

2017 - NATIONAL REPORT OF PARTIES ON THE IMPLEMENTATION OF THE CONVENTION ON THE CONSERVATION OF MIGRATORY SPECIES OF WILD ANIMALS

The deadline for submission of the reports is 24 April 2017. The reporting period is from May 2014 to April 2017.

Parties are encouraged to respond to all questions. Parties are also requested to provide comprehensive answers, including, where appropriate, a summary of activities, information on factors limiting action and details of any assistance required.

The reporting format was agreed by the Standing Committee at its 40th Meeting (Bonn, November 2012) for mandatory use by Parties, for reports submitted to the Eleventh Meeting of the Conference of the Parties (COP11). The 45th meeting of the Standing Committee recommended the use of the same format for reports submitted to COP12, with necessary adjustments to take into account relevant COP11 decisions, in particular amendments to the Appendices and resolutions.

COP Resolution 9.4 adopted at Rome called upon the Secretariats and Parties of CMS Agreements to collaborate in the implementation and harmonization of online reporting implementation. The CMS Family Online Reporting System (ORS) has been successfully implemented and used by AEWA in their last Meeting of the Parties (MOP 5, 2012) reporting cycle. CMS now offers the Convention's Parties to use the ORS for submitting their national reports for the COP11 (2014) reporting cycle.

Please enter here the name of your country

> Syrian Arab Republic

Which agency has been primarily responsible for the preparation of this report?

> Ministry of Local Administration and Environment

Please list any other agencies that have provided input

- > • Ministry of Agriculture and Agrarian Reform(MAAR)
- General Commission for Agricultural Scientific Researches
- Ministry of high education / Aleppo&Tishreen Universities
- Syrian Society for Conservation of Wildlife (SSCW)

I(a). General Information

Please enter the required information in the table below:

Party

Date of entry into force of the Convention in your country
> 22/12/2002

Period covered
> 2014-2016

Designated National Focal Point

Full name of the institution
> Ministry of Local Administration and Environment

Name and title of designated Focal Point
> Eng. Belal ALHAYEK

Mailing address
> Damascus- yousef azma

Date of submission

> 01/05/2017

Implementation

Competent Authority:

> Ministry of Local Administration and Environment

Relevant implemented legislation:

- > • Environmental law no (12) year 2012
- Forest Law no (25) year 2007
- Hunting law no 152

Other relevant Conventions/ Agreements (apart from CMS) to which your country is a Party:

- > • African-Eurasian Migratory Water-Birds Agreement(AEWA)
- Agreement on the Conservation of Cetaceans of the Black Sea, Mediterranean Sea and Contiguous Atlantic (ACCOBAMS)

National policy instruments (e.g. national biodiversity conservation strategy, etc.):

- > 1- National Environmental Strategy, and the the environmental action plan for Syria.

- 2- National Strategy and Action Plan of Biodiversity, which adopted by the Higher Council of Environment Protection.
- 3- The National Action plan for land degradation and conserve the land.
- 4- The National Natural Reserve Conditions, which guid to establish the the protected areas.
- 5- National Strategy and Action Plan for Marine Biodiversity conservation –SAP-BIO 2002-2003. Four Action Plans resulted:
 - 1- National plan for the establishment and development of marine and coastal PAs.
 - 2- National plan for studying impact of invasive marine species and control for their effects.
 - 3- National plan for protection of sea turtles and their habitats on the Syrian coast.
 - 4- National plan for determining standards and specification of marine waters, and establishment of database for them.

Involvement of other government departments/NGOs/private sector

1. Which other government departments are involved in activities/initiatives for the conservation of migratory species in your country? (Please list.)

- > • Ministry of State for Environment Affairs
- Ministry of Agriculture and Agrarian Reform(MAAR)
- General Commission for Agricultural Scientific Researches
- Ministry of high education / Aleppo&Tishreen Universities
- NGOs
- Ministry of Water resources

2. If more than one government department is involved, describe the interaction/relationship between these government departments:

- > • Ministry of State for Environment Affairs: it puts the strategies and the action plans to protect the biodiversity especially the migratory species, nominates the reserve sites to announce them.
- Ministry of Agriculture and Agrarian Reform (MAAR): it is working on increase the number of protected areas along the line of bird migration.
- Ministry of water resources: it is working to conserve the wetlands especially, which is very important for migratory birds and announced by RAMSAR.
- Ministry of high education through its branches in all governorates: it does the required studies to define the threats on migratory species.
- Between all mentioned authorities there are coordination and cooperation

3. Has a national liaison system or committee been established in your country?

Yes

> >The committee was established from all governmental sectors and non-governmental organizations (NGOs) to collect all the information about the situation of migratory species.

