution (if known): Egypt is considered one of the most important wintering grounds for the species. Lake Burullus and Lake Wadi El Rayan and the upper Nile River hold internationally important numbers (over 1% of population) Baha El Din (1999)
4	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input type="checkbox"/> Research <input type="checkbox"/> Monitoring <input checked="" type="checkbox"/> Habitat protection: Nile Islands and Burullus Protected Areas have been declared, where this species winters or occurs on passage <input checked="" type="checkbox"/> Habitat restoration: Management plans are being established for Wadi El Rayan PA and Burullus PA <input type="checkbox"/> Other
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? N/A
6	Describe any future activities that are planned for this species: N/A

<i>Species</i> <i>Haliaeetus albicilla</i> – Common Name(s) White-tailed Sea Eagle	
1	Is your country a Range State for this species? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
2	Please provide published distribution reference: Goodman & Meinienger (1989), two recent records during the past 10 years in South Sinai.
3	Summarise information on population size, trends and distribution (if known): Very rare accidental visitor
4	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input type="checkbox"/> Research <input type="checkbox"/> Monitoring <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? The species is too rare to warrant any action in Egypt.

6	Describe any future activities that are planned for this species: N/A
---	--

Species Aquila clanga – Common Name(s) **Spotted Eagle**

1	Is your country a Range State for this species? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
2	Please provide published distribution reference: Goodman & Meininger (1989), Meininger & Atta (1994)
3	Summarise information on population size, trends and distribution (if known): Uncommon winter visitor to Egypt's wetlands. Scarcely observed in the Nile Valley and Delta. Numbers declining. Maximum 100 birds might winter.
4	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input type="checkbox"/> Research <input type="checkbox"/> Monitoring <input checked="" type="checkbox"/> Habitat protection: Nile Islands and Burullus Protected Areas have been declared, where this species winters or occurs on passage <input checked="" type="checkbox"/> Habitat restoration: Management plans are being established for Wadi El Rayan PA and Burullus PA <input type="checkbox"/> Other
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? N/A
6	Describe any future activities that are planned for this species: N/A

Species Falco naumanni – Common Name(s) Lesser Kestrel

1	Is your country a Range State for this species? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
2	Please provide published distribution reference: Goodman & Meininger (1989)
3	Summarise information on population size, trends and distribution (if known): Rare passage migrant, mostly in the eastern part of the country.
4	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input type="checkbox"/> Research <input type="checkbox"/> Monitoring <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input checked="" type="checkbox"/> Other: Recent efforts have focused on cracking down on falcon catching activities, which often involve the species
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? N/A
6	Describe any future activities that are planned for this species: N/A

Species Chlamydotis undulata – Common Name(s) **Houbara Bustard**

1	Is your country a Range State for this species? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
2	Please provide published distribution reference: Goodman & Meininger (1989)
3	Summarise information on population size, trends and distribution (if known): The North African nominate population was known to breed in northwest Egypt in the sub-desert region adjoining the Mediterranean. The resident population has been severely reduced in recent years due to illegal

	hunting. Small numbers move into Egyptian territories during winter months.
4	<p>Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.)</p> <p><input type="checkbox"/> Research</p> <p><input type="checkbox"/> Monitoring:</p> <p><input checked="" type="checkbox"/> Habitat protection: Siwa Protected Area was recently declared, which will provide protection to habitats marginally suitable for wintering birds. Two other protected areas on the Mediterranean coastal plain are proposed for declaration in coming years.</p> <p><input type="checkbox"/> Habitat restoration</p> <p><input checked="" type="checkbox"/> Other: Continued surveillance of known range to reduce illegal hunting activities</p>
5	<p>If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?</p> <p>N/A</p>
6	<p>Describe any future activities that are planned for this species:</p> <p>N/A</p>

