Annex 1

Members of the Sessional Committee of the Scientific Council for the triennium 2018-2020

CMS COP11 decided that, for each intersessional period between two consecutive meetings of the Conference of the Parties, a representative selection of the membership of the Scientific Council, to be named the Sessional Committee of the Scientific Council, should be identified, composed of:
i) Nine COP-appointed members;
ii) Fifteen Party-appointed members selected within the Standing Committee geographic regions, as follows: three from Africa; three from Asia; three from Europe; three from Oceania; three from South and Central America and the Caribbean.
CMS COP12 further agreed on the possibility to identify from the pool of Party-appointed Councillors up to three alternate members for each region, who could replace permanently or temporarily a regular member from the region not in a position to continue to serve on the Sessional Committee in the intersessional period.

This page lists the members of the Sessional Committee and the alternates for the regions appointed by the Conference of the Parties at its 12th meeting (Manila, 23-28 October 2017).