4. List the main non-governmental organizations actively involved in activities/initiatives for the conservation of migratory species in your country, and describe their involvement:

> Syrian Society for Conservation of Wildlife (SSCW) that consists of specialists in all fields of biodiversity, especially migratory birds and constantly working with government department to conduct field surveys for the protection migratory species particularly birds.

4a. Please provide detail on any devolved government/overseas territory authorities involved.

> >General commission for conservation and development the BADIA: It is responsible for manage the natural reserves in BADIA as (Bald ibes natural resarve

5. Describe any involvement of the private sector in the conservation of migratory species in your country:

> >XXXXXXXXXXXXXX

6. Note any interactions between these sectors in the conservation of migratory species in your country:

> >XXXXXXXXXXXXXX

I(b). Information about involved Authorities

Identify the ministry, agency/department or organization that is responsible for leading actions relating to Appendix I species

1- Birds

- > 1-Ministry of Local Administration and Environment
- 2-Ministry of Agriculture and Agrarian Reform (MAAR) in co-operation with its relevant national institutions
- 3-Ministry of Water Resources
- 4-Syrian Society for The Conservation of Wildlife (SSCW)
- 5-Ministry of Higher Education / Aleppo University

2- Aquatic Mammals

- > - Ministry of Local Administration and Environment
- Ministry of Higher Education / Aleppo & Tishreen Universities:
- High Institute for Marine Research
- High Institute of Environmental Research
- Syrian Society for the Conservation of Wildlife (SSCW)
- Ministry of Water Resources

3- Reptiles

- > • Ministry of Local Administration and Environment
- Ministry of Higher Education: Damascus & Tishreen Universities
- Syrian Society for the Conservation of Wildlife (SSCW)

4- Terrestrial Mammals

- > 1-Ministry of Local Administration and Environment
- 2-Ministry of Agriculture and Agrarian Reform (MAAR) in co-operation with its relevant national institutions
- 3-Syrian Society for the Conservation of Wildlife (SSCW)

5- Fish

- > • Ministry of Local Administration and Environment
- Ministry of Agriculture and Agrarian Reform (MAAR) in co-operation with its relevant national institutions
- Ministry of Higher Education / Tishreen University
- Ministry of Water Resources
- Syrian Society for the Conservation of Wildlife (SSCW)

II. Appendix I species

1. BIRDS

1.1 General questions on Appendix I bird species

1. Is the taking of all Appendix I bird species prohibited by the national implementing legislation cited in Table I(a) (General Information)?

Yes

1a. If the taking of Appendix I bird species is prohibited by law, have any exceptions been granted to the prohibition?

No

2. Identify any obstacles to migration that exist in relation to Appendix I bird species:

Habitat destruction

Pollution

2a. What actions are being undertaken to overcome these obstacles?

> more enforcement to habitat protection where possible

3. What are the major pressures to Appendix I bird species (transcending mere obstacles to migration)?

Illegal trade

Other

> hunting

3b. Please report on the progress / success of the actions taken.

> updating the Hunting Law has completed the final draft that needs the final legal step to be approved and issued

1.2 Questions on specific Appendix I bird species

In the following section, using the table format below, please fill in each Appendix I bird species for which your country is considered to be a Range State. Please complete each table as appropriate, providing information in summary form. Where appropriate, please cross-reference to information already provided in national reports that have been submitted under other conventions (e.g. Convention on Biological Diversity, Ramsar Convention, CITES). (Attach annexes as necessary.)

Species name: *Otis tarda*

2a. Summarise information on population size (if known):

decreasing

2b. Summarise information on distribution (if known):

unclear

4. If no activities have been carried out for this species in the reporting period, what has prevented such action being taken?

> current situation in the areas of distribution

III. Appendix II Species

1. INFORMATION ON APPENDIX II SPECIES

Information pertaining to the conservation of Appendix II species that are the object of CMS Agreements will have been provided in periodic Party reports to those instruments. It will suffice therefore to reference (below), and preferably append, a copy of the latest report that has been submitted to the Secretariat of each of the Agreement/MoUs to which your country is a Party.

AEWA (1999)

Date of last report:
> >2012

Period covered
> >2009-2011

2. QUESTIONS ON CMS AGREEMENTS

Questions on the development of new CMS Agreements relating to Bird Species

1. In the current reporting period, has your country **initiated** the development of any CMS Agreements, including Memoranda of Understanding, to address the needs of Appendix II Bird Species ?

Yes

If Yes, what is the current state of development?