2. MARINE MAMMALS

2.1 General questions on Appendix I marine mammals

1	<p>Identify the Ministry, agency/department, or organisation responsible for leading actions relating to Appendix I listed marine mammals:</p> <p>Nature Conservation Sector (NCS), Egyptian Environmental Affairs Agency (EEAA) - General Authority for the Development of Fish Resources (GADFR)</p>
2	<p>Is the taking of all Appendix I marine mammals prohibited by the national implementing legislation cited in Table I(a) (General Information)? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If <i>other</i> legislation is relevant, please provide details:</p> <p>State and Territories have also implemented legislation, as outlined in Table I(a) (General Information). Law 124/1983 for Catching Fish and Aquatic life.</p>
2a	<p>If the taking of Appendix I marine mammals is prohibited by law, have any exceptions been granted to the prohibition? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, please provide details:</p>
3	<p>Identify any obstacles to migration that exist in relation to Appendix I marine mammals:</p> <p>None</p>
3a	<p>What actions are being undertaken to overcome these obstacles?</p> <p>None</p>
3b	<p>What assistance, if any, does your country require in order to overcome these obstacles?</p> <p>Field survey & studies to identify species and monitor the population of marine mammals. Capacity Building and Public Awareness Campaigns.</p>
4	<p>What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species of marine mammal, including strictly controlling the introduction of, or controlling or eliminating, already introduced exotic species (Article III(4)(c))?</p> <p>Public awareness campaign, Monitoring of invasive species Ban on export/import of marine mammals.</p>
4a	<p>Describe any factors that may limit action being taken in this regard:</p>
4b	<p>What assistance, if any, does your country require to overcome these factors?</p> <p>Financial Support & Technical Assistances.</p>

3. Marine Turtles

3.1 General questions on Appendix I marine turtles

1	Identify the Ministry, agency/department, or organisation responsible for leading actions relating to Appendix I listed marine turtles: Nature Conservation Sector (NCS), Egyptian Environmental Affairs Agency (EEAA).
2	Is the taking of all Appendix I marine turtles prohibited by the national implementing legislation cited in Table I(a) (General Information)? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No If <i>other</i> legislation is relevant, please provide details: State and Territories have also implemented legislation, as outlined in Table I(a) (General Information).
2a	If the taking of Appendix I marine turtles is prohibited by law, have any exceptions been granted to the prohibition? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If Yes, please provide details:
3	Identify any obstacles to migration that exist in relation to Appendix I marine turtles: Accidental mortality as by- catch in nets. Reduction of nesting site habitats due to urban development disturbances.
3a	What actions are being undertaken to overcome these obstacles? Legislation to ban catching of marine turtles: Decrees 472/1982 for the Minister of Agriculture concerning of the ban on hunting of wildlife in protected areas, Decree 1403/1990 concerning the ban of hunting, killing, capturing, transporting selling of marine turtles. Conduct public awareness campaigns- control commercial fisheries in distribution zone- protect specific nesting habitats within marine protected areas. Prime ministerial decree 264/1994 concerning regulating activities in protected areas.
3b	What assistance, if any, does your country require in order to overcome these obstacles? Capacity Building of local conservation authorities-public awareness campaigns to local and regional stakeholders.
4	What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species of marine turtles, including strictly controlling the introduction of, or controlling or eliminating, already introduced exotic species (Article III(4)(c))? All species of marine turtles are protected under Egyptian legislation. Legislation to ban exporting or importing marine turtles.
4a	Describe any factors that may limit action being taken in this regard: Low awareness of protected status of marine turtle and their endangered status
4b	What assistance, if any, does your country require to overcome these factors? Further public education and information of the issue, establish a data base on nesting sites of marine turtle.

3.2 Questions on specific Appendix I marine turtles

<i>Species Chelonia mydas</i> – Common Name(s) Green Turtle	
1	Is your country a Range State for this species? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
2	Please provide published distribution reference: Frazier & Salas (1984), Kasparak (1993), Clarke et al (2000) The status of marine turtles in Egyptian Red Sea.
3	Summarise information on population size, trends and distribution (if known): Green Turtles are found in both Red Sea and Mediterranean Egyptian waters and nest in sandy beaches in both seas. The Red Sea population is larger than that in the Mediterranean.

