CALL FOR SUPPORT FOR THE IMPLEMENTATION OF THE PROGRAMME OF WORK FOR THE INTERSESSIONAL PERIOD BETWEEN COP15 AND COP16

The Fifteenth Meeting of the Conference of the Parties to CMS (COP15, March 2026, Campo Grande) endorsed the Programme of Work for the intersessional period between COP15 and COP16 (POW) through [Resolution 15.1](#).

The POW, which is available [here](#), has been updated to reflect the numbering of the specific mandates adopted by COP15 as well as additional funding secured since its adoption. Minor corrections have also been made and are highlighted in the document.

The Secretariat invites Parties and other stakeholders to explore opportunities to allocate resources to support the implementation of the POW with priority given to activities planned for 2026 and 2027.

Please contact Ms. Laura Cerasi, Fundraising and Partnerships Officer, (laura.cerasi@un.org) and cms-secretariat@un.org to indicate your willingness to contribute to these efforts and for further information, as needed.