> >Seeking final Governmental approval of joining Raptors MoU in order to endorse and sign the MoU.

2. In the current reporting period, has your country **participated** in the development of any new CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II Bird Species ?

No

4. Is the development of any CMS Agreement for Bird Species, including Memoranda of Understanding, planned by your country in the foreseeable future?

No

Questions on the development of new CMS Agreements relating to Marine Mammal Species

1. In the current reporting period, has your country **initiated** the development of any CMS Agreements, including Memoranda of Understanding, to address the needs of Appendix II Marine Mammal Species ?

No

Questions on the development of new CMS Agreements relating to Marine Turtle Species

1. In the current reporting period, has your country **initiated** the development of any CMS Agreements, including Memoranda of Understanding, to address the needs of Appendix II Marine Turtle Species ?

No

2. In the current reporting period, has your country **participated** in the development of any new CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II Marine Turtle Species ?

No

4. Is the development of any CMS Agreement for Marine Turtle Species, including Memoranda of Understanding, planned by your country in the foreseeable future?

No

Questions on the development of new CMS Agreements relating to Terrestrial Mammal (other than bats) Species

1. In the current reporting period, has your country **initiated** the development of any CMS Agreements, including Memoranda of Understanding, to address the needs of Appendix II Terrestrial Mammal (other than

bats) Species ?

No

2. In the current reporting period, has your country **participated** in the development of any new CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II Terrestrial Mammal (other than bats) Species ?

No

4. Is the development of any CMS Agreement for Terrestrial Mammal (other than bats) Species, including Memoranda of Understanding, planned by your country in the foreseeable future?

No

Questions on the development of new CMS Agreements relating to Bat Species

1. In the current reporting period, has your country **initiated** the development of any CMS Agreements, including Memoranda of Understanding, to address the needs of Appendix II Bat Species ?

No

2. In the current reporting period, has your country **participated** in the development of any new CMS Agreements, including Memoranda of Understanding, which address the conservation needs of Appendix II Bat Species ?

No

4. Is the development of any CMS Agreement for Bat Species, including Memoranda of Understanding, planned by your country in the foreseeable future?

No

3. LISTING OF MIGRATORY SPECIES IN APPENDIX II

1. Is your country a Range State for any migratory species that has an unfavourable conservation status, but is not currently listed in Appendix II and could benefit from the conclusion of an Agreement for its conservation?

N.B.: States in which a species occurs as a vagrant (i.e. not "on its normal migration route") should not be treated as Range States. Please refer to Article 1 of the Convention for clarification.

No

IV. National and Regional Priorities

1. What priority does your country assign to the conservation and, where applicable, sustainable use of migratory species in comparison to other biodiversity-related issues

Medium

2. Are migratory species and their habitats addressed by your country's national biodiversity strategy or action plan?

Yes

2.1. If Yes, please indicate and briefly describe the extent to which it addresses the following issues:

Conservation, sustainable use and/or restoration of the habitats of migratory species, including protected areas

> define what areas are important for the conservation of which species of the migratory species.

Research and monitoring of migratory species

3. Does the conservation of migratory species currently feature in any other national or regional policies/plans (apart from CMS Agreements)

Yes

3a. Do these policies/plans cover the following areas?

Exploitation of natural resources (e.g. fisheries, hunting, etc.)

Yes

If Yes, please provide details

> >Hunting Laws and Hunting Management Action Plan

Economic development

Land-use planning

Yes

Pollution control

Yes

Designation and development of protected areas

Yes

Development of ecological networks

No

Planning of power lines

Yes

If Yes, please provide details

> Guidelines for establishing new Power Lines and Energy Establishments are being in the process of preparation

Planning of fences

Planning of fences

No

Planning of dams

Yes

V. Protected Areas

1. Are migratory species taken into account in the selection, establishment and management of protected areas in your country?

Yes

If Yes, please provide details:

> >NBI PA was established specifically to the protection of the Species, Other sites such as Jabbul IBA as well as several IBAs were the basis for choosing some of the sites to be designated as PAs

1a. Please identify the most important national sites for migratory species and their protection status:

> Aljaboul Lake: is the important site for migratory birds , every year it has more than 20.000 birds. for 2013-2016 period , it had bad activities due it was near the terrorist.

1b. Do these protected areas cover the following areas?

Terrestrial

Yes

Aquatic

Yes

Marine

Yes

1c. Identify the agency, department or organization responsible for leading on this action in your country:

> MAAR, MLAE

VI. Policies on Satellite Telemetry

1. In the current reporting period, has your country undertaken conservation/research projects that use satellite telemetry?