4	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input checked="" type="checkbox"/> Research: Recent nesting population estimate in the Mediterranean (Clarke et al 2000). <input checked="" type="checkbox"/> Monitoring: Of nesting along the Red Sea coast between Hurghada and Ras Banas (NCS staff) <input checked="" type="checkbox"/> Habitat protection: Protected area with important breeding ground proposed at Wadi El Gemal, Red Sea <input type="checkbox"/> Habitat restoration <input checked="" type="checkbox"/> Other: Market surveys in Alexandria (NGO input)
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? N/A
6	Describe any future activities that are planned for this species: Ongoing research and monitoring programs, with additional habitat protection if required.

<i>Species Caretta caretta</i> – Common Name(s) Loggerhead Turtle	
1	Is your country a Range State for this species? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
2	Please provide published distribution reference: Frazier & Salas (1984), Kasparak (1993), Clarke et al (2000)
3	Summarise information on population size, trends and distribution (if known): Found largely in the Mediterranean, with very few records from the Red Sea. Breeding population on the Med. coast limited (see Clarke et al (2000) for estimate), but there is evidence that non-local stock (particularly immature animals) feed off shore Egyptian shores.
4	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input checked="" type="checkbox"/> Research: Recent nesting population estimate in the Mediterranean (Clarke et al 2000). <input type="checkbox"/> Monitoring: <input checked="" type="checkbox"/> Habitat protection: The recently declared Burullus Protected Areas cover some potential nesting ground <input type="checkbox"/> Habitat restoration <input checked="" type="checkbox"/> Other: Market surveys in Alexandria (NGO input)
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? N/A
6	Describe any future activities that are planned for this species: N/A

<i>Species Eretmochelys imbricata</i> – Common Name(s) Hawksbill Turtle	
1	Is your country a Range State for this species? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
2	Please provide published distribution reference: Frazier & Salas (1984), Clarke et al (2000)
3	Summarise information on population size, trends and distribution (if known): Confined to the Red Sea in Egypt. Fairly good populations are found still. Breeding occurs on off shore islands and on the mainland.
4	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input type="checkbox"/> Research <input checked="" type="checkbox"/> Monitoring: Of nesting along the Red Sea coast between Hurghada and Ras Banas (NCS staff) <input checked="" type="checkbox"/> Habitat protection: Protected area with important breeding ground proposed at Wadi El Gemal, Red Sea <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? N/A

6	Describe any future activities that are planned for this species: Ongoing monitoring programs, with additional habitat protection if required
---	---

<i>Species Lepidochelys olivacea</i> – Common Name(s) Ridley Turtle, Olive Ridley Turtle	
1	Is your country a Range State for this species? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
2	Please provide published distribution reference: Frazier & Salas (1984)
3	Summarise information on population size, trends and distribution (if known): The Species has been recorded once in the Red Sea, its status is poorly known.
4	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input type="checkbox"/> Research <input type="checkbox"/> Monitoring <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? Too rare in Egypt to require any specific action.
6	Describe any future activities that are planned for this species: N/A

<i>Species Dermochelys coriacea</i> – Common Name(s) Leatherback Turtle, Leathery Turtle	
1	Is your country a Range State for this species? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
2	Please provide published distribution reference
3	Summarise information on population size, trends and distribution (if known): The Species has been recorded less than a dozen times in both the Mediterranean and the Red Sea, its status is poorly known.
4	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input type="checkbox"/> Research <input type="checkbox"/> Monitoring <input type="checkbox"/> Habitat protection <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? Too rare in Egypt to require any specific action.
6	Describe any future activities that are planned for this species: N/A

4 TERRESTRIAL MAMMALS (OTHER THAN BATS)

4.1 General questions on Appendix I terrestrial mammals (other than bats)

1	Identify the Ministry, agency/department, or organisation responsible for leading actions relating to Appendix I listed terrestrial mammals (other than bats): Nature Conservation Sector (NCS), EEAA; Wildlife Services, Ministry of Agriculture N/A – There are no CMS Appendix I listed terrestrial mammals to which Egypt is a range state.
2	Is the taking of all Appendix I terrestrial mammals (other than bats) prohibited by the national implementing legislation cited in Table I(a) (General Information)? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If <i>other</i> legislation is relevant, please provide details:
2a	If the taking of Appendix I terrestrial mammals (other than bats) is prohibited by law, have any exceptions been granted to the prohibition? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If Yes, please provide details:
3	Identify any obstacles to migration that exist in relation to Appendix I terrestrial mammals (other than bats): N/A
3a	What actions are being undertaken to overcome these obstacles? N/A
3b	What assistance, if any, does your country require in order to overcome these obstacles? N/A
4	What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species of terrestrial mammal (other than bats), including strictly controlling the introduction of, or controlling or eliminating, already introduced exotic species (Article III(4)(c))? N/A
4a	Describe any factors which limit action being taken in this regard: N/A
4b	What assistance, if any, does your country require to overcome these factors? N/A

4.2 Questions on specific Appendix I Terrestrial mammals

<i>Species</i> Gazella dorcas – Common Name(s) Dorcas Gazelle	
1	Is your country a Range State for this species? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
2	Please provide published distribution reference: Osborne & Helmy (1980), Saleh (1987), Wacher (1997)
3	Summarise information on population size, trends and distribution (if known): Still occurring in stable numbers over much of its range east of the Nile, however it has disappeared from large parts of the Western Desert of Egypt, main populations left around the Qattara Depression.
4	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input type="checkbox"/> Research <input checked="" type="checkbox"/> Monitoring: Monitoring of South Sinai populations on going <input checked="" type="checkbox"/> Habitat protection: Protected Areas cover certain critical habitat, most recently in Siwa and the White Desert Protected Areas (recently declared in June 2002) <input type="checkbox"/> Habitat restoration <input checked="" type="checkbox"/> Other: More strict enforcement of protection regulations
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? N/A
6	Describe any future activities that are planned for this species:

	Nation wide research and monitoring programs
--	---

<i>Species</i> <i>Gazella leptoceros</i> – Common Name(s) Slender-horned Gazelle	
1	Is your country a Range State for this species? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
2	Please provide published distribution reference: Osborne & Helmy (1980), Saleh (1987), Wacher (1997)
3	Summarise information on population size, trends and distribution (if known): Highly endangered. Disappeared from most of its former range in the Western Desert of Egypt. Now only small numbers are found around the Qattara Depression.
4	Indicate (with an 'X') and briefly describe any activities that have been carried out in favour of this species in the reporting period. (Please provide the title of the project and contact details, where available.) <input checked="" type="checkbox"/> Research: Recent survey in the northern part of the Western Desert (Wacher 1998) <input type="checkbox"/> Monitoring <input checked="" type="checkbox"/> Habitat protection: Critical habitat around Siwa Oasis was declared as a protected area (recently declared in June 2002) <input type="checkbox"/> Habitat restoration <input type="checkbox"/> Other
5	If no activities have been carried out for this species in the reporting period, what has prevented such action being taken? N/A
6	Describe any future activities that are planned for this species: N/A