No

2. Are any future conservation/research projects planned that will use satellite telemetry?

No

If Yes, please provide details (including the expected timeframe for these projects):

> successful Breeding of North Bald Ibis will initiate attach tags for the fledged birds!!

VII. Membership

1. Have actions been taken by your country to encourage non- Parties to join CMS and its related Agreements?

No

VIII. Global and National Importance of CMS

1. Have actions been taken by your country to increase national, regional and/or global awareness of the relevance of CMS and its global importance in the context of biodiversity conservation?

Yes

If Yes, please provide details:

> responding to corresponding needs and actions where needed and arrange advocacy work with other institutions

2. Identify the agency, department or organization responsible for leading on this action in your country:

> Directorate of Biodiversity and Protected Areas and Lands at the Ministry of Local Administration and Environment (MLAE)

IX. Mobilization of Resources

2. Has your country made voluntary contributions to the CMS Trust Fund to support requests from developing countries and countries with economies in transition?

No

3. Has your country made other voluntary financial contributions to support conservation activities having direct benefits for migratory species in other countries (particularly developing countries)?

No

4. Has your country provided technical and/or scientific assistance to developing countries to facilitate initiatives for the benefit of migratory species?

No

6. Has your country received financial assistance/support from sources other than the CMS Secretariat for conservation activities having direct benefit for migratory species in your country?

No

If Yes, please provide details (Indicate the migratory species that have benefited from these activities):

> >MSB Project to mainsteam the conservation and protection activities for the targeted MSBs within the hunting and agriculture sectores

X. Implementation of COP Resolutions and Recommendations

Please provide information about measures undertaken by your country relating to recent Resolutions and Recommendations since the last Report. For your convenience please refer to the list of COP Resolutions and Recommendations listed below:

Strategic and Institutional Matters

Capacity Building Strategy (Res. 9.12 / Res. 10.6)

> Syria is prepared the draft of strategy, which referred to the national priorities, classification of targets, important needs for training and raise up capacities.

Strategic Plan for Migratory Species 2015-2023 (Res. 11.2)

> Syria is in preparation stage of this strategy, due the lack of specialists in this side, We have only one person (Dr. Nabegh Gazal Aswad).

Annex: Updating Data on Appendix II Species

1. The drop-down lists below contain the list of all species listed in Appendix II. Parties which did not submit a National Report in 2014 are requested to complete the entire form. Parties that did submit a report in 2014 are requested to review and update the data (e.g. new published distribution references and details concerning species added to Appendix II at COP11).

Range State

Ficedula semitorquata

Choose the one that applies.

Range State

Hippolais languida

Choose the one that applies.

Range State

Hippolais olivetorum

Choose the one that applies.

Range State

Irania gutturalis

Choose the one that applies.

Range State

Locustella fluviatilis

Choose the one that applies.

Range State

Locustella luscinioides

Choose the one that applies.

Range State

Locustella naevia

Choose the one that applies.

Range State

Luscinia luscinia

Choose the one that applies.

Range State

Luscinia megarhynchos

Choose the one that applies.

Range State

Luscinia svecica

Choose the one that applies.

Range State

Monticola saxatilis

Choose the one that applies.

Range State

Monticola solitarius

Choose the one that applies.

Range State

Oenanthe cyprica

Choose the one that applies.

Range State

Oenanthe deserti

Choose the one that applies.

Range State

Oenanthe finschii

Choose the one that applies.

Range State

Oenanthe hispanica

Choose the one that applies.

Range State

Oenanthe isabellina

Choose the one that applies.

Range State

Oenanthe leucopyga

Choose the one that applies.

Range State

Oenanthe oenanthe

Choose the one that applies.

Range State

Oenanthe pleschanka

Choose the one that applies.

Range State

Oenanthe xanthopyrna

Choose the one that applies.

Range State

Panurus biarmicus

Choose the one that applies.

Range State

Phoenicurus ochruros

Choose the one that applies.

Range State

Phoenicurus phoenicurus

Choose the one that applies.

Range State

Phylloscopus collybita

Choose the one that applies.

Range State

Phylloscopus orientalis

Choose the one that applies.

Range State

Phylloscopus sibilatrix

Choose the one that applies.

Range State

Phylloscopus trochilus

Choose the one that applies.

Range State

Regulus ignicapillus

Choose the one that applies.

Range State

Regulus regulus

Choose the one that applies.

Range State

Saxicola rubetra

Choose the one that applies.

Range State

Sylvia atricapilla

Choose the one that applies.

Range State

Sylvia borin

Choose the one that applies.

Range State

Sylvia communis

Choose the one that applies.

Range State

Sylvia conspicillata

Choose the one that applies.

Range State

Sylvia curruca

Choose the one that applies.

Range State

Sylvia melanocephala

Choose the one that applies.

Range State

Sylvia mystacea

Choose the one that applies.

Range State

Sylvia nana

Choose the one that applies.

Range State

Sylvia nisoria

Choose the one that applies.

Range State

Sylvia rueppelli

Choose the one that applies.

Range State

Turdus iliacus

Choose the one that applies.

Range State

Turdus merula

Choose the one that applies.

Range State

Turdus philomelos

Choose the one that applies.

Range State

Turdus pilaris

Choose the one that applies.

Range State

Turdus torquatus

Choose the one that applies.

Range State

Order ANSERIFORMES, Family ANATIDAE

Anas anser

Choose the one that applies.

Range State

Anas erythropus

Choose the one that applies.

Range State

Anas erythrorhyncha

Choose the one that applies.

Range State

Anas fabalis

Choose the one that applies.

Range State

Anas falcata

Choose the one that applies.

Range State

Anas ferina

Choose the one that applies.

Range State

Anas ferruginea

Choose the one that applies.

Range State

Anas fuligula

Choose the one that applies.

Range State

Anas platyrhynchos

Choose the one that applies.

Range State

Anas rufina

Choose the one that applies.

Range State

Anas strepera

Choose the one that applies.

Range State

Anas tadorna

Choose the one that applies.

Range State

Anser albifrons

Choose the one that applies.

Range State

Anser anser

Choose the one that applies.

Range State

Anser erythropus

Choose the one that applies.

Range State

Aythya ferina

Choose the one that applies.

Range State

Aythya nyroca

Choose the one that applies.

Range State

Branta albifrons

Choose the one that applies.

Range State

Bucephala clangula

Choose the one that applies.

Range State

Marmaronetta angustirostris

Choose the one that applies.

Range State

Mergellus albellus

Choose the one that applies.

Range State

Mergus serrator

Choose the one that applies.

Range State

Netta rufina

Choose the one that applies.

Range State

Oxyura leucocephala

Choose the one that applies.

Range State

Tadorna ferruginea

Choose the one that applies.

Range State

Tadorna tadorna

Choose the one that applies.

Range State

Order CHARADRIIFORMES, Family RECURVIROSTRIDAE

Himantopus himantopus

Choose the one that applies.

Range State

Recurvirostra avosetta

Choose the one that applies.

Range State

Order CHARADRIIFORMES, Family CHARADRIIDAE

Charadrius alexandrinus

Choose the one that applies.

Range State

Charadrius dubius

Choose the one that applies.

Range State

Charadrius gregarius

Choose the one that applies.

Range State

Charadrius leschenaultii

Choose the one that applies.

Range State

Charadrius leucurus

Choose the one that applies.

Range State

Charadrius morinellus

Choose the one that applies.

Range State

Pluvialis apricaria

Choose the one that applies.

Range State

Pluvialis squatarola

Choose the one that applies.

Range State

Vanellus gregarius

Choose the one that applies.

Range State

Vanellus indicus

Choose the one that applies.

Range State

Vanellus leucurus

Choose the one that applies.

Range State

Vanellus spinosus

Choose the one that applies.

Range State

Vanellus vanellus

Choose the one that applies.

Range State

Order CHARADRIIFORMES, Family SCOLOPACIDAE

Calidris alba

Choose the one that applies.

Range State

Calidris alpina

Choose the one that applies.

Range State

Calidris minuta

Choose the one that applies.

Range State

Calidris temminckii

Choose the one that applies.

Range State

Gallinago gallinago

Choose the one that applies.

Range State

Gallinago media

Choose the one that applies.

Range State

Limicola falcinellus

Choose the one that applies.

Range State

Limosa lapponica

Choose the one that applies.

Range State

Limosa limosa

Choose the one that applies.

Range State

Lymnocyptes minimus

Choose the one that applies.

Range State

Numenius arquata

Choose the one that applies.

Range State

Numenius phaeopus

Choose the one that applies.

Range State

Phalaropus lobatus

Choose the one that applies.

Range State

Philomachus pugnax

Choose the one that applies.

Range State

Scolopax rusticola

Choose the one that applies.

Range State

Tringa cinerea

Choose the one that applies.

Range State

Tringa erythropus

Choose the one that applies.

Range State

Tringa glareola

Choose the one that applies.

Range State

Tringa nebularia

Choose the one that applies.

Range State

Tringa ochropus

Choose the one that applies.

Range State

Tringa stagnatilis

Choose the one that applies.

Range State

Tringa totanus

Choose the one that applies.

Range State