5 BATS

5.1 General questions on Appendix I bats

1	Identify the Ministry, agency/department, or organisation responsible for leading actions relating to Appendix I listed bats: N/A – There are no CMS Appendix I listed bats to which Egypt is a range state.
2	Is the taking of all Appendix I bats prohibited by the national implementing Legislation cited in Table I(a) (General Information)? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If <i>other</i> legislation is relevant, please provide details:
2a	If the taking of Appendix I bats is prohibited by law, have any exceptions Been granted to the prohibition? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If Yes, please provide details:
3	Identify any obstacles to migration that exist in relation to Appendix I bats: N/A
3a	What actions are being undertaken to overcome these obstacles? N/A
3b	What assistance, if any, does your country require in order to overcome these obstacles? N/A
4	What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species of bats, including strictly controlling the introduction of, or controlling or eliminating, already introduced exotic species (Article III(4)(c))? N/A
4a	Describe any factors that may limit action being taken in this regard: N/A
4b	What assistance, if any, does your country require to overcome these factors? N/A

6 OTHER TAXA

6.1 General questions on Appendix I species belonging to other taxa

1	Identify the Ministry, agency/department, or organisation responsible for leading actions relating to Appendix I listed species belonging to taxa not included in sections 1-5 above: N/A – There are no CMS Appendix I listed species (belonging to taxa not included in sections 1-5 above) to which Egypt is a range state.	
2	Is the taking of all Appendix I species belonging to taxa not included in sections 1-5 above, prohibited by the national legislation listed as being implementing legislation in Table I(a) (General Information)? If <i>other</i> legislation is relevant, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
2a	If the taking of Appendix I species belonging to taxa not included in sections 1-5 above is prohibited by law, have any exceptions been granted to the prohibition? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
3	Identify any obstacles to migration that exist in relation to Appendix I species belonging to taxa not included in sections 1-5 above:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
3a	What actions are being undertaken to overcome these obstacles?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
3b	What assistance, if any, does your country require in order to overcome these obstacles?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
4	What actions have been taken to prevent, reduce or control factors that are endangering or are likely to further endanger species belonging to taxa not included in section 1-5 above, including strictly controlling the introduction of, or controlling or eliminating, already introduced exotic species (Article III(4)(c))?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
4a	Describe any factors that may limit action being taken in this regard:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
4b	What assistance, if any, does your country require to overcome these factors?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No

7 LISTING OF OTHER ENDANGERED MIGRATORY SPECIES IN APPENDIX I

1	Is your country a Range State for any other endangered migratory species not currently listed in Appendix I? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
1a	Is your country taking any steps to propose listing any of these species? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
1b	What assistance, if any, does your country require to initiate the listing of these species?	

III. Appendix II Species

1. INFORMATION ON APPENDIX II SPECIES

Information pertaining to the conservation of Appendix II species that are the object of CMS Agreements will have been provided in periodic Party reports to those instruments. It will suffice therefore to reference (below), and preferably append, a copy of the latest report that has been submitted to the secretariat each of the Agreement/MoUs to which your country is a Party.

WADDEN SEA SEALS (1991)	
Date of last report:	Period covered:
SIBERIAN CRANE MoU (1993/1999)	
Date of last report:	Period covered:
EUROBATS (1994)	
Date of last report:	Period covered:
ASCOBANS (1994)	
Date of last report:	Period covered:
SLENDER-BILLED CURLEW MoU (1994)	
Date of last report:	Period covered:
MARINE TURTLES - AFRICA MoU (1999)	
Date of last report:	Period covered:
AEWA (2000) <input checked="" type="checkbox"/>	
Date of last report: Nil to Date, to be provided prior to the first CoP under the MOU later this year.	Period covered: N/A
ACCOBAMS (2001)	
Date of last report:	Period covered:
GREAT BUSTARD MoU (2001)	
Date of last report:	Period covered:
MARINE TURTLES - INDIAN OCEAN/SOUTHEAST ASIA MoU (2001)	
Date of last report:	Period covered:
ALBATROSSES AND PETRELS (2000)	
Date of last report:	Period covered:

2. QUESTIONS ON CMS AGREEMENTS

2.1 Questions on CMS Agreements relating to birds

1	<i>In the current reporting period, has your country initiated the development of any CMS Agreements, including Memoranda of Understanding, to address the Conservation needs of Appendix II bird species?</i> If Yes, what is the current state of development? Egypt ratified AEWa in the year 2000.	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
2	<i>In the current reporting period, has your country participated in the development of any CMS Agreements, including Memoranda of Understanding, which address The conservation needs of Appendix II bird species?</i> If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
3	If your country has initiated or is participating in the development of an Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development?	
4	Is the development of any CMS Agreement for birds, including Memorandum of	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No

	Understanding, planned by your country in the foreseeable future? If Yes, please provide details: N/A
--	---

2.2 Questions on CMS Agreements relating to marine mammals

1	In the current reporting period, has your country initiated the development of any CMS Agreements, including Memoranda of Understanding, to address the Conservation needs of Appendix II marine mammal species? If Yes, what is the current state of development?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
2	In the current reporting period, has your country participated in the development Of any CMS Agreements, including Memoranda of Understanding, which address The conservation needs of Appendix II marine mammal species? If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
3	If your country has initiated or is participating in the development of an Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development? N/A	
4	Is the development of any CMS Agreement for marine mammals, including Memorandum of Understanding, planned by your country in the foreseeable future? If Yes, please provide details: Regional/Range State Agreement/MOU for Dugongs	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No

2.3 Questions on CMS Agreements relating to marine turtles

1	In the current reporting period, has your country initiated the development of any CMS Agreements, including Memoranda of Understanding, to address the Conservation needs of Appendix II marine turtles? If Yes, what is the current state of development?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
2	In the current reporting period, has your country participated in the development Of any CMS Agreements, including Memoranda of Understanding, which address The conservation needs of Appendix II marine turtles? If Yes, please provide details: Memorandum of Understanding on the Conservation and Management of Marine Turtles and their Habitats of the Indian Ocean and South-East Asia. Until now not ratified but necessary arrangements will be taken to be signed.	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
3	If your country has initiated or is participating in the development of an Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development? Financial and technical assistance required	
4	Is the development of any CMS Agreement for marine turtles, including Memorandum of Understanding, planned by your country in the foreseeable future? N/A If Yes, please provide details:	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No

2.4 Questions on CMS Agreements relating to terrestrial mammals (other than bats)

1	In the current reporting period, has your country initiated the development of any CMS Agreements, including Memoranda of Understanding, to address the conservation Needs of Appendix II terrestrial mammal species (other than bats)? If Yes, what is the current state of development?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
2	In the current reporting period, has your country participated in the development Of any CMS Agreements, including Memoranda of Understanding, which address The conservation needs of Appendix II terrestrial mammal species (other than bats)? If Yes, please provide details: Sahilo-saharan migratory ungulates in development.	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
3	If your country has initiated or is participating in the development of an Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development? Financial & Technical assistance.	

4	Is the development of any CMS Agreement for terrestrial mammals (other than bats), Including Memorandum of Understanding, planned by your country in the foreseeable future? If Yes, please provide details:	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
---	---	------------------------------	--

2.5 Questions on CMS Agreements relating to bats

1	In the current reporting period, has your country initiated the development of any CMS Agreements, including Memoranda of Understanding, to address the Conservation needs of Appendix II bat species? If Yes, what is the current state of development?	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
2	In the current reporting period, has your country participated in the development of any CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II bat species? If Yes, please provide details:	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
3	If your country has initiated or is participating in the development of an Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development?		
4	Is the development of any CMS Agreement for bats, including Memorandum of Understanding, planned by your country in the future? If Yes, please provide details:	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No

2.6 Questions on CMS Agreements relating to other taxa

1	In the current reporting period, has your country initiated the development of any CMS Agreements, including Memoranda of Understanding, to address the conservation needs of Appendix II species belonging to taxa not included in sections 1-6 above? If Yes, what is the current state of development?	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
2	In the current reporting period, has your country participated in the development of any CMS Agreements, including Memoranda of Understanding, which address the conservation needs of species belonging to taxa not included in sections 1-6 above? If Yes, please provide details:	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
3	If your country has initiated or is participating in the development of an Agreement or Memorandum of Understanding, what assistance, if any, does your country require in order to initiate or participate in the instrument's development?		
4	Is the development of any CMS Agreement for other taxa, including Memorandum of Understanding, planned by your country in the foreseeable future? If Yes, please provide details:	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No

3. LISTING OF MIGRATORY SPECIES IN APPENDIX II

1	Is your country a Range State for any migratory species that has an unfavourable conservation status, but is <u>not</u> currently listed in Appendix II and could benefit from the conclusion of an Agreement for its conservation? If Yes, please provide details:	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
1a	Is your country taking any steps to propose the listing of this/these species in Appendix II? If Yes, please provide details:	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
1b	What assistance, if any, does your country require to initiate the listing of this/these species?		

IV. National and Regional Priorities

1	Does the conservation of migratory species currently feature in any national or regional policies/plans (apart from CMS Agreements)	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No
---	---	------------------------------	--

	If Yes, please provide details:																											
1a	<p>Do these policies/plans cover the following areas (if yes, please provide details):</p> <table> <thead> <tr> <th>Yes</th> <th>No</th> <th></th> </tr> </thead> <tbody> <tr> <td><input type="checkbox"/></td> <td><input type="checkbox"/></td> <td>Economic development</td> </tr> <tr> <td><input type="checkbox"/></td> <td><input type="checkbox"/></td> <td>Land-use planning</td> </tr> <tr> <td><input type="checkbox"/></td> <td><input type="checkbox"/></td> <td>Designation and development of reserves</td> </tr> <tr> <td><input type="checkbox"/></td> <td><input type="checkbox"/></td> <td>Development of ecological networks</td> </tr> <tr> <td><input type="checkbox"/></td> <td><input type="checkbox"/></td> <td>Planning of powerlines</td> </tr> <tr> <td><input type="checkbox"/></td> <td><input type="checkbox"/></td> <td>Planning of fences</td> </tr> <tr> <td><input type="checkbox"/></td> <td><input type="checkbox"/></td> <td>Planning of dams</td> </tr> <tr> <td><input type="checkbox"/></td> <td><input type="checkbox"/></td> <td>Other</td> </tr> </tbody> </table>	Yes	No		<input type="checkbox"/>	<input type="checkbox"/>	Economic development	<input type="checkbox"/>	<input type="checkbox"/>	Land-use planning	<input type="checkbox"/>	<input type="checkbox"/>	Designation and development of reserves	<input type="checkbox"/>	<input type="checkbox"/>	Development of ecological networks	<input type="checkbox"/>	<input type="checkbox"/>	Planning of powerlines	<input type="checkbox"/>	<input type="checkbox"/>	Planning of fences	<input type="checkbox"/>	<input type="checkbox"/>	Planning of dams	<input type="checkbox"/>	<input type="checkbox"/>	Other
Yes	No																											
<input type="checkbox"/>	<input type="checkbox"/>	Economic development																										
<input type="checkbox"/>	<input type="checkbox"/>	Land-use planning																										
<input type="checkbox"/>	<input type="checkbox"/>	Designation and development of reserves																										
<input type="checkbox"/>	<input type="checkbox"/>	Development of ecological networks																										
<input type="checkbox"/>	<input type="checkbox"/>	Planning of powerlines																										
<input type="checkbox"/>	<input type="checkbox"/>	Planning of fences																										
<input type="checkbox"/>	<input type="checkbox"/>	Planning of dams																										
<input type="checkbox"/>	<input type="checkbox"/>	Other																										

V. Policies on Satellite Telemetry

1	<p>In the current reporting period, has your country undertaken conservation/research projects that use satellite telemetry? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, please provide details (Indicate inter alia the scientific justification for the research, describe briefly the measures taken to ensure that risks to the welfare of individual animals and – in the case of severely depleted populations – to the species are minimised, and summarise the results obtained):</p>
2	<p>Are any future conservation/research projects planned that will use satellite telemetry? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, please provide details (including the expected timeframe for these projects):</p> <p>If No, please explain any impediments or requirements in this regard:</p>

VI. Membership

1	<p>Have actions been taken by your country to encourage non-Parties to join CMS and its related Agreements? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If Yes, please provide details. (In particular, describe actions taken to recruit the non-Parties that have been identified by the Standing Committee as high priorities for recruitment.)</p> <p>Egyptian posts have rallied nations that attended the most recent meeting regarding the MOU for Marine Turtles, encouraging those who haven't signed the MOU, to sign prior to the first meeting of signature states.</p>
1a	<p>Identify the agency, department or organization responsible for leading on this action in your country:</p> <p>Egyptian Environmental Affairs Agency</p>

VII. Global and National Importance of CMS

1	<p>Have actions been taken by your country to increase national, regional and/or global awareness of the relevance of CMS and its global importance in the context of biodiversity conservation? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If Yes, please provide details:</p> <p>National parks of Egypt provide information, awareness material, field visits to more than one and half million visitors. There are brochures, CD, video, field guides and other material.</p>
2	<p>Identify the agency, department or organization responsible for leading on this action in your country:</p> <p>Egyptian Environmental Affairs Agency</p>

VIII. Mobilization of Resources

1	<p>Has your country made financial resources available for conservation activities having direct benefits for migratory species in your country? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No</p> <p>If Yes, please provide details:</p> <p>Marine Turtles Species Protection Program (Administered by Egyptian Environmental Affairs Agency in cooperation with Suez Canal University)</p> <p>-----</p> <p>The Egyptian Government has provided funding since 1999 for the conservation of migratory waterbirds This includes partial funding for the Med-Wet Coast (Medwet Land Conserving Project).</p>
2	<p>Has your country made voluntary contributions to the CMS Trust Fund to support requests from developing countries and countries with economies in transition? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, please provide details:</p>
3	<p>Has your country made other voluntary financial contributions to support conservation activities having direct benefits for migratory species in other countries (particularly developing countries)? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, please provide details:</p>
4	<p>Has your country provided technical and/or scientific assistance to developing countries to facilitate initiatives for the benefit of migratory species? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, please provide details:</p>
5	<p>Has your country received financial assistance/support from the CMS Trust Fund, via the CMS Secretariat, for national conservation activities having direct benefits for migratory species in your country? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, please provide details:</p>
6	<p>Has your country received financial assistance/support from sources other than the CMS Secretariat for conservation activities having direct benefit for migratory species in your country? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No</p> <p>If Yes, please provide details:</p>

IX. Implementation of COP Resolutions and Recommendations

Please summarize the measures undertaken by your country to implement the substantive, operational Resolutions and Recommendations adopted by the Conference of the Parties, where these have not been mentioned elsewhere in this report, giving particular emphasis to those adopted by at the Sixth Meeting (Cape Town, November 1999).

Other remarks: nil

Annex: Questions on specific Appendix II species

The tables below contain the list of all species listed in Appendix II. Boxes have been checked to indicate the species for which your country is considered to be a Range State. Please amend the boxes where appropriate. (If you wish to provide further information on any of these species, please attach as an annex.) Please also provide published distribution references where available.

Species	Range State	Not a Range State	Extinct	No information available	Published distribution reference

All species of each of the Families below are listed in Appendix II. If your country is a Range State for any of the species in these Families, please enter the species name in the first column, under the relevant Family heading. Please indicate (with a 'X') whether your country is a Range State or the species is extinct and, where appropriate, please provide published distribution references. (Space is provided for ten species in each Family. If additional lines are required, please attach the information as an annex.)

Order FALCONIFORMES, Family Accipitridae			
<i>Accipiter brevipes</i>	<input checked="" type="checkbox"/> Range State	<input type="checkbox"/> Extinct	Goodman & Meininger (1989)
